To whom it may concern.

Unfortunately, I was unable to testify today in support of the Mayor's plan for the unhoused.

I want to send this email to cast my support behind his plan.

Even though nothing is perfect this is by far the best news a small minority business owner can hope for Portland.

We need to find ways to support the unhoused with housing, mental health facilities and to treat and protect those we are facing addiction issues.

The plan will create a safer environment for the unhoused.

The plan will give hope to the people who live and to those who work in Portland.

We need to bring back livability to Portland. Livability for everyone.

This plan gives hope.

I haven't had hope for Portland for many years.

The Mayor and his plan gives so many of us hope.
