Here is my comment about the Unsanctioned Camping Ban...

<!--[if !supportLists]-->• <!--[endif]-->How is the city going to enforce the ban? Are you expecting to send our short staffed, hands-tied, exhausted, and bullied in the workplace men and woman in blue?

<!--[if !supportLists]-->• <!--[endif]-->Why did city commissioners J. Hardesty and C. Rubio vote neither for nor against the camping ban...COWARDS! How do they get away with not having an opinion?

<!--[if !supportLists]-->• <!--[endif]-->If you build it they will come. STOP building non-income housing and START building affordable housing for the working class. This way you get more tax money, duh.

<!--[if !supportLists]-->• <!--[endif]-->Cut Central City Concerns budget. This agency LOVES to keep people repressed and lying in the gutter.

<!--[if !supportLists]-->• <!--[endif]-->Plan on being sued more Portland; the ADA is just the beginning of the tidal wave of lawsuits to come. Your decision-making or lack thereof has hurt so many people, small business... you name it.

<!--[if !supportLists]-->• <!--[endif]-->We need an all-new, fresh, smart, savvy Portland City Government. Nothing you decide will work, because you don't know your ass from a hole in the ground.

Take Care – So happy I moved out of this god-forsaken city in August.
