To Whom It May Concern:

The subject line of our email says it all - as property owners and taxpayers in Oregon we are quite frankly tired and speaking up in opposition to the inhumane conditions and the trash, crime, safety issues, lawlessness etc., in Oregon - and we are not alone.

More and more people are talking about how those who don't pay taxes or follow the law have more 'rights' than the law abiding tax paying citizens in Oregon.

We live in the Jantzen Beach area. Now, due to crime and safety issues, Cracker Barrel has closed, Stanford's have closed, boats have been sunk in the Columbia by homeless folks that were leaking toxins which just cost millions to pull out - what next? Interestingly enough, we can look across the I-5 bridge into Washington and see positive progress over there. Currently, Oregon is a fizzle, a failure, and a flop!

Listen up Politicians, quite frankly speaking, it's time to Stop talking and it's time to Start fixing all your messes!

Sincerely,  
L. Haseman
