Portland, March 11<sup>th</sup> 1897

Gentlemen of the Portland City Council: I herewith return Ordinance No 10170 providing for the appointment of a watchman and janitors for the New City Hall with my disapproval, in the hope that you will provide for the lighting, heating and care of the City Hall at a great<sup>deal</sup> less expense than contemplated. As now contemplated, the lighting and heating of the City Hall would amount to \$83000 and the care of it to \$8240 a year making a total of \$91240 per year. By purchasing a dynamo, and taking charge of the whole matter the city can very greatly reduce expenses as the following figures will show

|               |          |     |              |
|---------------|----------|-----|--------------|
| Int on dynamo | per year | \$4 | 32           |
| Wood          | " "      |     | 600          |
| Engineer      | " "      |     | 720          |
| Watchman      | " "      |     | 600          |
| 3 Janitors    | " "      |     | 1800         |
|               |          |     | Total \$3752 |

showing a saving per year of \$82488. No arrangement ought to be made for lighting and heating the City Hall which does not provide for running one of the elevators. This could be provided for and a saving of about \$2000 could be effected by the City doing its own lighting and heating which I recommend.

MAYOR

OF THE CITY OF PORTLAND,

Portland, March 10<sup>th</sup> 1897

Gentlemen of the Portland Common Council; I herewith submit with my approval Ordinance No 10176 authorizing Committee on accounts and current expenses to enter into contract with Portland General Electric Co for the lighting heating and ventilating the City Hall Building. This ordinance authorizes the payment of \$250 per month for such services as are now rendered by that company and for which it has been receiving heretofore \$415 per month. To perform such services the company is now at an outlay, exclusive of lighting, of \$60 per month for wages and \$70 per month for engineer which <sup>making</sup> makes a total of ~~\$130~~ to which add \$815 per month for lighting, <sup>making a total</sup> ~~aggregating~~ of \$945 per month for which outlay the ordinance proposes to pay \$250 or a clear gift of \$695 per month. The municipality of Portland is not supposed to be an eleemosynary corporation, <sup>but</sup> and even if it were, the Portland General Electric Co, which is now <sup>receiving</sup> ~~receiving~~ from 80 to 40 thousand dollars a year more than it ought to receive for lighting the city, ought really to have modesty enough to ~~now~~ step aside and let some other mendicant have this small gratuity if it is to be bestowed. By purchasing a dynamo, and employing its own engineer the city can at least save \$1000 a year, which ought to be saved & furthermore no arrangement ought to be made in this regard which does not provide for running the elevator &

ORDINANCE No. 10183

An Ordinance providing for the time and manner of improving

*Mechanic* street, from the *east* line of  
*Union Avenue* street to the *west* line of *East Ninth* street.

Whereas, due and legal notice of the proposed improvement of

*Mechanic* street, from the *east* line of *Union Avenue*  
street to the *west* line of *East Ninth* street,

pursuant to the petition of more than one third of the owners of property affected thereby, and the order of the Common Council, having been given by publication as required by law, and no legal remonstrance thereto having been made and filed by owners of property affected by said proposed improvement, therefore

THE CITY OF PORTLAND DOES ORDAIN AS FOLLOWS:

SECTION 1. That *Mechanic* street, from the *east* line of  
*Union Avenue* street to the *west* line of *East Ninth*  
street, shall be improved in the manner and within the time hereinafter provided.

SECTION 2. The said improvement shall consist of *grading the street to the proper grade, laying sidewalks with six foot covering planks and box gutters across the streets and by gravelling the roadway full width in accordance with the provisions of Section 13 of Ordinance No 9283. Said improvement to be made in conformity with the charter ordinances and regulations of the City of Portland*

SECTION 3. The said improvement shall in all respects be done and completed in conformity with the provisions of Ordinance No. 9283, entitled, an ordinance in relation to the improvement of streets, except as otherwise provided by this ordinance.

SECTION 4. The surface of the street shall be cleared of all timbers, planks or other obstructions, excepting such sidewalks, crosswalks and plank roadways of the proper width, as are in good condition, and are on the established grade, and which are not included in the estimate of the City Surveyor for said improvement.

If the obstructions are not removed by the owners of the adjacent property within three days after notice from the Superintendent of Streets, they shall be removed by and become the property of the contractor.

SECTION 5. The contractor or contractors for said improvement shall not dig up or disturb the surface of the street within the limits of said improvement for a greater distance than two blocks without having first obtained a permit so to do from the Superintendent of Streets.

SECTION 6. The contractor or contractors shall take entire charge of the work during its progress and shall be responsible for any loss or accident resulting from carelessness or neglect, and the improvement shall be completed to the satisfaction of the Common Council of the said City of Portland.

SECTION 7. The contractor or contractors to whom a contract or contracts may be awarded for the completion of said improvement, shall complete the same within the time by this ordinance provided. And upon commencing said work shall continue the same without delay until completed, the inclemency of the weather shall alone be considered a valid reason for the suspension of such work, and the contract or contracts shall contain a provision that for each day required to complete said contract after the expiration of the time herein fixed for its completion, the contractor or contractors shall forfeit to the City of Portland, for its use and benefit the sum of *Five* dollars, and that any willful or unnecessary delay in the prosecution of said work *or a failure to complete the same within the time herein specified* required to be done under the provisions of said contract or contracts, may at the discretion of the Common Council be taken and considered as a forfeiture of said contract.

