Subject: Mayor's Homeless Plan
Date: Monday, October 24, 2022 6:19:55 PM

Please approve the mayor's plan to address homelessness in our city. This should have been put into place 2 years ago! Our city is unsafe, dirty and an embarrassing. The homeless need living options and support including mental health treatment. Waiting for more permanent housing is untenable for neighborhoods at this point.

The plan needs to be expedited as quickly as possible. I am quite disappointed in the slow pace of opening the Safe Rest Villages and I fear that this plan will creep along at a similar pace.

Thank you,
