Thank you for your recent proposal to ban unsanctioned camping in our formerly beautiful and livable city . Portlad is a mess, with the homeless camps and lawlessness. I never venture anywhere near or in downtown.

Unsanctioned camping is inhumane for campers and severely impacts surrounding neighborhood residents.

Please offer sanctioned camping areas with police protection, mental health and addiction services.

Sincerely,

Margaret McRoberts

PS- We've been telling friends not to visit us due to the condition Portland is in.
