Subject: What is a ghetto?

Hello The City of Portland,

I am a lifelong Portlander having been born here in 1982. If one looks up the definition of "ghetto" one finds a definition comparable to the plan to round up and move an economically impoverished population of people into specific quarters of the city of roses.

Creating ghettos in Portland is a failure of leadership, a testament to Mayor Wheeler's tenure.

Sincerely,

John Mackin
