18 months is WAY TOOOOOO LONG to make us wait, to get our city back. Do something, and do it FASTER.

People are leaving Portland in droves. Sellers can't wait to get rid of their condos; people are selling at a loss to get out of this trashy, dirty, drug-filled city. I would move in a minute if I could.

Again, you will KILLLLL this city if you take another 18 months to get the campers/sleepers off our sidewalks.
