ORDINANCE NO.

*Authorize a contract and provide payment for the conversion of a wash bay to a repair bay at the Interstate Maintenance Facility and for the improvements for ADA compliance in the Operations Building. (Ordinance)

The City of Portland ordains:

Section 1. The Council finds:

1. The Bureau of Water Works requires building renovations to provide an additional repair bay and to comply with ADA requirements.
2. Appropriation for the building renovations is included in the Bureau's approved FY 1999-00 Capital Improvement Program.

NOW, THEREFORE, The Council directs:

- a. That the Commissioner of Public Works and Auditor are authorized to execute a contract with the lowest responsible bidder for the project described in Section 1 hereof, in accordance with the plans and specifications on file with the Purchasing Agent.
- b. The Mayor and the Auditor hereby are authorized to draw and deliver checks chargeable to the FY 1999-00 Budget; Water Fund, Project No. 3038, Center Code 18089914, when demand is present and approved by the proper authorities.

Section 2. The Council declares that an emergency exists because a delay in proceeding with this project will result in additional expense and will unnecessarily delay the provision of adequate repair bays and appropriate ADA compliance; therefore, this Ordinance shall be in force and effect from and after its passage by Council.
