Agenda Item	Name or Organization	Position	Comments	Attachment	Created
954	Terry J. Harris	Oppose	I am unable to testify live, but I would reiterate my testimony from when you adopted the org chart for the new government: I believe both the Mayor's office and the City Council offices are massively under-resourced in your conception of the new government. Compared to peer cities and with an eye on best practices, proposed staffing levels are far too low for effective representative government for a city of this size.	No	11/15/23 9:11 AM
