The Board shall make rules to carry out the purposes and provisions of this Article, which rules shall provide, in detail, the manner in which examinations shall be held, and appointments, promotions and removals made in pursuance thereof; and the Board may, from time to time, change its rules. Such rules, and all changes therein, shall be forthwith printed for distribution by the Board, and the Board shall, not less than ten days before the same go into effect, give notice, by publication in the City Official Newspaper, of the place where printed copies of said rules, or changes therein, may be obtained. The Board shall keep on file all examination papers and the markings thereof, and all other papers, documents and communications received by them; and all records and files of the Board shall be public and accessible at convenient times, as other public records and documents; but examination papers and markings need not be preserved more than five years.

[Ch. 1903, §310.]

§ 102. EXAMINATIONS:

The Board shall, from time to time, hold public competitive examinations to ascertain the fitness of applicants for all offices, places and employments in the classified civil service. Said examinations shall be confined to citizens of the United States who can read and write the English language, and shall be open to all such citizens who possess such qualifications as to residence, age, health, habits and moral character as may, by rule, be prescribed by the Board. Notice of the time, place and general scope of every examination shall be given by the Board by publication in the City Official Newspaper once each week for two successive weeks and by posting such notice in a conspicuous place in the office of the Board not less than two weeks preceding the examination. Such examinations shall be practical in their character, and shall relate only to those matters which may fairly test the relative fitness of the persons examined to discharge the duties of the positions for which they are applicants, and shall include, when appropriate, tests of health and physical qualifications and of manual, clerical or professional skill. No question in any examination shall relate to political or religious opinions, affiliations or services. The Board shall control all examinations and shall designate the persons who shall act as examiners at any examination. When a person in the official service of the city is designated by the Board, he shall, without being entitled to extra compensation therefor, act as such examiner. Any Commissioner may act as an examiner. No examiner shall receive any compensation for his services as such.

[Ch. 1903, §311.]

§ 103. RECORD OF POSITIONS AND APPLICANTS:

The Board shall prepare and keep a register for each grade or class of positions in the classified civil service of the persons whose general average standing upon examination for such grade or class is not less than the minimum fixed by the rules of the Board, and who are otherwise eligible. Such persons shall take rank upon such register as candidates in the order of their relative excellence, as determined by examination, without reference to priority of time of examination. Candidates of equal standing shall take rank upon the register according to the order in which their applications were filed. The Board may, by rule, provide for striking candidates from the register after they have remained thereon for a

specified time, and may limit the number of times the same candidate shall be certified to the appointing authority.

[Ch. 1903, §312.]

§ 104. VACANCIES, HOW FILLED; REAPPOINTMENT OF EMPLOYEES:

Whenever there shall be a vacancy in any position in the classified civil service, the appointing authority shall immediately notify the Board thereof. The Board shall thereupon certify to such appointing authority the names and addresses of the three eligible candidates standing highest upon the register for the class or grade to which such position belongs, but, if there be less than three, the Board shall so certify all such candidates upon the register. When vacancies exist in two or more positions of the same class in the same department at the same time, the Board may certify a less number than three candidates for each position, but those certified must be the eligible candidates standing highest upon the register. The appointing authority may require the candidates so certified to come before him, and shall be entitled to inspect their examination papers. The appointing authority shall appoint to each vacant position, on probation for a period to be fixed by the rules, one of the candidates so certified. Within such period, the appointing authority may discharge such probationer, and, in like manner, appoint another of such candidates, and so continue until all said candidates have been so appointed; but the appointing authority must make permanent appointment from said list of candidates unless, upon reasons assigned in writing by the appointing authority, the Board consents to and does certify a new list of candidates. If any probationer is not discharged within the period of probation, his appointment shall be deemed permanent. Any person who has been employed in any one department of the public service of the city for the six years immediately preceding the taking effect of this Charter, shall, upon making satisfactory proof of such employment to the Board, within thirty days after its appointment, provided the position which he occupies at the time this Charter goes into effect is included in the classified civil service, be certified by the Board to the appointing authority for that position as entitled to appointment, and such appointing authority shall forthwith appoint said person to such position. The appointing authority shall immediately notify the Commission of any appointment or discharge.

[Ch. 1903, §313.]

§ 105. TEMPORARY APPOINTMENTS:

In the absence and pending the preparation of an appropriate eligible list from which appointments can be made, or in extraordinary emergencies to prevent delay or injury to the public business, any office, place or employment in the classified civil service may be filled temporarily by the appointing authority, but not for longer than thirty days.

[Ch. 1903, §314.]

§ 106. RESTRICTIONS ON APPOINTMENTS:

No person shall be appointed or employed under any title not appropriate to the duties to be performed, and no person shall, without examination, be transferred to or assigned to perform the duties of any position in the classified civil service unless he shall have been appointed to the position from which such transfer is made as the result of an open competitive examination equivalent to that required for the position to which the transfer is made, or unless he shall have served with fidelity for at least six years in a like position in the service of the city. No person habitually using intoxicating beverages to excess shall be appointed to or retained in any office, place or employment in the classified civil service.

[Ch. 1903, §315.]

§ 107. PROMOTIONS:

The Board shall, by its rules, provide for promotions in the classified service, on the basis of ascertained merit and seniority in service, and standing upon examination,

and shall provide that in all cases where practicable, vacancies shall be filled by promotion. All examinations for promotions shall be competitive among such members of the lower ranks established by the Board for each department as desire to submit themselves to such examination; and the Board shall submit to the appointing authority the names of not more than three applicants, having the highest rating, for each promotion; and the promotion shall thereupon be made as in case of original appointments. The method of examining and the rules governing the same and the method of certifying shall be the same, as near as may be, as provided for applicants for original appointment. But the Board may by its rules prescribe the weight to be given to the recommendation of the head of the department in which the candidate for promotion has served; and where record of fidelity and efficiency of employes is regularly kept in good faith in any department the Board shall give the same at least equal value with the record on examination for promotion.

[Ch. 1903, §316.]

§ 108. REMOVALS—INVESTIGATIONS:

No employe in the classified civil service who shall have been permanently appointed under the provisions of this article shall be removed or discharged except for cause, a written statement of which, in general terms, shall be served upon him and a duplicate filed with the Board. Such removal or discharge may be made without any trial or hearing. Any employe so removed may within ten days from his removal file with the Board a written demand for investigation. If such demand shall allege, or if it shall otherwise appear to the Board that the discharge or removal was for political or religious reasons, or was not in good faith, for the purpose of improving the public service the matter shall forthwith be investigated by or before the Board, or by or before some officer or board appointed by the Board to conduct such investigation. The investigation shall be confined to the determination of the question of whether such removal or discharge was or was not for political or religious reasons, or was or was not made in good faith for the purpose of improving the public service. The burden of proof shall be upon the discharged employe. On such grounds the Board may find that the employe so removed is entitled to reinstatement upon such conditions or terms as may be imposed, by the Board, or may affirm his removal. The findings of the Board, or such officer or Board, when approved by the Board, shall be certified to the appointing officer and shall be forthwith enforced by such officer.

[Ch. 1903, part §317; Am. June 7, 1909, part of §317; Am. May 3, 1913, part of §317.]
*See §222.]

§ 109. SUSPENSIONS—REDUCTION OF FORCE:

Any appointing authority may suspend a subordinate for a reasonable period not exceeding thirty days, but such suspension if occurring more than once a year shall be deemed a removal and subject to investigation in like manner. But, if at any time the Council or other city authority shall abolish any office or employment, or reduce the number of employes, discharges shall be made in the inverse order of appointment, and if such offices or places shall again be created or reinstated the employes so removed, (except as to emergency employes), shall have preference for reappointment in the order of their original appointment.

[Amendment of June 7, 1915.]

§ 110. HOLD-OVER EMPLOYES:

[Ch. 1903, §317; Am. June 7, 1909, part of §317; Am. May 3, 1913, part of §317.]

§ 110½. REINSTATEMENT OF EMPLOYES:

Each act of the Civil Service Board, subsequent to July 1, 1913, in reinstating to his civil service standing any officer or employe who had resigned from or otherwise

relinquished a position to which he had been regularly and permanently appointed under the civil service laws of this Charter, is hereby ratified and confirmed.

Sample ballots shall be posted at the polls on election day.

(e) If by count of either first choice votes or first and second choice votes, as above provided, more candidates than there are offices to be filled shall receive a majority, the candidate or candidates equal in number to the number of offices to be filled having the highest vote shall be elected.

(f) If the full number of candidates to be elected do not receive a majority by adding first and second choice votes, as above directed, a canvass shall then be made of the third choice votes received by those candidates for said office who are not elected, either by first choice votes or by adding first and second choice votes, said third choice votes shall be added to the first and second choice votes received by such candidates, and the candidates, equal in number to the number of offices remaining to be filled who received the highest number of votes by said addition shall be elected.

(g) A tie between two or more candidates shall be decided in favor of the one having the highest number of first choice votes. If they also equal in that respect, then the highest number of second choice votes shall determine the result. If this does not decide then the tie shall be determined by lot, under the direction of the canvassing board.

(h) Whenever the word "majority" is used in this section it shall mean the smallest whole number in excess of one-half of the quotient obtained by dividing the total number of first choice votes, for any office by the number of officers to be elected thereto.

(a) To cause to be prepared a comprehensive plan for the reconstruction of the harbor front of the City of Portland, making provision for the needs of commerce and shipping and providing for the reconstruction of such docks, piers, slips, wharves, basins, cranes and dock apparatus as they may deem necessary for the convenient and economical accommodation and handling of water craft of all kinds and of goods and passengers; and they may modify such plans from time to time as the requirements of commerce and shipping and the advance of knowledge and information on the subject may suggest.

