Transition Team Communications Plan*

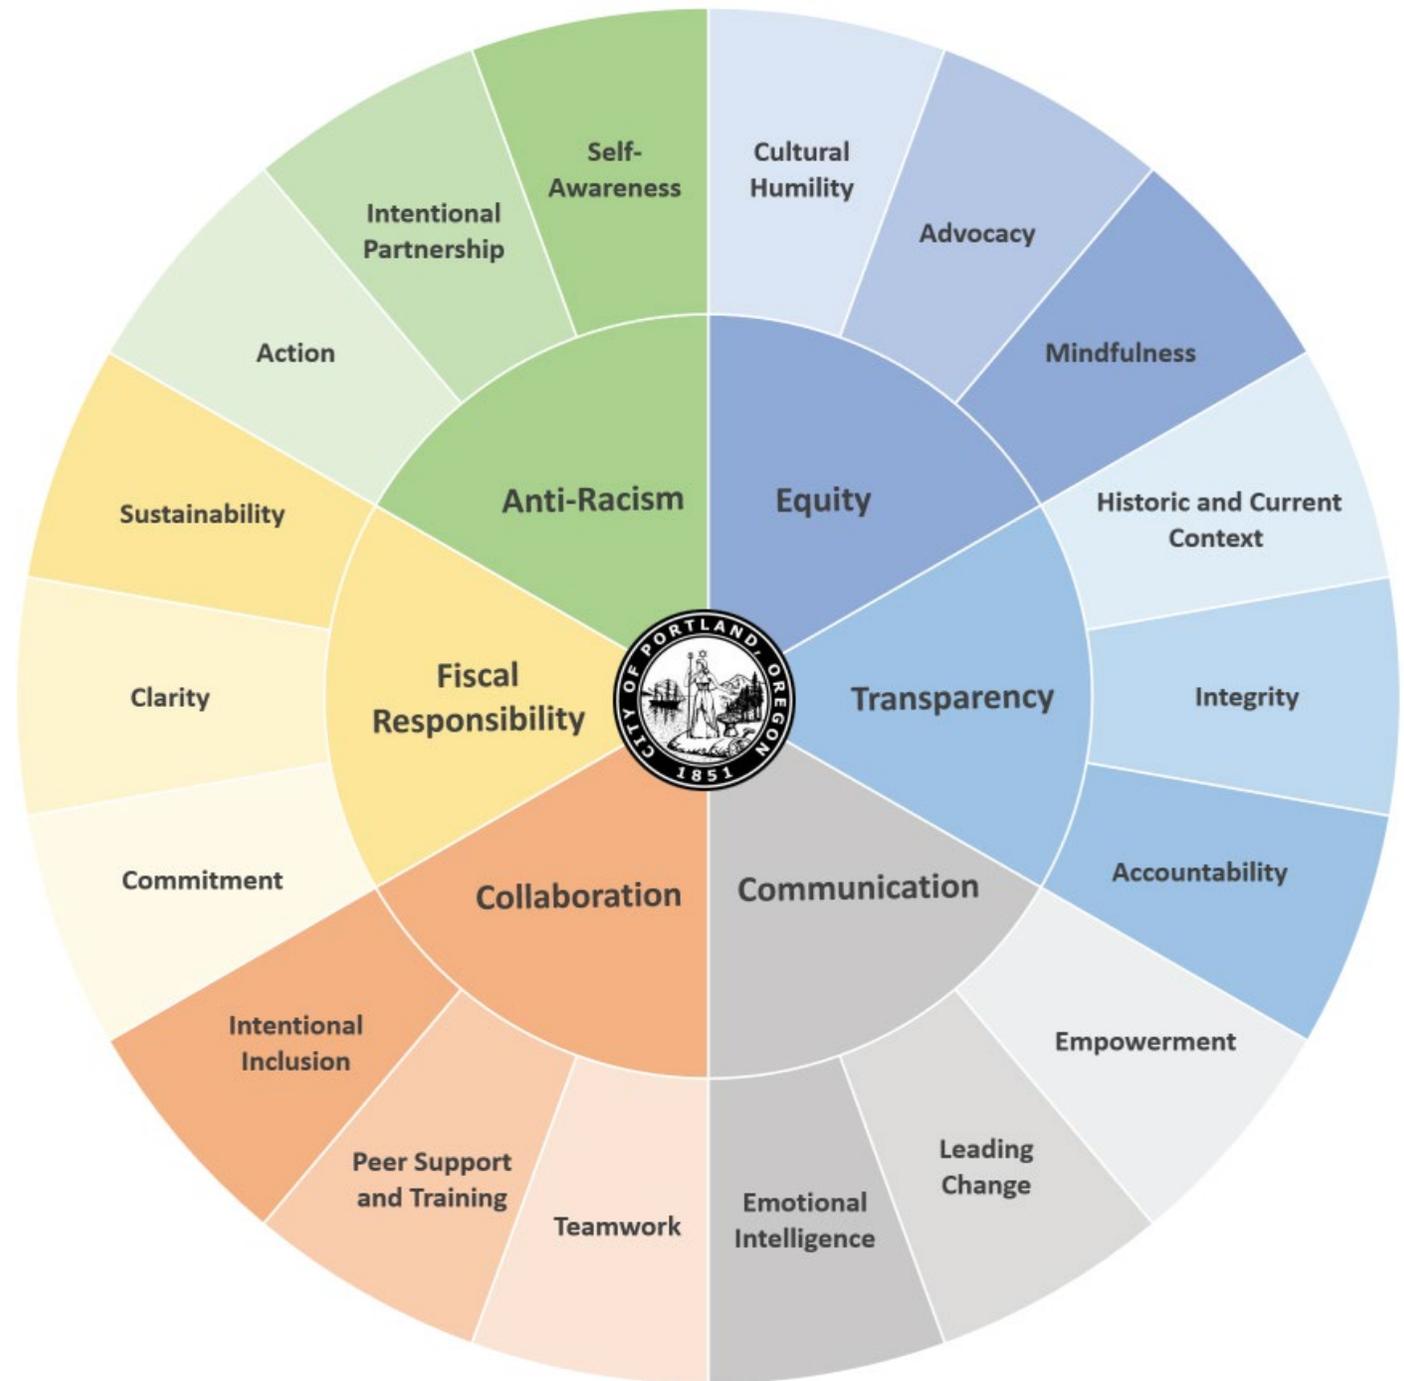

**This plan is comms-focused and does not include community engagement strategies.*

August 2023

City's Core Values:

The Communications Team adopted these core values to unify our work and to guide our efforts.

Our communication approach

- **Step 1:** Build internal organization, alignment, streamline planning & begin implementation
- **Step 2:** Showcase and present our work simply, visually, & in a meaningful way
- **Step 3:** Build proactive, results-oriented communications
- **Step 4:** Establish a reputation & track record worth following

Marie Kondo is our muse as we think about a metaphor for this plan & approach

Short- & Long-term Goals:

These communication goals are on-going

Steps 1 & 2 (March through Summer 2023):

