

## Written Testimony - Agenda Item 603

Agenda Item	Name	Position	Comments	Attachment	Created
603	Thomas Karwaki, Chair University Park Neighborhood Association Board of Directors	Support with changes	The University Park Neighborhood Association's Board and its Transportation Committee supports Item 603 concerning a grant application to study the streets in Cathedral Park. UPNA requests that PBOT includes access to the Baxter-McCormick Superfund site in its study to facilitate the reuse of this 50 acre (and adjoining Willamette Cove site). There are proposals to create public access to the Willamette River and for redevelopment as a botanical garden that would generate significant vehicle traffic adjacent to railroad infrastructure vital to the national defense.
