Subject: Wheelers Proposal - Crime, Garbage and Instability
Date: Tuesday, October 25, 2022 10:56:30 AM

Hello,

I am a 31yr old female and live on Naito Parkway and enjoy walking along the waterfront and enjoying the city, however I needed to stop due to the multiple times I have been followed, yelled at and assaulted by people living in two places:

- Under the Sellwood bridge
- At the shelter at River District Navigation Center

This has shown that there has not been proper security, and assistance in both camping or the shelter.

I have called the non-emergency line multiple times that Portland implemented for mental health care and no one arrived. I have called the cops and no one arrives.

No one is helping. When we voted on this before, Portland was supposed to improve, it has been going backwards and is becoming an embarrassment of our state.

Christy Wright
