Group Agreements:

- **Listen to understand, not to respond.** Listen for learning opportunities. Do not prepare a response; just listen.
- **W.A.I.T:** Use self-awareness by asking yourself “Why Am I Talking?” Remember everyone has the right to share their ideas, but not everyone always has the opportunity.

- **Assume good intentions but attend to impact.** We are all good people looking to collaborate for better outcomes. Not all good intentions lead to good outcomes; If someone is hurt, focus on listening and understanding the impact, not on the intent.
- **Be willing to make mistakes and be forgiving of those who do.** Forgiveness fosters safety so we can all take risks. We make mistakes, even with good intentions. By making mistakes, we ultimately learn how to do things better.
- **Allow for, and appreciate, disagreement of opinions, ideas, methods – respectfully.** Don't interrupt someone just because you disagree with them. Listen to understand; you may find you have something in common. Critique ideas, not people.
- **Personal stories stay, lessons can be shared.** After the meeting, comments, ideas and thoughts will be attributed to any individual – this is a group learning process. If you share a personal story, let people know if or how your story can be shared.
- **Speak clearly and concisely and use audio amplification to ensure all can hear.**
