To whom it may concern (which hopefully is everyone in Portland Oregon!)

End camping now.

Individuals who refuse must face legal consequences.

Prioritize mental health and addiction services for the unhoused, also value and pay the providers.

Use every resource possible to remove trash throughout the city, NOW!

We cannot wait for change.

Take action now!

Review how the enormous amount of money available to address homeless is being spent, provide seamless accountability.

Give Portlanders an opportunity to be hopeful that we will once again feel a sense of pride in our beautiful city.

Take action now!
