Who runs this page? Why don't they talk about Moulton? The stepmother who offered the landscaper money to kill her husband? The last person to see him? The same person who sent angry emails to her friends blaming kyron for her failed marriage?? I have screenshots but you cannot post pics in the comments....

Jennifer Bleu this page isn't about the stepmonster. We all know. This page is to keep Kyron's story out there in a positive light. Kyron has an amazing supporter who has created a page for Kyron that does voice strong opinions about Kyron's case. Her hard and amazing work is appreciated by Kyron's family. It is called Kyron Horman's World Soldiers and Stacey is an amazing advocate for justice for Kyron.

Lori Felton isn't it the worst? We all know she knows and yet she won't just give it up so they can get closure with their baby. Absolutely awful. There is a special place in he** for "whoever" is responsible for this sweet boy disappearing.

Евгения Лукьянова yeah ..but I guess
I need the facts they do know . I saw a
show about him and Haley Cummings.she
and he unrelated but disappeared about
the same times .. The story's were
sketchy. And in complete.on both of
them . I believe step mothers were the
last known persons with both
children... I'm a step mother.. I am so
blessed.. Theres something wrong with
both thier stories if my memory serves
me correctly... So they have been stuck
in my heart all these years .. ♀ ♀

Thank you Commissioner Carmen Rubio for your responsiveness to ensure our city's odor code cannot be weaponized to discriminate against minority-owned businesses. This is an issue of fairness and ensures the City of Portland continues to support a diverse food culture and ecosystem. #orpol

I'm still trying to understand why a Restaurant can be closed due to odor, Sanitation and physical safety, however emotional abuse of employees is not only tolerated but accepted as an industry norm. I'm on a mission to get psychological supports in the workplace for Restaurant employees. The way they are often treated and/or are allowed to be treated by managers and coworkers is unacceptable. The same behaviors outside of work would be labled as abuse or harassment. I have reached out to several law makers and will continue to talk about the industry standard for behavior in the workplace. Our employees are our community. We have a responsibility in this mental health crisis to treat staff better. In the meantime I continue my work in coaching leaders and staff in healthy communication. Kindness is so much more profitable.

Many people have been rightfully extremely concerned about Pho Gabo's closure. Over the past week, our team has been in close contact with the business owner and the City of Portland to investigate and make sure this doesn't happen again. More updates and asks to follow.

UPDATE: I would like to thank Commissioner Carmen Rubio for leading on this through putting in place an immediate pause on odor complaints tied to food establishments while the city code is being revised.

What did she gain? She lost her family , husband and escaped to California. Her parents must be heart sick

Laurel Elizabeth her parents paid for her lawyer 350,000\$, later they helped her to buy a house in Cali. And they know she is involved in Ky disappearance! You can imagine what kind of people they are... disgusting! When evil planned to get rid of Ky, she thought she will get everything she wants...hurt Desiree and Kaine. She tried to hire a killer to kill her husband, TWICE!

She's pure evil ..you can see it in her eyes She and current husband have had some domestic violence issues in California. The nut doesn't fall far from the tree

Laurel Elizabeth what about her current hubby? What is the story about violence there? Kyron Horman's World Soldiers Stacey Rivera-Green

Leilani Lynn Atkins evil stepmother terri Horman Vazquez and her bestie Dede Spicher killed this precious boy. The motive? Not sure what is in their sick heads, but teri hated Kyron, hated his real mom, then she started to hate her husband(Kyron's father) and she tried to kill him twice. Evil and sick monster! Please join this group as well: Kyron Horman's World Soldiers There is a lot of information, you can ask any questions.

Евгения Лукьянова I always felt like Terri either killed or sold him. My heart hurts seeing this story all over and it's never "Kyron has been found" it's always begging for someone to speak up about that day. I wish someone would just speak up and tell the truth and lead them to where Kyron is.

These images bother me Kyron did age he didn't grow up he was robbed of him mother his father who was an idiot and his brother. Terry killed him and needs to be brought to justice it's so long overdue. Let the cold case units take a fresh look at this case. MCSO is only preserving his murder they are not working to solve it.