(b) And as a part of such plan to provide for public owned docks of such number and character and in such places as the commission may deem feasible and proper.

(c) To purchase or acquire by condemnation, as hereinafter provided, or by other lawful means, such lands, or rights, or interests therein, as may be proper or necessary for use in the construction of any public owned dock, wharf, pier, slip, basin or other structure as may be provided for in such plan. If the commission shall deem it proper and expedient that the city should acquire possession of such wharf, property, or land, and no price can be agreed upon between the commission and the owner thereof, the commission may direct the City Attorney to take legal proceedings to acquire the same for the City in the same manner as land is condemned for the purpose of parks, or as is or may be provided by the general laws of the State of Oregon in the case of corporations having the right of eminent domain. The title to all lands acquired by the commission shall be taken in the name of the City of Portland. If any lands acquired by the commission shall become unavailable for the purposes for which they were acquired they shall become the property of the City of Portland, free from any restriction, upon the passing of a resolution so declaring by the commission; the commission may exchange, or otherwise dispose of the same, in the discharge of its duties, as hereinafter set forth. No further evidence or attempt by the commission to agree with the owners of property shall be required than the sending of an offer by registered mail to the owner or occupant by name, if known; if not by such general designation, at the premises, if occupied, if not by posting a notice in a conspicuous place on said

premises for ten (10) days prior to the institution of the suit setting forth the amount of the offer made by the commission.

The City of Portland, acting through its Commission of Public Docks, is hereby authorized and empowered to lease for industrial uses any lands acquired by it not immediately needed for docks, wharves, piers, slips, basins, or other public uses for such period of time not exceeding thirty years and on such terms as the said Commission may deem advisable, provided, however, that the rent to be paid therefor during the period of such lease shall not be less than five per cent per annum of the market value of the said lands. Such market value shall be ascertained and fixed by the said Commission immediately prior to such leasing and every fifth year thereafter during the term of any such lease.

[Amendment of November 7, 1922].

(d) The commission shall have exclusive charge and control of the wharf property belonging to the City of Portland, including all the wharves, piers, bulkheads and structures thereon, and waters adjacent thereto, and all the slips, basins, docks, water fronts, lands under water and structures thereon and the appurtenances, easements, uses, reversions and rights belonging thereto which are now owned or possessed by said corporation or to which said corporation is or may become entitled, or which said corporation may acquire under the provisions hereof, or otherwise. The commission shall have the exclusive charge and control of the repairing, building, rebuilding, operation, alteration, and leasing of said property and every part thereof and all of the cleaning, dredging and deepening necessary in and about the same.

(e) The commission is also vested with exclusive government and control of all wharf property, wharves, piers, bulkheads and structures thereon, and waters adjacent thereto, and all the basins, slips, and docks, with the land under water, of said City not owned by said corporation. The powers conferred by the law of 1862, being Sections 4042 and 4043 of Bellinger and Cotton's Annotated Codes and Statutes of Oregon, in respect of piers and wharves, the same being Sections 5201 and 5202 of the laws of the State of Oregon, as prepared and annotated under the supervision of William F. Lord, code commissioner, and published in the year 1910, are hereby vested in the said commission. The said commission shall further have and exercise all the powers, rights and duties in respect of the subject matter herein provided for and that are now had or enjoyed by the City of Portland or by any of its departments, or officers, and especially the powers and duties conferred by subdivisions 76, 77 and 78 of Section 73 of the Charter of the City of Portland (1903); provided, however, that the grant of power herein contained shall in no wise limit, modify or restrict the powers conferred upon and exercised by the municipal corporation known as the Port of Portland, by its charter and several amendments thereto. Said commissioners, in addition to a general control over the harbor front of the City, as aforesaid, shall have authority to use, for loading and landing merchandise with the right to collect dockage, wharfage and tolls thereon, as hereinafter provided, such portions of the streets of the City of Portland ending or fronting upon the Willamette River in said City, as may be used for said purposes without materially obstructing the use of the same for access to the river.

(f) In the construction of docks, or the performance of other work, the commission shall proceed only after public notice asking for proposals based upon the plans and specifications previously submitted and filed with the commission by its engineer, and approved by them; provided that when, in the judgment of the commission, the bids received are excessive, or otherwise unsuitable, the commission may proceed to do the work directly. The commission shall in all cases have the right to reject any and all bids. In the event that it shall perform the work directly or without contract, it shall make no purchase of materials in amounts exceeding one hundred dollars (\$100.00) except by public letting, or in case of failure to receive bids after reasonable notice in a public newspaper of the City of Port-

land, or in case of extreme emergency where the delay of public letting might cause serious loss or injury to the work.

(g) The commission shall have the power to make general rules and regulations for the carrying out of the plans proposed by it for the building, rebuilding, repairing, alteration and maintenance of all structures, erections or artificial constructions upon or adjacent to the water front of the City of Portland, and, except as provided by the general rules of the commission, no new structures or repairs upon or along said water front shall be undertaken, except upon application to the commission and under permit by it and in accordance with the general plans of the commission and in pursuance of specifications submitted to the commission and approved by them upon such application. Such book shall be a public record and the same and copies thereof, shall be accessible to the public under like terms and conditions as other ordinances of the City of Portland; provided, however, that the commission may, in its discretion, withhold from publication the places where the public-owned docks proposed by it are to be situated until the same shall be acquired. All such ordinances or general regulations prescribed by the commission shall be subject to amendment, repeal or alteration on referendum or by the initiative in like manner as ordinances of the City of Portland. The commission, however, shall have power and authority to prescribe administrative regulations of a temporary nature and to alter the same from time to time without other record of the same than in its own books.

(h) The commission shall have the power to fix and regulate from time to time, and from time to time to alter the dockage, wharfage, and cramage charges for all public-owned docks, piers, wharves, or slips, and a schedule of such regulations shall be enacted in the form of ordinances and a certified copy thereof shall be transmitted to the Auditor of the City of Portland in like manner as other ordinances before the same shall go into or be in effect.

(i) The power and authority over that part of the streets of the City of Portland which abut upon or intersect its navigable waters, lying between the harbor line and the first intersecting street, measuring backward from highwater mark, is hereby conferred upon and vested in the docks commission to the extent only that may be necessary or requisite in carrying out the powers elsewhere vested in it by this act; and is hereby declared that such power shall include the right to build docks, wharves, piers, retaining or sea walls, or other construction across and upon such streets; providing, only, that access be provided to the public at the shoreward end thereof.

In case it shall be necessary to vacate any street or part of street in this section referred to for the purpose of carrying out the powers vested in the docks commission under this act, proceedings for such vacation shall be conducted as follows:

The docks commission or any other person shall petition the Mayor and Council, setting forth the particular circumstances of the case and giving a distinct description of the property to be vacated and the names of the persons particularly affected thereby, such persons to include all owners of property abutting upon the portion of the street to be vacated. Such petition shall be filed with the City Auditor thirty days previous to the session of the City Council at which time the same is proposed to be considered, and notice of the pendency of such petition shall be given for the same space of time in a public newspaper printed in said town. At such session, if the petitioner shall produce the written consent of the owners of the property abutting upon said street, the Council shall proceed to hear and determine upon said application, and may grant the prayer of the petition, in whole or

in part. If opposition be made to such petition, the Council shall continue the application until its next session and shall then hear all parties interested, and determine upon the vacation or deny the same, as may seem just in the premises. No such vacation shall take place unless the consent of the person or persons owning the property immediately adjoining said street or alley be obtained thereto in writing, which consent shall be acknowledged before some officer authorized to take acknowledgments of deeds, and filed with the County Clerk. Such vacation shall vest in the owners for the time being of the lots or ground bordering thereon on either side, in equal proportions.

(j) The commission shall have the power to employ such officers, employees, and agents as may be necessary in the efficient and economical carrying out of its duties and to fix and provide for their compensation. All permanent officers and employees of the commission, except consulting or technical employees, and employees engaged in construction, shall be subject, in respect of their appointment and removal, to the civil service rules of the City of Portland. All offices, places and employments in the permanent service of the commission shall be provided for by ordinance duly passed and a list of the same shall be transmitted to the civil service commission for classification in like manner as other employments in the service of the City.

(k) The commission shall annually make to the Mayor of the City of Portland a full report of its doings for the year, including an itemized account of its receipts and expenditures, and of its estimated receipts and expenditures for the ensuing year. Such report shall be made at the same time as reports of the other departments of the City are submitted. Such report shall include a careful estimate of the amount necessary over and above net current receipts of the commission to pay interest on its bonded indebtedness then outstanding; to provide for the sinking fund hereinafter described and for the necessary expenses of the commission in the maintenance and operation of dock property, a tax levy sufficient to raise the amount named in said estimate shall annually be made by the Council of the City of Portland in such manner and at such time as other taxes are levied. In the event of the failure of the Council to make such levy, the amount of the estimate of the commission may be certified by it to the County Clerk in like manner and with the same effect as in the case of other corporations having the power to levy a tax. The amount of such tax, however, shall in no case exceed one-tenth of one mill upon the assessed valuation of the City of Portland in addition to the amount necessary to pay the interest and sinking fund, on the outstanding bonds of the commission.

