Subject: Request to Opt Out of Demo Notifications from City of Portland

Hi August,

Thank you for your patience with me getting back to you!

Request: Restore Oregon would like to be removed from the notification of demolitions in the City of Portland.

Reason: We need to reduce the burden of incoming mail, the costs associated with these activities incurred by the City of Portland and to be more sustainable by reducing paper and the carbon associated with mail delivery.

Let me know if you need anything else!

Nastya Kline (they/them)
Office Manager, Restore Oregon
