Subject: KEEP THE LARGE TREE AMENDMENT

Apologies - I want to KEEP the Large Tree Amendment and oppose allowing it to expire. My subject line and first line may be unclear.

Hello,

I'm writing to urge you not to amend the Large Tree code, which will harm neighborhoods, property values, and wildlife--all for the sake of for-profit developers. The Large Tree Amendment This initiative has led to increased preservation of significant trees during private development, and has made possible the planting of more than 42,000 trees in priority neighborhoods citywide since 2015. Large trees are essential to Portland's efforts to combat climate change and improve public health. We must continue to protect these valuable and beautiful natural resources.

Sincerely,