(l) The commission is hereby authorized, in the name of and under the corporate seal of the City of Portland, to issue and dispose of bonds of the City of Portland to an amount not exceeding two million five hundred thousand dollars (\$2,500,000.00), of such denomination as the commission may determine, and in such form as they may direct. The commission may prescribe the length of time for which said bonds shall run, and that such bonds, or a prescribed portion of them, may be retired at any time after ten years. Such bonds may be issued in series, as the necessity for the expenditure of money in the progress of the work of the commission may arise. The bonds shall be signed by the Mayor and countersigned by the Auditor of the City of Portland. Coupons shall be attached with engraved signatures of the Mayor and Auditor. Said bonds shall contain a promise on the part of the City of Portland, to pay to the bearer of said bonds, or the registered holder, if the same shall be registered, at the maturity thereof, the sum mentioned therein in gold coin of the United States, together with such interest thereon in like gold coin, as said commission shall prescribe, not to exceed six per cent per annum, payable half-yearly. Said bonds shall be known as "Dock Bonds of the City of Portland." They shall be sold to the highest responsible bidder, but the commission may reject any and all bids tendered for the same, and proceed to readvertise when bids are not satisfactory. The Treasurer of the City of Port-

land shall have the care and custody of all moneys received from the sale of said bonds, and shall pay out the same on the warrants of the chairman of the commission, countersigned by its secretary, and not otherwise. The proceeds from the sale of the said bonds shall be expended by the commission, first, in the payment of the expenses of the issuance of the said bonds; second, for the preparation of the plan provided for by Section 3; third, for the purchase of land for the docks, or the purchase of lands and docks, or in pursuance of condemnation proceedings; and, fourth, in the construction and maintenance of docks, piers, slips and wharves, and in the maintenance and operation and management of the same, and in the exercise of the commission's general powers. The bonds may contain such provision for their redemption as the commission may prescribe, but in the event of no provision being made therein, after five years from the issuance of any series of bonds, not less than two per cent of the principal thereof shall be set aside as a sinking fund and invested in income bearing securities, preference being given to bonds of the City of Portland; such security in no case to have a date of maturity subsequent to that of the bonds for the payment of which they are to provide.

(m) All moneys received by the commission shall be paid to the City Treasurer and by him kept in a separate fund. Disbursements shall be made by him on warrants of the president and secretary of the commission, in pursuance of its general purposes and after express authority or ordinance, or resolution of the commission. The books of the commission may from time to time be audited by the City Auditor of the City of Portland under the direction of the Mayor in such manner and at such time as he may prescribe.

bonds and paying not to exceed one year's interest on said bonds, and for carrying out the provisions of this section. The levy of such tax shall be made annually in the same manner and with the same force and effect as heretofore provided with respect to said Commission.

[Ch. 1903, §100; Am. May 3, 1913, §67.]

§ 167. COUNCIL MAY AUTHORIZE INDUSTRIAL TRACKS:

The Council shall have power on application or assent in writing of the owners of a majority part in extent of the lots or tracts of land fronting on each side of that portion of any street or part of a street on which it is desired to construct railroad tracks for spurs, sidings or switches, other than those for street railways, to grant revocable permits for the use of streets for that purpose, subject to sections 158 and 171 of this Charter.

[Ch. 1903, §102; Am. May 3, 1913, §68.]

§ 168. AUTHORIZING AGREEMENT WITH COMMERCIAL RAILROADS:

The Council shall have power and authority by ordinance duly passed to agree with any corporation, firm or person constructing a commercial railroad and desiring to enter the City, upon the extent, terms and conditions upon which the streets, alleys

or public grounds of the city may be appropriated, used or occupied by such railroad and upon the manner, terms and conditions under which the cars and locomotives of such railroad may be run over and upon such streets, alleys and public grounds; such agreements shall be subject to the provisions and requirements of sections 151 to 159, 166 to 175, and E and F of section 177 of this Charter.

[Am. May 3, 1913, §70.]

§ 170. LIMITED TIME FRANCHISES:

Franchises may be granted for a limited time in and upon the streets, highways and public places and property of the City of Portland, in the manner and subject to the conditions hereinafter contained.

[Am. May 3, 1913, §71.]

§ 171. NO FRANCHISE EXCLUSIVE:

No exclusive franchise shall be granted nor shall any franchise, lease or right be granted for a longer period than twenty-five years.

[Am. May 3, 1913, §72.]

§.172. METHOD OF GRANTING FRANCHISES:

Every franchise shall be embodied in an ordinance, which shall contain all the terms and conditions of the proposed grant, and shall be filed with the Auditor. Thereupon such proposed ordinance shall be published in full, once in the City Official Newspaper. There shall also be published, in a conspicuous place in such daily newspaper of the City, having a circulation in excess of 15,000, as the Council may direct, a notice prepared by the Auditor, that an application has been made for a franchise, giving the name of the applicant, the character and location of the proposed grant, and requesting any person having any objections to such proposed franchise or any provisions thereof to file the same in writing with the Auditor within twenty days from the first publication of such notice. If the request is made therefor, the Council shall fix a time for a hearing upon such objections and give reasonable notice of the time thereof and not less than five days. All of such publications and notices shall be at the expense of the applicants for such franchises.

Such ordinances shall not come up for first reading until after the expiration of the said twenty days.

If such ordinance shall be amended, it shall be republished in the City Official Newspaper in full as amended.

No such ordinance granting a franchise shall be put on final passage within thirty days after the first reading nor within twenty days after any amendment thereto, and the affirmative vote of four Commissioners shall be required to pass the same.

[Am. May 3, 1913, §73.]

§ 173. WHEN FRANCHISE TAKES EFFECT:

No franchise shall take effect until sixty days after its passage unless it shall receive a majority of the votes cast thereon at a referendum election held for that purpose within a less time. The filing of a petition for referendum shall defer the taking effect of a franchise until after the election. A petition signed by 2000 registered voters shall be sufficient to call a referendum upon any franchise ordinance.

[Am. May 3, 1913, §74.]

§ 174. FRANCHISE CONDITIONS MUST BE EXPLICIT — SPECIFIC CONDITIONS:

Every franchise granted by the City of Portland shall contain full and explicit statements of its conditions in the following particulars:

(a) In case of railroads and street railways it shall specify plainly the streets or other public places or parts thereof to which they apply. Any other franchises shall state the boundary of the district or districts within which they shall be exercised.

(b) The amount and manner of payment of the compensation to be paid by the grantee for the right.

The Council shall make an estimate of the cash value of any franchise upon the filing of the application, or an estimate of what it may consider fair compensation to the City for such franchise, and the same shall be entered upon the minutes of the proceedings of the Council and published with the published copy of the franchise.

In lieu of a money valuation the Council may at its option declare what will be a reasonable reduction of fares, rates or charges, either at the beginning or progressively from time to time, to be made by the grantee in compensation for the grant.

(c) The time of beginning the construction or other work thereunder, the estimated total cost of such work, the monthly or yearly sums of money to be expended thereon, and in case of franchises to transportation companies or other franchises covering certain streets or portions of streets, the time within which the work under such franchise shall be completed upon such streets or portions of streets, respectively.

(d) Every grant of a franchise which provides for or permits the changing of rates, fares or charges shall contain a provision fixing the maximum that the holder can collect for services rendered by virtue of said franchise and the operation of the plant or property thereunder; subject, however, to the power of regulation prescribed in Section 158 of this Charter.

Rates, however, shall always be uniform to all persons of like classes, under similar circumstances and conditions.

[Am. May 3, 1913, §75.]

§ 175. WRITTEN ACCEPTANCE MUST BE FILED:

Every grantee of any franchise, right or privilege shall within thirty days after the ordinance granting the same shall be enforced, file in the office of the Auditor a written acceptance of the same, and a failure on the part of the grantee to file such written acceptance within the time specified shall be deemed an abandonment and rejection of the rights and privileges conferred, and the ordinance granting the same shall thereupon be null and void; such acceptance shall be unqualified and shall be construed to be an acceptance of all the terms, conditions and restrictions contained in the ordinance granting the same.

[Am. May 3, 1913, §76.]

§ 176. COUNCIL MAY IMPOSE FURTHER CONDITIONS:

The numeration and specification of particular matters which must be included in every franchise granted shall not be construed to impair the right of the City to insert in such franchise such other and further conditions and restrictions as the Council may deem proper for the public welfare.

[Am. May 3, 1913, §77.]

§ 177. CONDITIONS AND RESTRICTIONS ON FRANCHISES:

Every franchise granted by the City shall be subject to the conditions and restrictions hereinafter provided, to-wit:

(a) That the City may in any lawful manner and upon the payment of a fair valuation lawfully ascertained, purchase, condemn, acquire, take over and hold the property and plant of the grantee in whole or in part; if such purchase or taking over be at the expiration of the term of the franchise such valuation shall not include any sum for the value of the franchise or grant under which such plant and property is being operated.

(b) That upon payment by the City of Portland of a fair valuation, as above stated, the plant and property so acquired shall become the property of the City without formal execution of any instrument of conveyance, provided, however, the City may at its option compel the execution to it of an instrument of transfer and conveyance.

(c) That upon the acquisition of any such plant or property the right of the holder of any such franchise pursuant to which such plant or property was operated shall cease and determine, and the acquisition by the City of any such property or plant shall operate to divest the holder of any such franchise of all right, title and interest therein.

(d) No franchise shall be granted without fair compensation to the City therefor, either by way of direct payment or by reduction of rates, fares or charges, and in addition to the other forms of compensation to be therein provided, the grantee may be required to pay annually to the City such part of its gross receipts as may be fixed in the grant of said franchise. This provision shall not exempt the holder of the franchise from any lawful taxation upon its property nor from any license, charge or imposition not levied on account of such use.

(e) Every franchise and all things constructed thereunder or used in connection therewith, other than rolling stock and power, shall be subject to common use by any person or corporation, including the City, operating a similar public utility whenever it shall be advantageous to the public upon payment or tender of fair compensation for such use. The compensation for the franchise itself shall be payable only to the City and not to the holder of the original franchise.

