Ordinance

Initiate foreclosure action on 111 NE Killingsworth St for the collection of delinquent City Liens placed against the property

Passed

The City of Portland ordains.

Section 1. The Council finds:

1. Portland Administrative Rule ADM-14.10 establishes a process for foreclosing delinquent liens on properties. The foreclosure process is generally used as a last resort, after repeated code violation fines and liens have gone unpaid.
2. Portland Administrative Rule ADM-14.10 section 5.30.100 requires the Revenue Division, Office of Budget & Finance to prepare a proposed foreclosure list and submit the list to the City Council for action.
3. In November 2024 , Portland Permitting and Development submitted properties it identified as priority Vacant and Distressed Properties to the Office of Budget and Finance, Revenue Division for foreclosure consideration. After review and analysis of the cases, this property qualified to be added to the foreclosure list and is being submitted to Council based on their potential to help solve public health, safety, or welfare objectives, pursuant of Portland Administrative Rule ADM-14.10 section 5.30.100. Additional consideration was given to the number of abatements, whether the property owner had multiple delinquencies and the negative impact the property was causing to the neighborhood.
4. The Office of Budget and Finance mailed notices to the property owners and mortgagees, by certified mail with return receipts required, of pending foreclosure action on the property between January 8, 2025, and February 26, 2025, as required by Portland Administrative Rule ADM-14.10 section 5.30.050 (D).

NOW, THEREFORE, the Council directs:

- A. The City Council approves Foreclosure List 2025-01, as attached as Exhibit A, and directs the City Treasurer to begin foreclosure proceedings to sell the following property:

Impact Statement

Purpose of Proposed Legislation and Background Information

This ordinance begins foreclosure proceedings on this property with
delinquent City liens that are eligible for foreclosure under Administrative
Rule ADM-14.10. The liens were placed against the property by Portland
Permitting and Development for code enforcement, code violations,
nuisance abatement or chronic offender violations.

This property comes before Council as part of a coordinated effort by the
Mayor's Office, Portland Permitting and Development and the Revenue
Division to actively pursue remedies, including foreclosure, for vacant and
distressed properties. This property has been identified as causing significant
problems for neighbors and are the subject of multiple and frequent police
calls and numerous enforcement activities.

The Foreclosure Prevention Manager in the Revenue Division has reviewed
each case to ensure it meets criteria for foreclosure. The Foreclosure
Prevention Manager has also reviewed whether any aggravating or mitigating
conditions exist within the case history that would prevent the City from
moving forward with foreclosure or warrant an adjustment of the lien
amounts. The property owner and parties of interest have received
notification of the pending foreclosure action.

Financial and Budgetary Impacts

Once the City forecloses on this property, proceeds generated by the sale will recover the cost of conducting the sale, the amount owed on liens, and collection and foreclosure costs for the Revenue Division, the City Treasurer, and Portland Permitting and Development.

Based on the number and amount of the liens, as of February 25, 2025, the amount expected to be recovered is \$7,629.72. Actual cost recovery may differ.

Economic and Real Estate Development Impacts

Not applicable

Community Impacts and Community Involvement

These types of properties present major problems for the neighbors and neighborhoods in the community. Problems include criminal behavior, unlawful occupants, and unsafe and/or unhealthy conditions. Foreclosure is being employed as one of the tools available to the City to resolve vacant and distressed properties and put them back into productive use.

100% Renewable Goal

Not applicable
