Re: Our Client: Eric Cloe
DOL: 12/07/2022

To Whom It May Concern:

This letter is intended to give you notice pursuant to ORS 30.260-269 of our intention to bring a claim against the City of Portland for their negligence for injuries and damages caused to our client at the Veterans Memorial Coliseum.

On December 07, 2022, Erik fell down the stairs while attending a Winterhawks hockey game. The inadequate lighting and lack of handrails made it difficult for Erik to navigate the stairs. As a result of the fall, our client was injured.

A claim for damages against each of these public entities will not exceed the \$633,300.00 damages limitation of ORS 30.272(2). All further contact should be through this office.

Thank you.

Regards,

Marah Callahan