The Council shall have the power to determine what is a fair compensation and to regulate the manner of such use subject to judicial review, but no judicial proceeding shall suspend or postpone such use if the person or corporation desiring such common use shall deposit in the court such sum as the court on a preliminary hearing may determine.

Such compensation shall not include any remuneration for the franchise or rights conferred by the City, except that the new user may be required to pay a ratable part of any tax or public charge imposed upon the original grantee by reason of said franchise, in addition to such other payment to the City as the Council may deem equitable.

(f) The holder for the time being of any franchise to construct or operate railways in the streets or public places shall keep those portions of streets or other places occupied by such holder, in good order, as required by the Council, and shall pave, improve, or repair and maintain from time to time in the manner and within the time directed by the Council, that portion of the street occupied by them lying between the rails of any track and extending one foot outside of such rail and the portion of the streets lying between the tracks.

In addition any franchise granted to any street or other railroad, for the operation thereof, may provide that the holder thereof for the time being shall pave, repave and keep in repair at the time and in the manner required by the Council any street or part thereof used pursuant to such franchise for the whole or any part of the entire width of the street.

Failure or neglect upon the part of any holder of a franchise to do the work in the manner and within the time required by the Council, shall constitute an offense

punishable by a fine of not less than Ten Dollars nor more than One Hundred Dollars for each and every day such refusal or neglect shall continue.

[Am. May 3, 1913, §78.]

§ 178. CONSENT OF COUNCIL NECESSARY TO TRANSFER OF FRANCHISE:

No franchise shall be sublet or assigned, nor shall any of the rights or privileges thereby granted or authorized be leased, assigned, sold or transferred without the consent of the City expressed by ordinance which shall be subject as other ordinances to the referendum.

[Am. May 3, 1913, §79.]

§ 179. STATEMENT REQUIRED WITHIN NINETY DAYS:

Within ninety days after this Charter shall take effect, the holder of any franchise shall file with the Auditor a full and correct statement of the franchise, rights and privileges owned or claimed to be owned by him or it, and shall designate the same by the numbers and titles of the ordinances by which such franchises were granted, and any holder of any franchise, on failure so to do, shall be guilty of an offense punishable by a fine of not less than Ten Dollars and not more than One Hundred Dollars per day while such refusal or neglect continue. The holder of every franchise, and the grantees of every franchise hereafter granted, on sale, transfer, mortgage or lease being made of such franchise, shall within sixty days thereafter file with the Auditor a copy of the deed, agreement, mortgage, lease, or other written instrument evidencing such sale, transfer or lease, certified and sworn to as correct by the grantee, in person, if an individual, or by the president or secretary or authorized agent, if a corporation.

Every sale, transfer, mortgage or lease, of such franchise, whether voluntary or involuntary, shall be deemed void and of no effect unless the grantee shall, within 60 days after the same shall have been made, file such certified copy as required by this section and consented to as provided in Section 178 of this Charter, also unless the Council agrees to such sale by an ordinance expressly passed for that purpose, as provided by Section 178.

The Auditor shall file all such documents and shall make and keep an index of the same in a book to be kept by him for that purpose, which book shall be a part of the public records of the City.

[Am. May 3, 1913, §80.]

§ 180. AUDITOR TO KEEP RECORD OF FRANCHISES:

The Auditor shall keep a separate record for each grantee of a franchise from the City rendering a service to be paid for wholly or in part by users of such service, which record shall show in the case of each such grantee:

1. The true and entire cost of construction, of equipment, of maintenance and of the administration and operation thereof; the amount of stock issued, if any; the amount of cash paid in, the number and par value of shares, the amount and character of indebtedness, if any; the rate of taxes, the dividends declared; the character and amount of all fixed charges; the allowance, if any, for interest, for wear and tear or depreciation; all amounts and sources of income.

2. The amount collected annually from the City treasury and the character and extent of the service rendered therefor to the City.

3. The amount collected annually from other users of the service and the character and extent of the service rendered therefor to them. Such books of record shall be open to public examination at any time during the business hours of the Auditor's office. Such information, in addition to any further data which may be required by the Auditor, under this Charter, shall be furnished by the grantees or holders of such franchises to the Auditor upon his request, and at such grantees' own cost and expense.

4. In case any grantee or holder of a franchise fails or refuses to furnish such

information when requested so to do on petition being presented on behalf of the City to the Municipal Court, such court shall have jurisdiction to compel such grantee or owner to furnish such information and tax the costs of such application against the defendant in such proceeding and in addition may impose a fine of not less than Twenty-five nor more than Five Hundred Dollars for every such offense. All fines collected under this Section shall be paid into the General Fund. The procedure on such application shall be as far as possible analogous to that on mandamus.

[Am. May 3, 1913, §81.]

§ 181. FORFEITED FRANCHISES:

All franchises or privileges heretofore granted by the City which are not in actual use or enjoyment or which the grantee thereof has not in good faith commenced to exercise within the time required by the terms thereof are hereby declared forfeited and of no validity. This Charter shall in no wise validate any contract, privilege or franchise not heretofore a legal and valid obligation of the City.

[Am. May 3, 1913, §82.]

§ 182. ABANDONMENT RESTRICTED:

No abandonment, non-user or failure to comply with the terms of the franchise shall release the holder from any of the obligations thereof without the consent of the City expressed by ordinance which shall be subject to the referendum. Notwithstanding such abandonment the provisions of the franchise may be enforced, but upon abandonment, non-user, or failure to comply with any of the terms of the franchises, the City may by ordinance declare a forfeiture, whereupon all rights of the holders of the franchise shall immediately be divested without a further act upon the part of the City, and in case of a franchise for occupancy of streets, the holder shall be required notwithstanding such forfeiture, to remove its structures or property from the streets and restore the streets to such condition as the Council may require or as may be stipulated in the grant; and upon failure to do so the City may perform the work and collect the cost thereof from the holder of the franchise. The cost thereof shall be a lien upon all the plant and property of the holder of the franchise, prior to any other lien except that of City assessments or general tax, and the City may collect the same as a City assessment or in any other lawful manner.

[Am. May 3, 1913, §83.]

§ 183. COMMON TRANSPORTATION TERMINAL:

It shall be the policy of the City of Portland to create a common transportation terminal, both land and water, embracing both sides of the harbor for its full extent in the city, which shall be subject to entry and use throughout its full extent by all common carriers on equal terms, as far as the property, rights and jurisdictions of the city may apply to secure same; and all such property, rights and jurisdictions of the city within one thousand (1,000) feet of meander line specified in Section 93 of the Charter of 1903 as amended shall be subject to use and demands for such common terminal purposes and needed connecting roadways, tracks and appurtenant facilities, provided that the public docks may be furnished with warehouses subject to lease.

All proposed franchises, grants, privileges, and public improvements and other improvements as far as the jurisdiction of the city may extend, effecting such territory must be considered in relation to said common terminal and adapted thereto in a systematic way, and shall to that end be submitted to the City Engineer and the official or officials in charge of the public docks for approval. Without the approval of these, it shall require a four-fifths vote of the Council to pass such measure. If the Council pass such measure without the approval aforesaid, the Mayor shall have the measure placed upon the ballot at the next ensuing regular election for approval or rejection by the people.

No grant or franchise affecting this territory shall confer any superior right that

may operate to defeat the purpose of this act to protect the common access on equal terms in said territory and any provision in any grant or franchise contrary to said purpose shall be null and void.

The purpose of this act being to provide connections for and means of interchange of traffic upon the lines or tracks of all common carriers, public or private, with the greatest facility and economy and the least obstruction, inconvenience and cost possible. [Amendment of May 21, 1926.]

§ 191. TRANSFER OF MONEY FROM ONE FUND TO ANOTHER:

It shall be lawful to transfer money from the General Fund to any other fund of the City and from the Bonded Indebtedness Interest Fund to the Improvement

Bond Interest Fund, and the Council may provide that money transferred must be returned to the fund from which it was transferred. No other transfers shall be made.

[Ch. 1903, §115; Am. May 3, 1913, §89.]

Whenever bonds of the City of Portland are offered for sale, and there is a balance to the credit of any sinking fund or special fund, not invested, said bonds may be awarded at par and accrued interest to the City Treasurer for the nearest practical amount, to consume said balance, and shall be held by the City Treasurer as an investment for said fund. In cases where bonds of the City of Portland may not be offered for sale at a time or in sufficient amount to provide for the investing of any such balance, the Council may provide for investing the same in any bonds of the United States Government, State of Oregon, the City of Portland, Multnomah County, School District No. 1 of Multnomah County or Port of Portland, and to that end the Council may authorize the Treasurer to submit a bid for any such bonds which are about to be issued for sale, or may authorize the Treasurer to advertise for proposals from persons holding any such bonds, the purchase of such bonds to be made by the Council of the lowest bidder, reserving the right to reject any and all bids. All interest received from any and all such investments shall be credited to the fund from which the investment was made, provided that two or more funds may be joined in one investment, a suitable provision being made for keeping an account of the amount invested from each fund and making an apportionment of the interest and principal when received. And the Council may sell any bond so purchased when the same may not be payable at or near the time when such funds may be needed for the purpose for which the same was created, provided that any and all such sales shall be made to the highest and best bidder after advertising for proposals in the City Official Newspaper by publication for at least five days. The Council may provide for loans to any such fund from the General Fund from time to time, which loans shall be without interest, and each such loan shall be repaid as soon as practicable by a transfer from such fund of the amount so loaned. Pending the investment as herein provided of any such funds, the same shall be deposited in a suitable bank offering to pay the highest rate of interest as may have been selected for the deposit of municipal funds.

[Amendment of May 17, 1918.]

§ 193. EXPENDITURES OF MONEY:

Any liability or liabilities incurred by the Council to be paid in any fiscal year, which singly or in the aggregate shall be in excess of the revenues for such year shall be null and void.

