IMPORTANT! Portland Water Bureau will require backflow protection to be installed at the service connection to the premises where rainwater harvesting and/or collection and reuse water facilities are installed. Other water uses and/or equipment may carry this requirement as well. See the document "Backflow Assembly Installation Requirements".  
[www.portland.gov/water/backflow-prevention/backflow-assembly-installation-requirements](http://www.portland.gov/water/backflow-prevention/backflow-assembly-installation-requirements)
