- Allow voters to rank candidates in order of preference, using ranked-choice voting.
- Establish four geographic districts, with three city council members elected to represent each district – expanding city council to a total of 12 members.

Transition Plan

Needs Action At Risk On Track Completed

Status: Council approved Resolution 37609 directing the CAO to develop and implement a transition plan and a community engagement plan to implement Measure 26-228. The transition plan includes the project scope, schedule, and budget to implement the election methods and governance reforms. In partnership with the performance measuring team at the City Budget Office, the project is developing tools to measure the success of the transition work. The use of the evaluation tools will begin as soon as possible in 2024. The project sponsor and manager presented the projected expenses and funding plan to the council on February 22. The project estimates the costs for continuing the implementation of the charter amendments to be \$3.8 million. The funding plan includes carry-over unspent funds from this fiscal year and policy set-asides for the transition and onboarding of elected officials. The budget proposal was included in the mayor's proposed budget.

Next Steps: Conversations continue about the implementation of the organizational chart and other project deliverables in alignment with the Nov. 1 resolution.

Needs Action At Risk On Track Completed

Status: Council adopted updates to the elections code (section 2.08). Multnomah, Washington, and Clackamas counties have signed an intergovernmental agreement to ensure coordinated administration of elections for Portland ranked choice voting (RCV) contests. Portland RCV contests will appear on a separate ballot page that Multnomah County will design for Clackamas and Washington counties. E

ach county will print, mail, verify timely receipt and voter signatures, open ballot envelopes, and batch the RCV ballots. Multnomah County will centrally scan and tabulate the RCV ballots, and each county will archive its RCV ballots. Multnomah County's voting system vendor initiated the federal certification and accredited voting system test laboratory review processes in August 2023; the review process is progressing according to plan and state certification is on track for completion in Summer 2024.

The County has drafted new audit and recount procedures for single and multi-winner RCV elections, informed by best practices from other jurisdictions that administer RCV elections and research from national experts.

County staff continue to develop and refine software and website tools for reporting and visualizing results for RCV contests. The County will have examples of results reports to share by July. Education about results reports will begin in late Summer to ensure that voters, candidates, and the media understand how to read and interpret RCV results on and after Election Night.

Next Steps: Multnomah County will test their RCV hand count procedure at a mock hand count of a multi-winner contest in late Summer 2024.

Governance

Portlanders voted to transition to a mayor-council form of government by Jan. 1, 2025. The new legislative council will focus on setting policy, and the executive mayor will be elected citywide and will run the city's day-to-day operations with the help of a professional city administrator.

Council Operations and Elected Officials Staffing

Needs Action At Risk On Track Completed

Status: The Transition team, the City Attorney's Office, and other subject matter experts identified key policy choices and recommendations to provide a framework for the successful operations of the 2025 council. *Code 3.02*, which outlines council operations, was refined based on GTAC and community feedback. The transition team has been working with internal partners to plan for council office staffing levels to support the shifting roles of the future city council, mayor, and city administrator. A listening session was held on Aug. 8 on the proposed revisions to *Code 3.02*. Public comment on the code was considered and addressed.

The ordinance to amend *City Code Chapter 3.02* was passed by city council on Sept. 27, 2023. Phase 2 recommendations on council operations will be made to the 2025 council and will focus more on committee rules and procedures and how the community will interact with council.

Full funding of the CAO's council staffing recommendation is dependent on decisions made through the budgeting process. This project is complex and faces risks associated with limited staff capacity, short timelines, and uncertain budget decisions. The project team is mitigating these risks by prioritization conversations with partners, explicitly limiting the maximum number of committees that can be supported by the limited shared services staff and providing the new council recommendations on staffing levels for the shared and dedicated staff supporting council. GTAC sent a [letter to the City](#) recommending increasing the number of staff for each councilor.

The GTAC subcommittee on Districts and Council Operations and staff worked together to engage the community on council operations and how community members want to engage with the incoming district-based council. Virtual community listening sessions took place on March 14 and 21 and an in-person session on March 19. March 19 and 21 employee townhalls provided updates on council operations planning and pointed employees to the community survey. Transition staff analyzed the feedback and submitted a [report of this analysis](#) to the Government Transition Advisory Committee.

Next Steps: GTAC's subcommittee on Districts and Council Operations has revised their recommendations which they will disseminate in June for public review and input [through August](#). City staff will continue to use this community feedback to inform council operations planning and recommendations to the 2025 City Council.

[Council operations will vote on the classifications on June 5, 2024. If approved the position descriptions will be developed, and recruitment can begin for the council operations team members that will be reporting up to the City Council President.](#)

The GTAC subcommittee on Districts and Council Operations developed draft recommendations based on what they heard during the March-April community engagement and will share and discuss these recommendations with the full committee on May 15.

Onboarding of Elected Officials

Needs Action At Risk On Track Completed

Status: The Transition team is planning for the onboarding the Mayor, Council and Auditor elected in the November 2024 election. The onboarding process includes planning and coordinating with City partners leading critical components of onboarding: the Auditor's Office, the City Attorney's Office, the Bureau of Human Resources, the City Budget Office, and bureau directors. The future council operations manager is anticipated to manage the onboarding of the council, including the election of the council president and the scheduling of the onboarding activities to prepare the council to meet starting Jan 2. 2025. The proposed budget for typical elected officials transition costs (e.g., technology equipment), onboarding materials, activities and swearing in ceremony [was included in the mayor's proposed budget and approved by Council on May 12, pending final vote on June 12](#). To respond to candidates' questions about the restrictions on elected officials holding profit-making positions, the city attorney provided guidance that is available on the [auditor's website](#). The GTAC submitted a letter of [recommendations](#) for onboarding planning. [A draft onboarding plan is currently undergoing internal review.](#)

Next Steps: [Transition team staff are meeting with GTAC members on May 29 to discuss how the City is responding to their recommendations and potential focus areas for GTAC members. A special GTAC meeting will be held in June to review the draft plan. Onboarding-focused GTAC meetings will be integrated in the Districts and Council Operations subcommittee meetings starting in July, continue meeting with the GTAC subcommittee and internal subject matter experts to inform planning.](#)