The Council may by ordinance limit the expenditures of every department of the City government, except interest charges and other charges fixed by contract or by this Charter during each fiscal year, or during any month thereof, and any contracts made, debts created or liability incurred in excess of the amounts authorized by the Council, where the Council may so limit the expenditures of moneys,

[Ch. 1903, §117; Am. May 3, 1913, §91.]

§ 194. ANNULMENT OF BACK TAXES:

All taxes except special assessments for local improvements levied by the City of Portland or by the former cities of East Portland, Albina or Sellwood for any year prior to 1895, which shall not be collected before July 1st, 1904, shall become void and no steps shall thereafter be taken for their collection.

[Ch. 1903, §119.]

§ 195. ANNUAL AND OCCASIONAL INDEPENDENT AUDITS:

At the close of each fiscal year the books and accounts and the financial affairs and transactions of the City shall be audited by some competent accountant to be appointed for such work by the Council from a list to be provided as follows:

At least sixty days before the time for such annual audit the Council shall make request upon the Portland Clearing House Association to furnish to it a list of the names of three or more competent accountants from which to make such appointment. If said association shall fail or refuse to so furnish such list within twenty days after being so requested application shall then be made by the Council to the grand jury then or next thereafter sitting in Multnomah County, Oregon, to furnish it such list, and if said grand jury shall fail to so furnish such list within twenty days after having been so requested, the Council shall then request the Civil Service Board of the City of Portland to furnish to it such list and it shall be the duty of the Civil Service Board to furnish such list. From a list furnished as above provided such appointment shall be made.

The Council may from time to time and as often as it shall deem necessary, have like audit made, paying the expenses thereof in like manner. The audit made at the close of the fiscal year and in the discretion of the Council any audit made by an accountant employed by it shall be published in the City Official Newspaper.

§ 228½. WATER BONDS:

In order to provide funds for the enlargement and extension of its water system by the construction of additional pipe lines or conduits from the headworks at the Bull Run River to the City of Portland, by the purchase or condemnation of necessary land and the development of the same, by the construction of necessary reservoirs, by laying water mains, distributing mains and mains for reinforcement, including laterals and appurtenances, by the purchase and installation of necessary pumping machinery, and the purchase of water systems, the Council is hereby authorized and empowered in the name of the City of Portland from time to time as may be deemed expedient and necessary, to issue and dispose of bonds of the City of Portland of the denomination of five hundred dollars and, or one thousand dollars, as the Council may determine, under the seal of the City of Portland, with interest coupons attached thereto. The amount of the several issues of such bonds shall be determined by the Council. The bonds shall be signed by the Mayor and countersigned by the Auditor of the City of Portland, and each of said coupons shall have the signatures of the Mayor and Auditor engraved thereon, whereby the City of Portland shall be held and considered in substance and effect to undertake and promise, in consideration of the premises, to pay to the bearer of each of said bonds, at the expiration of the time fixed by the Council, which shall not be less than three years nor more than thirty years from the date of such bonds, the sum recited therein in Gold Coin of the United States, together with interest thereon in like coin, payable semi-annually, as provided in such coupons. The rate of interest shall not exceed five per cent per annum. The Council shall fix the rate of interest or provide that it shall be fixed by the bid. Competition in bidding shall be on the premium and, or rate of interest as the Council shall designate. The Council shall fix the time of payment and may make the same serial, within the above limits. The bonds issued in pursuance of the authority hereby granted shall be known as "Water Bonds of the City of Portland." Said bonds shall be sold to the highest responsible bidder and the Council may at its discretion reject any and all bids tendered therefor and proceed to readvertise and receive bids until a satisfactory bid is received. All advertisements shall be published in not less than five consecutive issues of the City Official Newspaper. All moneys derived from the sale of said bonds shall be credited to a fund to be known as the "Water Construction Fund" and all moneys received from the water rates shall constitute the Water Fund of the City of Portland, and both said funds shall be in the care and custody of the City Treasurer of the City of Portland and shall be paid out by the Treasurer on warrants signed by the Mayor and countersigned by the Auditor and not otherwise. Money may be transferred by the Council from the Water Fund to the Water Construction Fund, either as a permanent transfer or temporary loan. The revenue from the sale of water is made primarily liable for the payment of the principal and interest of said bonds. The Council shall annually before the first day of the fiscal year, make a written estimate of the probable cost of operation, maintenance, and, or depreciation of the water works, together with interest and sinking funds required for all outstanding indebted-

ness during the ensuing year and thereupon fix water rates for such year which will insure a sufficient income from the sale of water to pay for such expense and cost. It shall be mandatory upon the part of the Council to set aside an annual amount for a sinking fund for the retirement of the outstanding water bonds which amount shall, with the anticipated accumulations of interest on money or securities in such fund, be sufficient at the time when the various water bonds heretofore or hereafter issued become due to retire the said issues. Said sinking fund shall be upon an actuarial basis and a table shall be prepared showing the amount of money which should be on hand in the sinking fund at the close of each fiscal year, and if at the close of any fiscal year the amount in the sinking fund is not equal to the amount as computed any such deficit shall be made up at that time by transferring to the sinking fund from the water fund the necessary additional amount. The payment of the principal and interest of said bonds shall be primarily chargeable against the moneys derived from the sale of water. The principal and interest of said bonds shall be general obligations of the City of Portland but shall not be included within the debt limit prescribed by the charter. The amount of bonds which may be issued under the provisions of this section is hereby limited as follows: Before any bonds shall be issued hereunder an account shall be had of the total amount of water bonds then outstanding (including, however, only those bonds payable from the revenue of the water system) and from such amount shall be deducted the sum then in the sinking fund applicable to the retirement of such water bonds and the difference shall be held to be the net water bond indebtedness. An account shall at the same time be taken of the amount paid into such sinking fund and, or for the retirement of serial bonds during the preceding fiscal year. No bonds shall in any year be issued under the provisions of this section which with the net outstanding water bond indebtedness ascertained as above, shall exceed an amount which can be realized during a period of thirty-five years by the payment into the sinking fund above required to be maintained of an annual amount equal to the sinking fund payment and payment for the retirement of serial bonds made during such preceding fiscal year with accumulations thereof upon the basis of interest at four per cent per annum compounded annually.

[Amendment of November 7, 1922.]

§ 228¾. WATER REFUNDING BONDS:

For the purpose of refunding bonded indebtedness incurred by the City in issuing its water bonds dated July 1, 1893, due July 1, 1923, bearing interest at five per cent in the principal sum of \$2,200,000, the Council is hereby authorized to refund said bonded indebtedness by issuing and selling refunding bonds of the City of Portland of the denomination of five hundred dollars or one thousand dollars as the Council may determine under the seal of the City of Portland with interest coupons attached thereto in the principal sum of \$2,200,000. The bonds shall be signed by the Mayor and countersigned by the Auditor of the City of Portland and each of said coupons shall have the signatures of the Mayor and the Auditor, engraved thereon, whereby the City of Portland shall be held and considered in substance and effect to undertake and promise, in consideration of the premises to pay to the bearer of each of said bonds at the expiration of the time fixed by the Council which time shall not be less than five nor more than thirty years from the date of issuance of such bonds, the sum recited therein in Gold Coin of the United States, together with interest thereon in like coin, payable semi-annually as provided in said coupons. The Council shall fix the rate of interest or provide that it shall be fixed by the bid. Competition in bidding shall be on the premium and, or rate of interest, as the Council shall designate. No sale shall be made for less than par and accrued interest. The Council shall fix the time of payment and may make the same serial within the above limits. The refunding bonds issued in pursuance of the authority hereby granted shall be known as "Refund Water Bonds of the City of Portland, Oregon." The bonds herein provided for shall be advertised and sold to the highest responsible bidder, and the Council may at its discretion reject any and all bids tendered for such bonds and proceed to readvertise and receive bids until a satisfactory bid is received. All ad-

vertisements shall be published for not less than five successive issues in the City Official Newspaper. Moneys derived from the sale of said bonds shall be used in the redemption of said bonds dated July 1, 1893, due July 1, 1923, and any balance that remains after such redemption shall be placed to the credit of the Water Bond Sinking Fund. The payment of the principal and interest of said refunding bonds shall be primarily chargeable against moneys derived from the sale of water; the principal and interest of said bonds shall be general obligations of the City of Portland but shall not be included within the debt limit prescribed by the Charter.

Provided, however, that the said Portland Railway, Light and Power Company, its successors and assigns, or any other company or corporation holding rights, leases or franchises, on said bridge shall agree in and by said new lease or franchise, to pay as rental for the use of said new bridge and approaches thereto and tracks thereon, five cents (5c) per car for each and every car of thirty-six (36) feet or less in length that crosses said bridge, and such additional rate per car for cars over thirty-six (36) feet in length as may thereafter be agreed upon between the Executive Board and the company or corporation interested therein. Said rental to be paid at the end of each calendar month to the City Treasurer. Said rental in no case to be less than fifteen thousand dollars (\$15,000) per year, and in case said rental shall amount to less than fifteen thousand dollars (\$15,000) per year upon the basis of the rate per car as hereinbefore provided, then and in that event the Portland Railway, Light and Power Company, its successors and assigns, shall at the end of the year, pay the difference between the amount paid at the rate of five cents (5c) per car and the said sum of fifteen thousand dollars (\$15,000) to the City Treasurer. Nothing in this ordinance shall be construed to authorize the Executive Board or its successors in office, to give any street railway company any exclusive right to operate cars over said new bridge. Should said Hawthorne Avenue Bridge be destroyed by fire, flood or other casualty, any lease or contract with reference to the use of the approaches thereto or contracts thereon by any street railway company shall then and thereupon at the option of said Executive Board and its successors in office cease and determine, and if such bridge shall be rebuilt then said lease or contracts for the use of the approaches to or tracks upon said bridge shall apply to said bridge so rebuilt or renewed. Such bonds, before sale, shall be advertised for not less than two weeks, and shall be sold to the highest responsible bidder, but not for less than par and accrued interest. The Council, before advertising the sale of such bonds, may provide that competition in bidding shall be partially or wholly upon the rate of interest, and in that case the rate shall be fixed according to the bid of the successful bidder and the award shall be made upon the bid which is most to the advantage of the city. In calculating the cost of acquiring such property, easements and/or rights, the cost of engineering, advertising, obtaining values, and all other expenses, shall be included.

