- iii. Provide data and other technical information that demonstrates that the discharge is not expected to cause or contribute to an exceedance of the water quality standard for which the waterbody is impaired at the point of discharge to the waterbody if the pollutant(s) for which the waterbody is impaired are likely to be present at the site and DEQ has not issued a TMDL for the pollutant(s).

Has any stormwater analytical data been collected for the site? ☐ Yes (If 'Yes', please attach the Laboratory Results) ☒ No
