Subject: Not safe!
Date: Tuesday, October 25, 2022 7:25:39 PM

Our city has become unsafe for residents on both sides of the unsanctioned camping conversation. Working in downtown isn't safe for me and my co-workers and it also isn't safe for the people living in unsanitary conditions with rampant violence and a culture that turns its back on mental illness and substance use disorders.

Stop unsanctioned camping and put tax payer money to work providing immediate shelter and services.