If appeals are taken to the Circuit Court of the State of Oregon for Multnomah county, as provided by the charter, by the owners of any lot, tract or parcel of land appropriated, or by persons against whom an assessment of benefits is made, and upon the determination of such appeals judgments are entered by the Circuit Court against the city, increasing the cost of acquiring such property, rights of way, easements and/or other rights over the amount allowed by the City Engineer and the Council, then further authority is hereby given to the Council to issue and sell additional bonds, in the manner and form as above provided, up to but not exceeding an amount sufficient to cover such deficit cost as fixed by said Circuit Court on said appeals.

The amount of all of the bonds authorized by this section of the charter shall not be counted in calculating the limited indebtedness otherwise applicable to the City of Portland, but shall be excluded from said limitation.

In case of any unforeseen or great emergency, the Council may, by ordinance, at any time on recommendation of the Board of Health*, authorize further expenditures to be made out of the Municipal Garbage Collection Fund. All moneys collected or received by the Board of Health for the collection of garbage shall be deposited with the City Treasurer, who shall keep the same separate and apart from the other funds of the City in a fund to be known as the Municipal Garbage Collection Fund.

§ 255. DEFINITION OF "STREET":

The term "street" as used in this Charter shall be construed to include any street, avenue, boulevard, alley, lane, bridge, bicycle path, road, public thoroughfare or public way, and any land over which any right of way has been obtained or granted, for any purpose of public travel.

[Ch. 1903, §75; Am. May 3, 1913, §57.]

§ 256. ORIGINAL ESTABLISHMENT OF GRADES:

When the Council may not have established the grade of any street or streets or part or parts thereof the grade of such street or streets or part or parts thereof may at any time be established by the Council by ordinance without taking any of the proceedings hereinafter provided for.

§ 257. CHANGE OF GRADE—AUTHORITY OF COUNCIL:

The Council shall have authority to change any grade which may have been previously established, to determine the amount of damages to be paid in consequence of such change and make a local assessment therefor, provided, that where any grade shall have been established by the Council and any permanent building shall have been constructed upon abutting property after such establishment, for which building damages are claimed as hereinafter provided, no such change of grade shall be made without ascertaining whether any damage is sustained and providing for payment of such damage, as hereinafter provided. In other cases the Council shall determine whether or not damages to abutting property shall be considered or awarded. The term "permanent building" shall include any pavement, curb, sidewalk, step, fence or other structure, the cost of which shall have been paid by the claimant for such damages or by his predecessor in title.

§ 258. ENGINEER'S REPORT:

Whenever the Council shall deem it expedient to change the grade of any street or streets or any part or parts thereof within a district continuously affected by such change of grade, it shall direct the Engineer to make a report thereon. The Engineer shall thereafter, as soon as can be conveniently done, file with the Auditor his report which shall show the location and nature of grade changes which in his judgment should be made.

§ 259. NOTICE TO PROPERTY OWNERS AND HEARING THEREON:

The Council shall, if it deem such report satisfactory, adopt a resolution approving the same and declaring its intention to make such proposed change of grade, stating the location and nature of the proposed change. Notice of the adoption of such resolution shall be published by the Auditor in the City Official Newspaper for

a period of five consecutive insertions. Such notice shall set forth a copy of such resolution and the time within which objections against such proposed change of grade and claim for damages may be filed in writing with the Auditor, and the time when said matter and objections will be heard by the Council. Objections and claims for damages may be filed at any time within twenty days from the first publication of such notice. The time for hearing shall be the next regular meeting of the Council following the expiration of said 20 days. The City Engineer within five days from the first publication of such resolution shall cause to be posted on the street or streets affected by such proposed change of grade a notice headed "Notice of Change of Grade," containing in legible characters a copy of the notice so published. One of such notices shall be posted at or near each street intersection where such proposed change of grade is to be made, but if no intersection is affected by such change of grade then the posting of one notice at or near the maximum point of change of grade shall be sufficient. The City Engineer shall file with the Auditor an affidavit of posting stating therein the date when and the places where such notices were posted.

§ 260. HEARING ON OBJECTIONS AND CLAIMS FOR DAMAGES:

If the Council find that the owners of more than three-fifths in area of the property affected have filed written objections, no further proceedings shall be taken for a period of six months except on a petition of the owners of more than half in area of such property or unless an award of damages is made to the owners of property injuriously affected. The Council may determine at such hearing what property is injuriously affected by such proposed change and what property is specially benefited thereby. All claims for damages shall be verified and shall set out the facts upon which such claim is based and the amount thereof. If the Council find that the objectors do not represent three-fifths in area of the property affected injuriously and beneficially or if the Council determines to ascertain and award damages to the owners of property injuriously affected, it shall have jurisdiction to make such change of grade. If the Council find that no claim for damages has been presented by the owner of any permanent building constructed as hereinbefore stated and that the objections filed do not represent three-fifths in area of the property affected, the Council may by ordinance make such change of grade without awarding damages and without further proceedings. The Council may nevertheless determine to award damages to the owners of property injuriously affected.

§ 261. AWARD OF DAMAGES AND ASSESSMENT OF BENEFITS:

If the Council find that any claim for damages has been made by the owner of any building erected as hereinbefore stated, and, or if the Council determine to award damages to the owners of property injuriously affected the Council shall refer the matter to the City Engineer who shall thereafter make a report setting out the amount of damages which in his judgment should be awarded to the owner of each building, lot or parcel of land so injuriously affected, and a detailed assessment on each lot and parcel of land specially benefited according to its proportionate share of benefits resulting from such change. Upon the filing of such report the same proceedings shall be taken with like force and effect as are provided in the charter for street opening or extension proceedings.

[Amendment of November 7, 1922.]

§ 262. REPEALING SECTIONS 256 TO 264, 1903 CHARTER:

That Sections 256 to 264, both inclusive, or said charter as arranged by Ordinance No. 29350 be and the same are hereby repealed, but this repeal shall not affect or impair the validity of any proceeding or act heretofore taken or done thereunder, or which may be taken or done for the purpose of carrying out and consummating any and all proceedings now pending.

[Amendment of June 3, 1919.]

§ 265. RAILROAD GRADE CROSSINGS:

The Council shall have the right, power and authority to determine whether any railroad crossing of any street or highway within the corporate limits of the City of Portland is dangerous, and to provide for the elimination of any grade crossing of any railroad on such street or highway whenever, in the opinion of the Council, it is necessary to eliminate the same.

[Am. June 2, 1913, Subdiv. a, §372½.]

§ 266. ELIMINATION OF RAILROAD GRADE CROSSINGS:

Whenever the Council shall deem that any crossing of a railroad and street or public highway is dangerous to public safety the Council may by ordinance require the City Engineer to prepare plans and specifications for, and estimates of, the cost of making such change as will eliminate such grade crossing.

[Am. June 2, 1913, Subdiv. b, §372½.]

§ 267. CONFERENCE WITH RAILROAD ENGINEER AS TO PLAN:

The City Engineer, upon being required to prepare such plans, specifications and estimates, shall confer with the civil engineer of the railroad company representing such railroad in said city for the purpose of determining upon a reasonable plan and method for eliminating such grade crossing, and in the event that said City Engineer is unable to agree with the Engineer of such railroad company as to said matter, the City Engineer shall thereupon proceed to determine upon a proper and reasonable plan and method of eliminating said grade crossing: Provided, however, that in the event two or more railroads, or one or more interurban or urban car line or lines are affected by such proposed change of grade the City Engineer shall confer with the civil engineer of each of such companies for the purpose of determining upon a reasonable plan or method of eliminating such grade crossing: Provided, further, that in the event the City Engineer shall be unable to agree with such engineers he shall proceed to determine on a reasonable plan for the elimination of such grade crossing: and, provided, further, that in the event such civil engineers, or any of them, shall neglect to confer with the City Engineer after ten days' notice in writing, the City Engineer shall proceed with the preparation of such plans, specifications and estimates without such conference.

[Am. June 2, 1913, Subdiv. c, §372½.]

§ 268. FILING OF PLANS—OBJECTIONS:

When a plan is determined upon as herein provided the City Engineer shall file with the Auditor as his earliest convenience, and within such time as may be fixed by the Council by ordinance, the report on such matter, with the necessary plans, specifications and estimates of the cost thereof, and upon the filing thereof the Auditor shall immediately notify in writing the railroad, interurban or street railway companies interested of such filing, and each of such companies shall have thirty days from the date of the receipt of such notice within which to file with the Auditor objections thereto, or to propose modifications thereof, or to file other or different plans and specifications, together with the estimates of the cost thereof: Provided, however, that the City Engineer shall not neglect the filing of plans, specifications and estimates therefor because of the inability of the engineers of such companies to agree, or their failure or neglect to confer with him in regard to the same or their neglect to attend such conference as the City Engineer may call.

[Am. June 2, 1913, Subdiv. d, §372½.]

