Subject: Do Something about Homeless Camps
Date: Tuesday, October 25, 2022 6:00:10 PM

To Portland City Council,

Please do SOMETHING about the homeless camping in our city. You are ruining our city for businesses, tourists and the many residents who love visiting. But most important, you are not using the tax money given to you by metro residents to help the very people you have promised to help!

We need to solve the homeless problem with services (drug, alcohol rehab, MENTAL HEALTH), just finding them housing is not the answer.....you have the money...be brave and come up with a plan. Homeless camps are not the answer and SHAME ON YOU for supplying the houseless with tents....

Please support the proposed resolutions (899-903) to save lives, restore safety and to clean up our city. This is a long overdue!

Respectfully,
Nancy Bolton
