MEMORANDUM

Date: October 27, 1995

To: Bill Stewart, 294-5023

From: Michael Harrison

RE: BTA Lawsuit against the City of Portland

Earl asked me to fax you the attached chronology of events. The only finding which was adverse to the City was the Court of Appeal's remand to the Circuit Court. This remand was not a finding of guilt, it was merely an order which required the Circuit Court to hear the case. The Circuit Court had dismissed the case.

As the BTA has chosen to end their lawsuit, and the courts had not found the City guilty, the BTA lawsuit is not detrimental to the City. If you have any questions, feel free to contact me at 823-3598.