SECTION 8. The contract or contracts shall also contain a stipulation to the effect that the person, firm or corporation to whom the contract is let shall look for payment only to the fund to be assessed upon the property liable to pay for such improvement and collected and paid into the City Treasury for that purpose, and that they will not require the City of Portland by any legal process or otherwise to pay the same out of any other fund.

The contract or contracts shall also be subject to the provisions of Ordinance

No. 9183, entitled, "An Ordinance to protect material men, laborers and sub-contractors, who furnish labor or material to contractors for the improvement of streets or construction of sewers," and Ordinance No. 9248, as amended, entitled, "An Ordinance to regulate the time and manner of improving streets, and constructing sewers and to determine the cost thereof, also to regulate the manner of letting contracts for the improvement of streets and construction of sewers, accepting work done thereunder and drawing warrants in payment therefor," and said Ordinances shall be expressly referred to and made a part of said contract or contracts.

## SECTION 9.

The Committee on Streets are hereby authorized to advertise for, receive proposals and enter into contract with the person, firm or corporation to whom the contract is let by the Common Council for the improvement specified in this Ordinance.

## SECTION 10.

The whole of the said improvement shall be fully completed in accordance with the provisions of this Ordinance within *ninety* days from the date of notice of the award of the contract or contracts therefor, provided, that in case a contract or contracts be awarded for less than the whole of the work necessary to complete said improvement the Superintendent of Streets shall designate the time within which such contract or contracts shall be completed, and such time so designated shall be inserted in the contract or contracts.

## Ordinance No.10184

163 A 3

An Ordinance declaring it expedient and necessary to repair Front street from a line at right angles to the center line of Front street 50 feet southerly from the north point of Block 16 Watson's Addition to the City of Portland to the northerly line of Block 31, Sherlock's Addition to the City of Portland, and directing that the cost of such repair be assessed upon the adjacent property in accordance with Sections 124 and 125 of the Charter of the City of Portland.

The City of Portland does ordain as follows:

Section 1. That it appearing to the Common Council of the City of Portland that it is necessary and expedient to repair Front street from a line at right angles to the center line of Front street 50 feet southerly from the north point of Block 16 Watson's Addition to the City of Portland to the northerly line of Block 31, Sherlock's Addition to the City of Portland, in accordance with Sections 124 and 125 of the Charter of the City of Portland and in the following manner, to-wit:

Front street from a line at right angles to the center line of Front street 50 feet southerly of the north point of Block 16 Watson's Addition to the City of Portland to the southerly line of River lot 2, Sherlock's Addition, shall be repaired by redecking the roadway 58 feet in width with 4 inch by 12 inch grain edge yellow fir covering plank, and by putting in two lines of new stringers for the southerly 1100 feet and four lines of new stringers on the balance of the elevated roadway and by replanking the portion of the roadway within the above described limits, that is not elevated, with 4 inch by 12 inch grain edge yellow fir covering plank on mud sills. All the timbers in the elevated roadway found to be decayed

so as to render them unfit for use shall be replaced by new timber.

Front street from the southerly line of River lot 2, Sherlock's Addition, to a point 1 foot southerly from the northerly line of Hull street, shall be repaired by recovering the roadway 16 feet in width with 4 inch by 12 inch grain edge yellow fir covering plank on mud sills.

Front street from a line 1 foot southerly of the northerly line of Hull street to a point 440 feet northerly from the northerly line of Hull street at right angles to Front street, shall be repaired by redecking the elevated roadway 32 feet in width with 4 inch by 12 inch grain edge yellow fir covering plank and by putting in two lines of new stringers and by rebuilding fences on both sides of said elevated roadway. All the timbers in the elevated roadway found to be decayed so as to render them unfit for service in said elevated roadway shall be replaced by new timber.

Front street from a point 440 feet northerly from the northerly line of Hull street to the southerly line of Reed street, shall be repaired by recovering the roadway 16 feet in width with 4 inch by 12 inch grain edge yellow fir covering plank on mud sills.

Front street from the south line of Reed street to the northwesterly line of block 31, Sherlock's Addition, shall be repaired by removing all mud, slush and earth from the macadam or gravel now on the west half of the roadway and by bringing the west half of the roadway to grade with gravel. The gravel to consist of mixed gravel free from loam or vegetable matter. The bulk, volume or mass of the mixture to be stones varying in size from 2 inches diameter to 1 inch diameter: enough coarse sand and gravel smaller than 1 inch diameter shall be in the bulk, volume or mass when spread upon the street to fill the voids between the stones and no more.

\* All the work in the above repairs shall be done as above set

forth and where not otherwise specified all work and material shall correspond to the provisions of Ordinance No. 9283.

The City Surveyor is hereby authorized and directed to prepare and file in the office of the Auditor of the City of Portland an estimate of the material required to repair said Front street in the manner as above specified. Said estimate to conform in all respects to the requirements of the Charter and Ordinances of the City of Portland relating to the improvement of Streets.

Section 2. That the cost of the repairs herein provided for and hereby directed to be made shall be assessed upon the adjacent property in the same manner as is provided by Sections 114 and 115 of the Charter of the City of Portland.

Section 3. The Auditor is hereby directed to give <sup>ten days</sup> notice of the repairs herein directed to be made by publication in the City Official Newspaper.
