**Subject:** Feedback on Unsanctioned Camping Ban  
**Date:** Monday, October 24, 2022 8:47:21 PM

---

Thank you for undertaking this important step towards solving our homeless crisis in/around Portland

I support banning unsanctioned camping. No one should be camping on our streets regardless of season, day, time, and location.

I support campuses located outside of high density neighborhoods with required substance abuse and mental health treatment and services.

I support well-run and operated campuses and high barrier shelters such as Bybee Lakes.

I support campuses with required and enforceable rules and regulations, relevant mental health and substance abuse treatments, and safety and security protocols.
