Communication

Request of Elizabeth Keaton to address Council regarding downtown and Measure 110

Placed on File

A brief description of Communication: What is being done by city council to address the blatant use of drugs downtown. I work downtown and on Wednesday. I saw five people shooting up, three people waiting to shoot up, and five people in drug-induced comas. This can't be good for tourism or small businesses downtown / it makes me uncomfortable to walk downtown or take my three year old son downtown. Measure 110 was supposed to help give addicts support but it seems like it's not doing what it promised and impact a lot of folks in the downtown community. Does the city have a plan to address this?
