NOW, THEREFORE, the Council directs:

- A. That it is hereby declared that it is necessary to acquire the property rights described and depicted in Exhibits 1 through 134 to this Ordinance for the Project, for which the City is authorized by law to acquire property, and that the Project has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury.
- B. That the Director of the Bureau of Transportation or designee and/or City Attorney are authorized to acquire necessary permanent and temporary rights for the Project under the eminent domain authority of the City, including negotiating just compensation with property owners, offering relocation benefits, and filing an action to acquire the property rights described herein, all within available Project budget funds. This authorization is not intended to expand the jurisdiction of any court to decide matters determined above or determinable by the City Council.

## Impact Statement

### Purpose of Proposed Legislation and Background Information

The City of Portland may exercise the power of eminent domain pursuant to Sections 1-101 and 9-108 of the City Charter and in accordance with eminent domain procedures provided for in ORS Chapter 35 (Eminent Domain; Public Acquisition of Property), including those procedures that apply to notification, valuation, negotiation, relocation and early possession if necessary, when the exercise of such power is deemed necessary by the City Council to accomplish public purposes for which the City has responsibility.

The City of Portland has the responsibility of providing safe transportation routes for commerce, convenience, and to adequately serve the traveling public.

The Jade and Montavilla Multimodal Improvements Project (the "Project") will construct missing sidewalks and ADA ramps, provide pedestrian crossings, and improve bicycle and pedestrian access to and across 82<sup>nd</sup>

Avenue.

To accomplish the Project set forth above, it is necessary to acquire the following property rights described and depicted in Exhibits 1 through 134, attached to this Ordinance and by this reference incorporated herein.

All affected property owners have been contacted and informed as to the City's need for certain private property rights related to completion of the Project. All affected property owners have been invited, by mailing, to attend the reading of this agenda item.

## **Financial and Budgetary Impacts**

Property values and relocation benefits associated with the property acquisitions have not yet been quantified since negotiations are not completed; however, an estimate for the right of way phase has been budgeted in the Transportation System Operating Fund. The level of confidence for the estimate is low to moderate.

Funds are available in the Transportation System Operating Fund Adopted Budget, FY 2022-23 Budget, SAP #T00710. Funding sources include federal and Transportation System Development Charges.

This legislation does not affect staffing levels nor result in a new or modified financial obligation or benefit now or in the future.

If City Council does not approve the ordinance, construction of the Project will not be feasible as planned due to lack of property rights needed to make the improvements.

## **Community Impacts and Community Involvement**

- The Project was originally proposed by the Jade and Montavilla community, and meetings have been held with neighborhood associations in the Project area.
- The Project team has been in contact with property owners, and broader outreach will continue through Fall 2022.
- Pedestrian, bike, and transit projects are typically non-controversial and supported by neighbors and the broader community.

## **Budget Office Financial Impact Analysis**

This legislation authorizes PBOT to acquire requisite property rights for the construction of the Jade and Montavilla Multimodal Improvements Project. As negotiations are ongoing, PBOT cannot yet quantify the fiscal impact. However, the Bureau has dedicated funds available within the project budget approved within the FY2022-23 Adopted Budget.
