Finally! The plan is a great start, and yes better late than never.

I do want to highlight three components of (or to) the plan that worked on IMMEDIATELY:

- 1) ORGANIZE TRASH PICKUP. I have been biking a lot in Portland lately and we look worse than a third world city.
- 2) Provide a lot more garbage bins/dumpsters and porter potties to the he current homeless sites.
- 3) Help/incentivize the homeless pick up the trash around their camps and the abandoned site.
