Help Hwy 30

Highway 30 going eastbound on 143rd Sandy Blvd has become a very busy corridor. Garden Meadows senior community Argay Community have recently experienced the loss of pedestrian sidewalk bus stop, access to Fire pump for the housing due to trailers RV's boats stolen vehicles.

What measures can be implemented for this concern. This is the third time we have experienced the takeover of the city sidewalk from 141st to 148th

Many seniors, predestine bikes use this part of the corridor to travel. What Measures can be implemented to help this part of Sandy Blvd.

Thank you for the NO, Parking Bus stop signage. Orange cones have showed up to divert the parking as this is a highway.

311 took many calls about the highway and how it affected our vision to merge eastbound to go westbound the RV'S blocked the oncoming view of traffic Pedestrians had to walk on the north side of the white traffic line.

I have seen accidents due to citizens double parking drug dealing and stolen property for the past two months. Rapid Response did a good job cleaning up this stretch of sandy Blvd.

Thank you

Mr. Nemo Vaughan
