Be ready and expect resistance.

Many of the folks on the streets are criminals and drug addicts. Period. There is no way around this. These people need jail or rehab or both. They need time to come down off the drugs. Which they haven't been able to do since the legalization of hard drugs in our city. There may be no coming back for these people. They need to pay the consequences of bad decisions. Time to pay taxes and live as a participating member of society. Instead of taking our hard earned tax dollars to constantly clean up their disgusting messes left behind. I work hard to stay safe and afford to live a decent life. I grew up poor and I don't make these crappy decisions. Time to face the consequences.

Sincerely

Tax paying citizen of 2 or more jobs.
