## Impact Statement

### Purpose of Proposed Legislation and Background Information

Multnomah County Commissioners and the Mayor's Office of the City of Portland agreed that support two task forces led by Multnomah County District Attorney Mike Schmidt to assist in crime reduction efforts.

DA Schmidt's office dedicated five full-time equivalent positions to address two different major types of theft that are severely impacting our communities: organized retail theft and automobile theft. The task forces are staffed with two deputy district attorneys, two investigators from the District Attorney's Office, and share a legal assistant.

The task forces work with local community members, regional law enforcement, and business partners to strategize efforts to curtail the targeted crimes.

### Financial and Budgetary Impacts

The Portland Police Bureau has earmarked \$350,000 toward the maintenance of this Intergovernmental Agreement for Fiscal Year 2023-24 and Fiscal Year 2024-2025 from its existing appropriations.

### Community Impacts and Community Involvement

Organized retail and automobile theft has a significant impact on the lives of the individuals and communities that make up the City of Portland. Like many things in life, the impact is not uniform between all communities; those who are considered more vulnerable are usually more exposed to the consequences of these crimes.

Small business owners are more susceptible to organized retail theft than larger corporate entities, having smaller profit margins and less ability to recover from crime on the scale that occurs with organized retail theft. Larger corporate interests can close stores and move away, leaving neighborhoods without access to vital items or much needed jobs.

Vacant buildings and abandoned vehicles, usually stripped of valuable parts, make areas vulnerable to other types of crime and signal a deterioration of livability.

The City of Portland, through its Police Bureau, wants to send a clear message to the community that we support the Multnomah County District Attorney's Office's efforts and the task forces set to tackle these challenging issues.

### 100% Renewable Goal

Not applicable.

### Budget Office Financial Impact Analysis

The Police Bureau has sufficient budgeted resources for this in the current fiscal year.
