Subject: wheeler"s homeless plan is missing two key drivers for success
Date: Tuesday, October 25, 2022 12:17:45 PM

- 1) The government cannot in this day and age of huge deficits, deliver programs without funding them up front. How does he intend to pay for this program?
- 2) If it's one theme I learned from studyingn econ, it is that people respond to incentives & disincentives. I fail to see how Wheeler's program provides disincentives for the homeless to congregate with city limits.
