Dear Mayor Wheeler, Thank you for taking action toward our city's homelessness crisis. I live in N. Portland and I feel the steps you are taking are long overdue. I realize many people are scared that they will be forced into assistance that they don't want, but, much like a parent, we can't always cave to our children's wishes. I just voted for Tina Kotek, Rene Gonzales, and Sharon Meiran and am hopeful that their victories will assist you in this monumental task. Stay strong, and good luck, Catherine Coppett