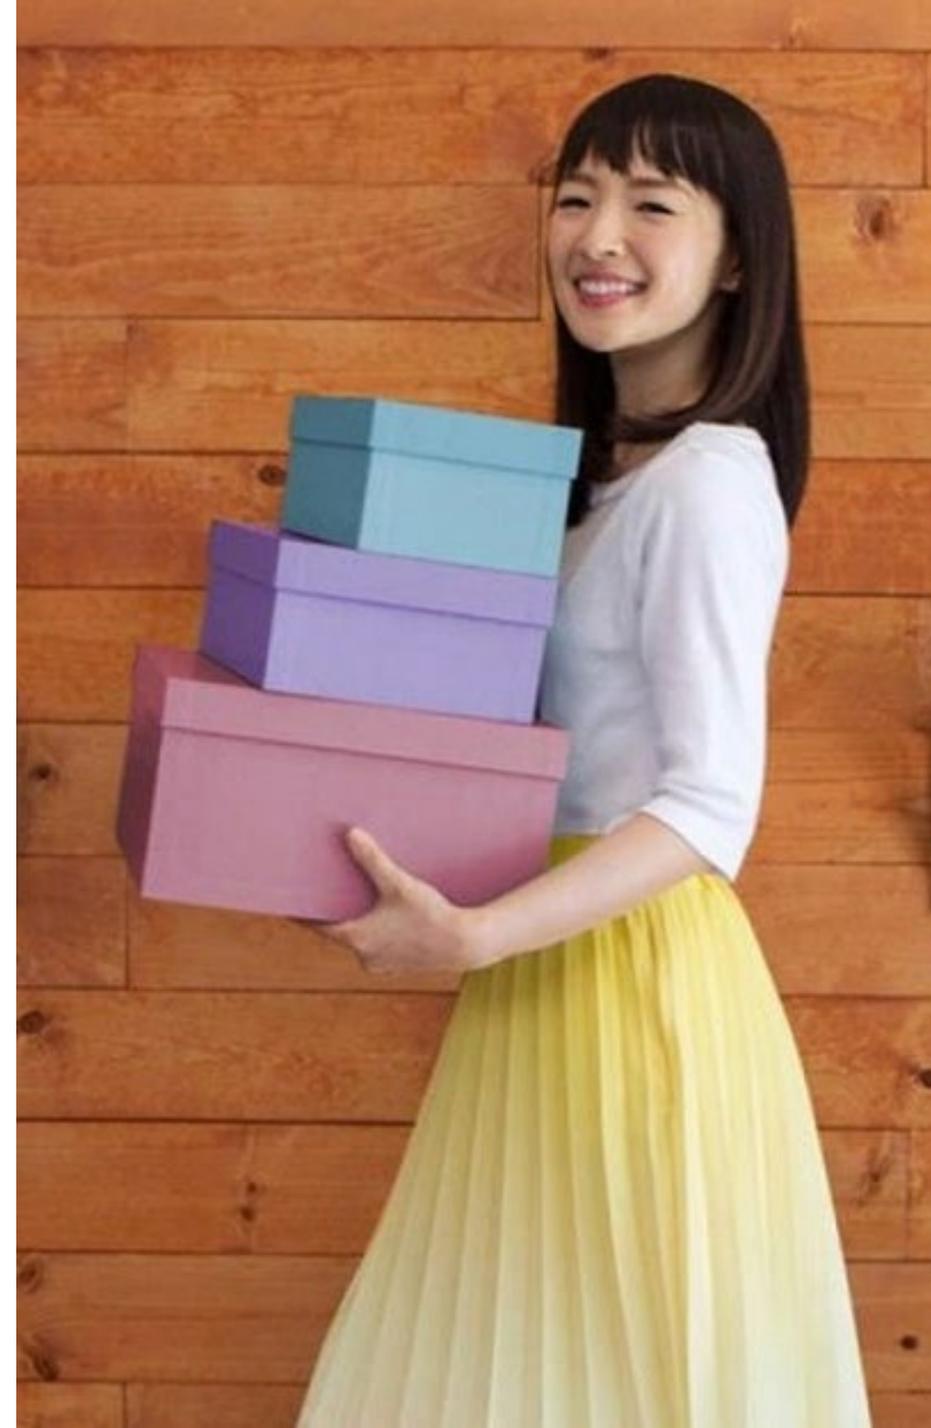

- Transition Plan
- Fact sheets (multi-lingual)
- Intranet and expanded website
- Investment in newsletter, social media & media relations

Step 3 (Fall 2023 to End of 2023):