§ 269. CONSIDERATION OF PLANS—DAMAGES AND BENEFITS:

The Council, at any regular meeting held within three months after the expiration of said thirty-day period mentioned in Section 268 hereof, shall consider the report, plans, specifications and estimates filed, and may refer the same to a com-

mittee thereof, in which event the Auditor shall give five days' notice in writing to the company or companies interested when such committee will consider said matter, which notice must be mailed to such company or companies, and at the time specified said company or companies may attend and be heard thereon, and thereafter such committee shall make its report containing its findings and recommendations to the Council, and thereafter the Council shall select from said plans so submitted the plan and method for eliminating said grade crossings and adopt specifications therefor, or dismiss said proceedings. Upon the determination by the Council of the manner of eliminating such grade crossing if it appear that a change of grade be required upon any portion of such street or road, it shall determine whether such grade shall be changed with or without considering damages to adjacent property. If it determine to consider damages to adjacent property it shall require the City Engineer to determine and report to the Council the amount of damages which such property may sustain by reason of the change of such grade. The basis for the determination of such damages shall be the depreciation, if any, in the market value of such property on account of such change of grade, and in reckoning such depreciation of the market value the City Engineer shall take into account the benefits, if any, and the effect which such proposed improvement will have upon the market value of such property, and also the probable amount of the assessment which may be placed against such property on account of the making of such improvement. The City Engineer shall, at his earliest convenience, file with the Auditor a report in writing setting forth the amount of damages which the owners of the lots, blocks and parcels of land affected by such change of grade will, in his opinion, sustain thereby.

[Am. June 2, 1913, Subdiv. e, §372½.]

§ 270. APPORTIONMENT OF DAMAGES AND BENEFITS—GENERAL PROVISIONS:

Upon the filing of such report the Auditor shall forthwith publish in the city official newspaper a notice that such report has been filed and shall state the amount of damages sustained by each property owner, specifying the property for which such damage is allowed. Such notice shall be published for four consecutive insertions in the city official newspaper. Said notice shall also state the date when said report of the City Engineer will be heard by the Council, which date shall be not less than five days from the date of last publication of such notice, and shall further state that objections thereto may be made in writing and filed with the Auditor at any time prior to the day of such hearing. At the time fixed for such hearing the Council shall hear and consider said report and all objections and remonstrances thereto, or may refer the same to any committee which shall further consider the same, hear all evidence offered and report thereon to the Council, and at any time thereafter the Council shall determine the amount of damages to be awarded to any or all persons on account of such change of grade. An appeal may be taken from the act of the Council to the Circuit Court of the State of Oregon for the County of Multnomah, but such appeal shall be prosecuted within twenty days after the determination of the damages, if any, by the Council. Such appeal shall be taken by serving notice of appeal upon the City Attorney and filing the same with proof of service, together with an undertaking with one or more sureties who shall have the qualifications of sureties on appeal from the Circuit Court to the Supreme Court, and if excepted to shall justify in like manner, conditioned that such appellant will pay all costs and disbursements that may be awarded against him on appeal. The City of Portland shall be considered the plaintiff and such appeal shall be conducted and be heard and determined, as far as practicable, in the same manner as an action at law. The jury shall view the property in question and its verdict shall be final and conclusive determination of the question of damages. The cost of making such change and improvement determined upon by the Council, or by the jury on such appeal, shall be apportioned as follows: Sixty per cent thereof shall be paid by the railroad company owning or controlling such railroad at such crossing, and twenty per cent thereof

by the City of Portland from its Special Bridge Fund, and twenty per cent thereof shall be assessed against the property benefited thereby and comprised within a district to be fixed or determined upon by the Council and in arriving at the cost of such change and improvement the raising or lowering of the track or tracks involved shall not be included in said percentage to be paid by said City and by the property in said improvement district except as to the extent embraced within the boundaries of such street or highway, but all other costs and expenses including the abutting property damaged shall be included, and whenever said street or highway is occupied or used by another railroad, street railway, interurban or urban railway company or companies, or whenever said street crosses more than one railroad and the same are embraced and included within the same improvement, then sixty per cent to be paid by such railroad shall be apportioned among all the railroads, street car and interurban railway companies affected by such change, and in addition to such sixty per cent so to be apportioned among said companies, the cost and expense resulting from the raising or lowering of the tracks of said companies, or any of them, shall be likewise apportioned among all of said companies, but the proportion of said sixty per cent and of such additional cost of raising or lowering the grades or tracks to be borne by each of said respective companies shall be determined by the Council unless said interested companies within thirty days after the final determination of the Council ordering said improvements shall file with the Auditor their mutual agreement thereon.

[Am. June 2, 1913, Subdiv. f, §372½.]

§ 271. FUND FOR PAYMENT OF DAMAGES:

In case of the allowance of damages to adjacent property, by reason of such change of grade the City shall, upon final determination of the amount to be awarded to each property owner as soon as can reasonably be done, transfer from the Special Bridge Fund of the City, or any other available fund, to the special assessment fund to be created as hereinafter provided, an amount sufficient to pay all such awards of damages, and thereupon warrants shall be drawn in favor of the various parties entitled thereto, in the respective amounts awarded, which warrants shall be payable upon demand, together with interest thereon from the date thereof at the rate of six per cent per annum, and shall be delivered to such persons upon their application therefor as hereafter provided; and from the time that such warrants are drawn such city shall have power and authority to proceed with the making of such changes and improvements, but none of such warrants shall be delivered until all such property owners, who have been allowed damages, file their written acceptance of such allowance, or the time for contesting the same shall have expired without any contest, or until any and all contests shall have been finally determined. The advancement herein provided for, together with interest thereon at the rate of six per cent per annum from the date thereof, shall be deemed a part of the cost of such alteration and improvement and shall be included in the apportionment hereinbefore specified, and the amount of such advancement, together with interest as aforesaid, shall be returned to the fund from which the same was advanced, excepting, however, twenty per cent thereof which is to be borne and discharged by said City as above provided.

[Am. June 2, 1913, Subdiv. g, §372½.]

§ 272. PUBLICATION; REMONSTRANCES; COLLECTION OF ASSESSMENT:

The Council shall, before adopting plans and specifications for such work, by resolution describe the property benefited thereby and to be assessed for the portion of the cost thereof above specified, and notice of the adoption of such resolution shall be given in the same manner as is stated in Section 376* of said Charter, and remonstrances may be made by property owners, but such property owners shall not have the right by remonstrance to veto or defeat such proposed improvement. Said remonstrance shall be filed with the Auditor within the time to be fixed by said resolution and upon the expiration of such time the Council shall determine whether or not to proceed with said matter. If it determine to proceed it shall by ordinance fix

such assessment district and fix the time and manner of making such change and improvement and adopt plans and specifications therefor as provided by paragraph e (Section 269) of this Act. A contract or contracts for the doing of such work and the furnishing of such material as may be necessary under the plans and specifications therefor adopted for the purpose of making such change and improvement shall thereupon be made, which contract shall be awarded, entered into and the work inspected and accepted and the assessment of that portion of the cost assessable against the property within the assessment district made in the same manner and with the same effect as is or may be provided by charter for street improvements, but such contract shall not embrace the work of raising or lowering the railroad tracks beyond the marginal lines of the street or highway. Assessments made as herein provided shall be entered in the Docket of City Liens in the same manners as is or may be provided by the Charter for the collection of street assessments and the amount to be paid by said railroads, street railways and urban companies shall also be entered in the Docket of City Liens and shall constitute a lien against any real property of each of such companies in the City of Portland including its rights of way, depots, freight yards and stations and if any such company or companies fail to pay or bond the same within the time provided for paying or bonding assessments for street improvements, the City may proceed by mandamus to require the payment thereof, or may proceed to collect the same by a suit or action or in the same manner as other assessments are or may be collected as provided by the Charter in the matter of the collection of delinquent street assessments or by any and all of such methods.

[Am. June 2, 1913, Subdiv h, §372½.]
*Retained as Ordinance.

§ 273. BONDING ASSESSMENTS:

Any and all persons whose property may have been assessed for such improvement, including such company or companies, shall have the right to bond such assessments in the same manner as is or may be provided by the Charter for bonding assessments. No formal proceedings shall be required or had relative to changing the grade of such road or street further than herein specified, and upon the completion of such improvement, the grade of such road or street shall be duly altered and changed in accordance with the grade established by the provisions of this act, and the City Engineer shall make suitable record thereof.

[Am. June 2, 1913, Subdiv. i, §372½.]

§ 274. RAILWAY COMPANIES NOT RELIEVED FROM DUTY TO PAVE:

Nothing in this act shall impair the right of the City of Portland to require any street car company or companies or railroad company or companies, having a franchise on any such street or road to pay for the cost of paving and improving such portion of such street or road as may be provided by the franchise of such company or otherwise.

[Am. June 2, 1913 Subdiv. j, §372½.]

§ 275. REMEDY UNDER ART. III, CHAP. 4, CHARTER NOT—AFFECTED:

The remedy provided by Sections 365 to 372, inclusive, of Article III, Chapter VI of the Charter*, providing for the establishment and change of grades shall in no manner be affected by this act, but the provisions of this act shall be construed as an additional remedy thereto and shall apply only to the elimination of railroad grade crossings on public streets and highways.

[Am. June 2, 1913, Subdiv. k, §372½.]
*Retained as Ordinances.