This just breaks my heart . This is a freaking nightmare and truly a nightmare. Every night when you lay your head down on your pillow you wonder where is my precious boy. And he is precious. If I was his stepmother I would've loved him to the moon and back 50 times but when you're evil you're not capable of that . I am quite elderly and I hope to see him found maybe sold would be the better outcome give mommy some peace. To lose a child / baby like this unbearable

Toya Townsend Snow you are wrong and you should do your research. Again: Kyron's mom has plenty of evidence. Or you think she lies?? Stepmonster wasn't arrested only because they don't have the body, she paid over 350,000\$ for her lawyer and pled the 5 and abandoned her daughter to stay silent. Innocent people don't do it! Never!

Toya Townsend Snow you should read the book Boy Missing. It has a timeline of Kyron's disappearance and several accounts from witnesses. It is available online on various platforms, I ordered mine online from Powell's Bookstore here in Portland. If you don't want to purchase the book check your local library and if they don't have a copy of it request one. Usually they will get requested books for people. You must be fairly new to Kyron's case if you had not heard about the witnesses seeing him.

Mary Seaton I have it but the only thing they show is slanted one way. And most of it is not real evidence. I do believe that she was involved but without real evidence they cannot convict her.

Евгения Лукьянова I'm not confusing anyone. Without REAL evidence they cannot bring her to trial. They have never even named her a person of interest. So that means they have no evidence proving she did anything other than drop him at school.

Mary Seaton where is this info? Do you have a police report that says that? I've never seen evidence of that. If they had that then why not name her a suspect or person of interest? I'm just curious but I'm also not close minded to the fact that other leads weren't looked at. I hope he is found and then they get any evidence against the person whoever that may be.

Toya Townsend Snow it is in the book. I can find it later for you, the chapter and the page. I don't work for the police department and I doubt they will release anything to the public because according to Multnomah County District Attorney's Office this case is still open. Terri and DeDe did it and we won't let them get away with it. Terri never expected anyone to show up in defense of Kyron especially for YEARS. Her fairytale didn't work out very well did it? She never expected US to show up. Was it worth it Terri? Was it worth it DeDe?

Our home was thinking about Kyron today and we just hard such a hard time believing all this time has passed and nothing - no signs, no clues? How it it possible that there are no leads? I hope modern technology can somehow help to find Kyron.

Not sure what to do as a follower seeing these photos from long ago. Am I supposed to feel angst? Upset? Agony? Pain? Respectfully, how does this help . Not criticizing, just don't understand.

His Bless Kyron I was looking at the photo of Kyron in front of his science project and noticed in the far back in the picture is a young girl and someone in plaid. I assume that they have been interviewed, were they able to provide some information?

Multifamily NW to Commissioner
Carmen Rubio
Feb 14 2024 12:31 AM

Thank you to the Portland City Council, and especially Commissioner Carmen Rubio, approving the Housing Regulatory Relief code amendments. Multifamily NW strongly believes that we should prioritize the development of new housing units to address our housing crisis – and we can do it while maintaining our reputation as leaders in green-building.

We are STILL praying for answers that find you and bring you home. Answers that include finding and holding to account all who were involved in your disappearance! We pray that this happens very soon, it's been far too long that you have been missing. We need answers, your parents need answers!

Praying for this entire situation and family. What a handsome, young man in the photo of what he would look like now. My heart hurts so much for the mother. So unfair. Father God, give this mother continued love and strength. One way or another, she will be with her son again.

Yes, I remember this case, and think of him often. His stepmother did it. She needs to tell them where his body is, and let him have a proper rest.

You did nothing wrong Kyron. We don't know why someone wanted to hurt you and take you away from those who loved you the most. We will never understand why they took you from school that day. Who could be so evil? We do promise that we will find you. We will bring you back to your family. We will never give up until justice is served. You did nothing wrong Kyron.

Portland and Oregon continue to make national headlines. First, we decriminalize hard drugs like fentanyl. Then, we need to declare an emergency because of what we did. Portlanders are tired of words. We need action and results. Where do members of the city council and county commission stand on recriminalizing hard drugs as a Class A misdemeanor? Ask them today. Ted Wheeler Commissioner Rene Gonzalez Commissioner Carmen Rubio Commissioner Mingus Mapps Commissioner Dan Ryan Jessica V. Pederson Sharon Meieran Commissioner Jesse Beason Lori Stegmann, Multnomah County Commissioner, District 4 Julia Brim-Edwards, Multnomah County Commissioner - District 3

[Oregon decriminalized drugs in 2020. Now officials are declaring a fentanyl state of emergency](#)

It's poverty and a housing problem. Criminalizing behavior is not the solution.