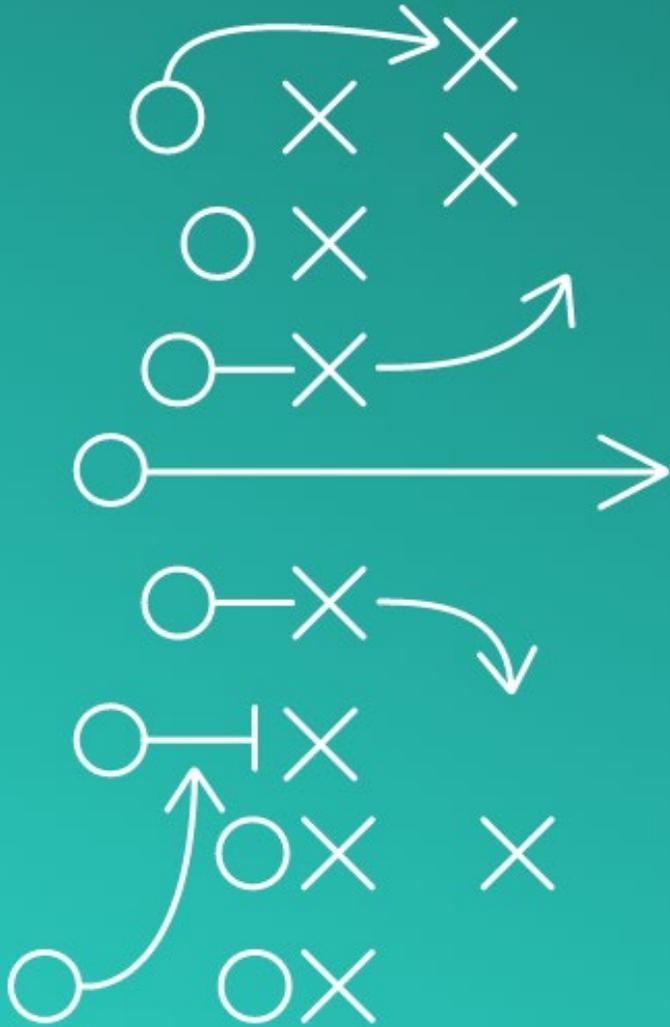

- Improve our reach and “open rate”
- Implement proactive media relations (and multicultural media)
- Implement new employee outreach and engagement strategies
- Package comms to support multicultural outreach
- Procure technology solutions to expand media and social media activities

Step 4: (Early 2024):

- Performance metrics recap: look for growth opportunities and areas for improvement
- Gain a wider audience, while working with partners built in 2023

Transition Team Playbook

- **Play offense**
 - We're playing the proactive game, and relying less on our defense (reactive plays, scrambles and rushing)
- **Engagement folks need to bake in time for outreach.**
 - We're introducing a framework for production (comms) and delivery (engagement)
- **Comms works with team to determine the date for announcements**
 - Often experienced overlapping/competing announcements
 - We need to tell the right story at the right time(s)
 - Newsletter and media relations is how we'll do this
- **If it doesn't go through the internal review process, it is not going out.**
 - Our opponents are one-thousand-times more critical than us

Independent District Commission Appointed

On Wednesday, Jan. 25, City Council appointed 13 people to the [Independent District Commission](#) (IDC) 5, as well as alternate members. Nearly 300 Portlanders applied to be a part of the IDC.

As part of Ballot Measure 26-228, which passed in November 2022, the IDC will lead the work to establish four [geographic districts](#) for Portland's next city council. Starting with the November 2024 election, three City Councilors will be elected in each of the four new geographic districts, increasing the number of councilors from four people to 12 people.

The City Charter calls for a districting plan to be adopted by Sept. 1. Before then, the commission will:

- Hold a citywide public hearing in the near-term to engage Portlanders on district criteria
- Hold at least two public hearings in each proposed district before voting to adopt a district plan
- Ensure district maps are consistent with charter, state and federal laws and criteria

Civic Life Op-dates

Business Operations Monthly Email
November 2022

"Remember, as soon as his boss joins the videoconference, it's showtime."

Hello Civic Life Staff!

As we near December, I anticipate that many of you will be taking vacations to spend time with friends and family. Please remember to communicate your planned time off with your team members so they are aware of the dates you will be out of the office.

This month's op-date has a lot of important information about hybrid meetings, document sharing, and a new article about employee talents outside of work! As a reminder, we keep an archive of all Op-Dates on the staff Intranet which can now be accessed via the Civic Life's front external webpage page.

Thanks for reading!
