Hi my Heather I have lived in the Lent's area for over 10 years and over the years the houseless had gotten worse. How can you make a law that has already been made about illegal camping ? You have done nothing over illegal camping you say we cant have them arrested okay they are making Portland gross we are losing out on company's coming here because of the homeless and crime they cause. Home owners who have lived here for years are moving because of the houseless and they crimes they cause. Mr. Wheeler you need to resign you have not done anything for two terms I will not be voting for you nest term I want better portland.

Thank you

Heather
