I fully support sanctioned camping it's time that our children can walk safely and play the neighborhoods without garbage, needles, and feces. Please I support anything that removed camps from the neighborhoods and into designated places where facilities can be provided. Please I've been living in a nightmare for the past 2.5 years. I do not feel safe at night with the homeless camp right outside my driveway. I no longer feel safe in my own home knowing that no one can help me. I support any all measures. Thank you for your time.
