Request of Carolyn Brunett to address Council regarding plastics recycling program

Date and Time Information

Requested Council Date
February 21, 2024

Placed on File

A brief description of Communication: Create a much needed enhanced plastics recycling program for Portland, employing persons experiencing drug and alcohol addiction and homelessness. Utilizing state-of-the-art hand-held technology, now used widely in Europe, plastic waste can be efficiently sorted and repurposed. This program can be funded by cannabis tax revenue to help people fulfill the employment and job skills development piece of rehabilitation programs.
