MRS. DONALD BRADFORD

A2004-002-1718

The President's Message . . .

It is with great pleasure that we present to you tonight our "Follies." We sincerely hope that this evening will be one of genuine pleasure and entertainment for you.

The proceeds of this performance will be used to pay our annual contribution of \$4800 to the Out-Patient Department of the University of Oregon Medical School.

The Portland Junior League, founded in 1910, the fourth oldest member of the National Association of Junior Leagues, is today an organization of 306 members.

The Association of Junior Leagues of America, Incorporated, includes 148 Leagues in the United States, Canada, Hawaii, and Mexico, with a total membership of approximately 32,000.

Our purpose is to foster interest among our members in the social, economic, educational, cultural, and civic conditions of our communities, and to make efficient our volunteer service.

I would like, on behalf of the Junior League of Portland, to thank each one of you for your loyal support to us; and, to those who have advertised in this publication, go many thanks and deep appreciation. May we urge you not only to read their "ads" but to patronize these firms.

And now, again—we hope you enjoy the "Follies."

"They Actually DEMAND
it at Meal Time!"

To give growing children the nourishing food that their constantly active little bodies demand is often a problem for mothers. Pure, rich Damascus Pasteurized Milk and Damascus Ice Cream may well be the solution, for their uniform richness promotes vigorous health by replacing energy and body-building material. You will discover Damascus Milk to be the perfect milk for all home purposes.

"It has never been a trial to get our children to drink their Damascus Pasteurized Milk," states Mrs. Lester Hunter. "In fact, they have grown up with it—and now actually demand it at meal-time. We have watched with such great satisfaction how nourishing Damascus Pasteurized Milk has been for them. I have found, too, that they consider Damascus Ice Cream to be the perfect treat at their parties."

The Children's Theatre works with and for the children of the community. It brings creative recreation to its young audience. The plays may revive literature, they may personify history, they may teach, they may amuse, they may develop habits of imagination; but, above all, the plays must be dramas, for they must give children a love of the theatre that they will carry with them into the future.

The Saturday Morning Series is a program of educational entertainment for children. The programs are carefully selected by a board comprised of members representing the character-building organizations of the city. It is a non-profit-making organization. Its object is to provide entertainment that will encourage artistic development. Stimulating the interest of children in cultural arts makes possible their enjoyment of programs of symphonic music, marionettes, plays and lectures.

The Saturday Morning Series, sponsored by the Junior League, presents the following program for its 1938-1939 season:

October 29th

"Woods, Waters and Wildlife." A motion picture lecture featuring the outdoor resources of Oregon and the vital problems of conservation, by William L. Finley. Benson Auditorium—10:30 A.M.

November 26th

Portland Junior Symphony Orchestra, with Jacques Gershkovitch conducting. David Campbell, prominent Portland pianist, will be the commentator. Civic Auditorium—11:00 A.M.

December 17th

Williams' Marionettes presenting "The Fox's Peace Treaty," an Aesop Fable, and "Little Miss Muffet," from the Mother Goose Rhyme. Benson Auditorium—10:30 A.M.

February 18th

Portland Junior Symphony Orchestra, conducted by Jacques Gershkovitch. Civic Auditorium—11:00 A.M.

March 4th

Junior League Players present "The Midnight Ride"; exciting adventures of two 1939 children who slip back into the past and find themselves living in Paul Revere's household in 1775. Benson Auditorium—10:30 A.M.

FIR-TEX made over this attic

Transform your unfinished attic into a charming, livable bedroom or study, and turn your basement into a gay rumpus room, with Fir-Tex Color Paneling, the **attractive** insulation board. Use Fir-Tex Color Paneling to brighten any room and make it more comfortable summer or winter.

FIR-TEX COLOR PANELING

1. Does 2 jobs at 1 cost — panels as it insulates.
2. Takes the places of lath, plaster, wallpaper, calcimine.
3. Makes your home warmer in winter, cooler in summer; quieter all year.
4. Five pastel shades: apple green, apricot, sky blue, shell pink, ivory. Costs no more than ordinary uncolored insulation board.
5. Cuts fuel bills enormously.
6. Goes up fast; can be applied right over studs or joists, or over old walls and ceilings. Washable.

Ask your lumber dealer for illustrated catalog, explaining the many ways Fir-Tex cuts building costs and adds to home comfort.
