

**yes!**

We, the residents of SE 21<sup>st</sup> between Clinton and Powell, have great concern about the current traffic speeds along our street, and feel the situation both poses a serious safety hazard to pedestrians, cyclists, and drivers, and reduces the livability of our neighborhood. We ask that the Portland Office of Transportation (PDOT) begin a preliminary investigation into installing speed bumps under the pilot High Volume Street Residential Speed Bump Purchase Program, and help us bring traffic speeds down to the posted speed limit of 25 MPH. We realize that the city will not be able to finance the proposal, and that we will need to seek out alternate funding sources.

**SE 21<sup>ST</sup> AVENUE – Division St. to Powell Blvd.  
RESIDENTIAL SPEED BUMP PURCHASE PROGRAM  
HIGH-VOLUME STREET PILOT PROJECT**

**PETITION TO UNDERTAKE PROJECT**

We, the undersigned, hereby petition the City of Portland to undertake SE 21<sup>st</sup> Avenue from Division St. to Powell Blvd. as a Residential Speed Bump Purchase Program High-Volume Street Pilot Project. If two-thirds of the project properties sign this petition, **area residents and businesses will fund the project** and the City will construct and maintain the speed bumps on this street segment. Please take note of the following items as they directly pertain to the signing of this petition:

- ✓ Financial contributions to the project are strictly voluntary, and there is NO property assessment
- ✓ Residents can sign petition in support of this project, but may choose not to contribute funds
- ✓ While the City cannot be certain of impacts, potential for traffic diversion exists with all speed bumps
- ✓ City will not be responsible for any mitigation measures should this project result in traffic diversion
