RE: Collins View Neighborhood Association Endorsement of Proposed Streamlined Residential Speed Bump Purchase Project on SW Palater and SW Palatine Hill Rd.

Dear Mr. Williams:

Last night, the Board of Directors of the Collins View Neighborhood Association ("CVNA") unanimously approved a motion authorizing me to send a letter on behalf of the neighborhood association endorsing the proposed streamlined residential speed bump purchase project for SW Palater Road and SW Palatine Hill Road.

The CVNA Board arrived at its decision, upon considering the details of the proposed project design as presented by Will Stevens as well as the feedback and questions voiced by residents whom attended the public meeting. The proposed design will result in the installation of three 22-foot style speed bumps on SW Palater Road and SW Palatine Hill Road.

On a personal note, I would like to express my thanks on behalf of CVNA for Will Stevens' hard work and dedication. He conducted himself professionally with the neighborhood, and went the extra mile in helping neighbors understand the history, policy context, and potential benefits and drawbacks of this project.

CVNA looks forward to working with PDOT on a successful implementation.

Sincerely,

Charlie Weiss, Acting Chair
Collins View Neighborhood Association
