Testimony to **Portland City Council** on the **2045 Portland Housing Needs Analysis, Recommended Draft**

Portland: Neighbors Welcome appreciates BPS's work on the Housing Needs Analysis and calls attention to data that illustrate the extent of our current housing crisis. We ask that Council direct BPS to include an "Inner Eastside for All" project in the upcoming Housing Production Strategy, to create conditions for the addition of many new homes in high-opportunity neighborhoods throughout the Inner Eastside.

Testimony is presented without formatting.
