In the past two years driving to work downtown I've seen a dead body, dumpster fires, and naked mental breakdowns.

I don't want to walk my toddler downtown anymore.

That's why I write in support of agenda items 899-903.

As an attorney working in downtown with my partner working in commercial office leasing, my priority for the livelihood of my family is for the city council to unanimously support the plan to *end unsanctioned camping in our city*. It is cruel to both our houseless community and our local small businesses to allow the conditions we see on our streets to continue any longer

Our family wants to continue to work and enjoy life downtown as we have for the last decade in a safe and clean environment. Don't let us become one of the many families who have fled work and play in Portland for greener pastures elsewhere.
