Enough already! Make outdoor camping in the city illegal, BUT, huge BUT!!, the city should purchase ALL empty hotel/motels and provide all of the mental health, including addiction intervention, and long term psychotherapy to help ALL of these people to find a purpose for their lives so that they can feel good!! Come on, the only way to solve this crisis is to get to the bottom of it, finally. Band-aids aren't going to do it!! Also accept neurodiverse people as belonging!!!