§ 275a. SEWERS AND DRAINS:

The Council is hereby authorized and empowered to take such action and proceedings from time to time as it may deem necessary for the construction of any sewer and/or drain jointly with any county or counties within which the City of

Portland is or may be wholly or partially situated or with which the boundary of the City of Portland is or may be adjoining or contiguous; to levy and collect special assessments of benefits therefor; to enter into an agreement or agreements with such county or counties with reference to the construction, maintenance and use of every such sewer or drain and paying the cost thereof; to issue bonds for the purpose of financing that portion of the cost which may be agreed upon as chargeable to property outside of the City and to do all other things necessary or proper to be done in order to provide for the construction of sewers and/or drains partially within and partially without the City of Portland, or wholly within the City or wholly without the City when the design, plan or method of construction will render the same beneficial to property both within and without the limits of the City; and to do and perform all such acts as are necessary to carry into effect the provisions of Chapter 293 of the General Laws of Oregon, 1917.

§ 275b. SALE OF BONDS FOR:

The issuance and sale of such bonds may be made from time to time after the construction of any such sewer or drain has been authorized, and each of such bond issues shall be limited in amount so as not to exceed the portion of the cost of such sewer or drain which may be agreed upon with such county or counties as the amount justly and equitably to be borne by the property lying beyond the limits of the City of Portland for the construction of such sewer or drain. Such bonds shall not be issued for a longer period of time than twenty years. No such bonds shall be issued when the same, together with similar bonds outstanding, will exceed \$500,000.00. They shall be general obligations of the City of Portland. In lieu of issuing bonds the Council may provide for the financing of a part or all of the portion of the cost which may be agreed upon as chargeable to property outside of the City from the fund raised from the tax 'for the construction of bridges elsewhere than across the willamette River, the filling of streets across gulches and ravines and the construction of overhead or underground crossings across railroad tracks.' The Council shall have the right and authority to levy and collect an assessment against the property benefited by any such sewer or drain and lying beyond the City limits whenever such property shall be included within the City limits if no previous assessments therefor shall have been made on such property and to apply the money so collected to the payment of such bonds, or to reimburse the City for any payment thereof, or expenditure or advancement for such sewer or drain, and any agreement with such county or counties may provide for the levy and collection by such county or counties of an assessment against such property whenever such sewer or drain shall be of immediate benefit to such property, or may be of benefit thereto by reason of the construction of any extension, lateral, branch, or otherwise.

§ 275c DEFINITION OF SEWER:

The word 'sewer' as used in the two previous sections shall embrace and include all trunks and extensions thereof, pipes, ducts, laterals, branches, manholes, lamp holes, catch basins, pumping stations and apparatus therefor, sewerage disposal structures and apparatus therefor, septic tanks and all other structures, apparatus and things which may be reasonably necessary or proper for a complete sewerage and drainage system and for the disposal of sewage, and also the relaying, repairing, reconstruction or renewing thereof. The term 'drain' as used in this act shall embrace and include all ditches, canals, ducts, pumping stations, gates and all other apparatus, structures and devices which may be reasonably necessary or proper for drainage purposes.

[Amendment of June 4, 1917.]

§ 275½. POWER TO ELIMINATE TWO CROSSINGS IN ONE PROCEEDING:

The Council shall have the right, power and authority under Sections 265 to

275, both inclusive, to provide in one proceeding for the elimination of the grade crossings of two or more streets with any railroad or railroads in a district.

[Amendment of June 7, 1915.]

§ 276. COUNTY ROADS AS CITY STREETS; RELINQUISHMENT TO COUNTY:

All county roads lying within the limits of the City of Portland, which have not been laid out or accepted as streets by the authority of said City, shall remain and be county roads until they shall be laid out or accepted by said authorities as streets, and be under the jurisdiction of the County Court of Multnomah County, Oregon, and shall be worked, maintained and improved as county roads outside the limits of said City are worked, maintained and improved.

The Council may by resolution, upon order of the County Court signifying its willingness to accept the same, relinquish for the purpose of working or improving the same, to the county, control of all that part between the curb lines of any street connecting with the county road. Thereupon such street shall, to that extent, be under the control of the County Court and shall be worked and improved in like manner as county roads until such time as the County Court relinquishes jurisdiction of the street.

[Ch. 1903, §422.]

§ 277. CHARTER TO GOVERN PENDING PROCEEDINGS:

Nothing in this Charter shall affect in any way the validity of any proceedings pending at the time that it shall take effect for the opening, widening, laying out or establishing of any street, or for the change or establishing of any grade thereon, or making any kind of street improvement, or for the construction of any drain or sewer, and the levy and collection of assessments therefor, but such proceedings that shall have been taken shall be deemed to be regularly and legally taken and all such proceedings thereafter, of whatever nature, shall be proceeded with and enforced in accordance with and by virtue of the provisions of this Charter.

[Ch. 1903, §423.]

§ 278. BONDING OF STREET IMPROVEMENTS AND SEWERS:

Whenever the Council of the City of Portland or other competent authority shall have proceeded to improve any street or streets or any part or parts thereof, or to lay or reconstruct any sewer within the corporate limits, and shall have assessed the cost of such improvement or sewer to the property benefited thereby and liable therefor according to the provisions of its Charter and Ordinances, it shall be lawful for the owner of any lot, part of lot, parcel of land or other property so assessed for such improvement or sewer in the sum of five dollars (\$5) or more, at any time within twenty (20) days after notice of such assessment is first published to file with the Auditor of the City of Portland a written application to pay said assessment in installments, and such written application shall state that the said property owner thereby waives all irregularities and defects, jurisdictional or otherwise, in the proceedings to improve said street or lay said sewer, and in the apportionment of the cost thereof. Said application shall contain a provision that the said property owner agrees to pay said assessment in twenty-semi-annual installments, with interest on all installments at the same rate as that expressed in the bonds issued to pay for such improvement or sewer. Said application shall also contain a statement by lots, blocks or other convenient description of the property of the applicant assessed for such improvement or sewer. No application as aforesaid shall be received or filed by the Auditor if the amount of such assessment, with any previous assessment or assessments for street improvement or sewer construction against the same property and remaining unpaid shall equal or exceed the valuation of said property as shown by the last tax roll of the county; provided, that application for such bonding shall be received by the Auditor in cases where the amount of the assessment, together with the previous assessments for street improvements or sewers against the property (and remaining unpaid) shall exceed the valuation of said property as

shown by the last tax roll of the county, if the owner shall, before making such application, pay in cash into the treasury of the City such excess of unpaid assessments over the valuation as shown by such last tax roll.

The owners of a majority of the property so assessed may select a competent person to inspect such improvement under the direction of the City Engineer.

The Auditor shall keep all such applications for bonding in convenient form for examination, and the applications received for each street improvement and each sewer shall be separate.

After the expiration of the time for filing applications for the payment of assessments for improvement of streets or laying of sewers by installments as herein provided, the Auditor shall enter in a docket kept for that purpose, under separate heads for each street or sewer, by name or number, a description of each lot, part of lot or parcel of land or other property against which the assessment is made or which bears or is chargeable for the cost of such improvement or sewer, and the name of the owner and the amount of the assessment for which application to bond has been duly filed; the date of entry in each particular case to be the same as the date of entry in the original lien docket. Such docket shall stand thereafter as a bond lien docket as for taxes assessed and levied in favor of the City and for the amount of such unpaid assessments therein docketed with interest on said unpaid assessments at the rate fixed in the bond but not exceeding six per cent per annum against each lot, part of lot or parcel of land or other property, until such assessments and interest are paid in the manner hereinafter provided. All unpaid assessments and interest shall be and remain a lien upon each lot, part of lot or parcel of land or other property respectively in favor of the City, and such lien shall have priority over all other liens and incumbrances whatsoever.

When such bond lien docket shall be made up as hereinbefore provided, as to the assessments for improvement of streets or laying of sewers, the Council shall by ordinance authorize the issue of bonds in convenient denominations, not exceeding one thousand dollars (\$1,000) each and in all equal to the total amount of the unpaid assessments for such street improvements and sewers and for which applications to pay under the provisions of this act have been filed as shown by said bond lien docket, and such bonds shall by the terms thereof mature in ten years from the date thereof and be payable in gold coin of the United States and bear interest not to exceed six per cent per annum, interest payable semi-annually, said interest to be evidenced by coupons attached to said bond or bonds, provided the right to take up and cancel such bond or bonds upon payment of the face value thereof, with the accrued interest to the date of payment, upon the first day of any month at or after the period of three years from the date of such bond or bonds, shall be and is hereby vested in the City and the bonds shall be redeemed consecutively by number, commencing with the lowest outstanding number. Notice that certain bonds are to be taken up and cancelled as aforesaid and that the interest thereon shall cease on the first day of the month next following the publication of such notice, shall be published in the City Official Newspaper not less than twice during the month preceding said date of payment and after said date of payment interest upon the bonds designated in such notice shall cease. Such bonds before issuance shall be signed by the Mayor, countersigned by the Auditor and authenticated by the seal of the City affixed thereto, and shall be registered consecutively by number and denomination of each in a book to be kept by the Auditor and accessible to the Treasurer, and known and designated as the Improvement Bond Register. Each of such bonds, whether issued for the improvement of streets or the laying of sewers, shall have distinctly and plainly inscribed or printed on the face thereof the registered number of said bond and the words "Improvement Bond" with the name of the City of Portland. Such bonds shall be advertised for sale and sold for the highest price obtainable, but not for less than par and accrued interest, except that the City may purchase such bonds under the provisions of Section 192 of the Charter, as codified and arranged by Ordinance No. 29350, passed by the Council August 19, 1914, and the proceeds thereof shall be paid by the purchaser to the Treasurer of the City, and the par value thereof

shall be credited to the respective street improvement and sewer funds for which said bonds are issued, and the accrued interest and premium accruing from the sale of said bonds shall be credited to the general fund of the City, the fund from which interest is paid on street and sewer warrants or the improvement bond sinking fund, as the Council shall direct.

Thereafter there shall be due and payable semi-annually for ten successive years to the Treasurer of the City by the owner of each lot, part of lot, parcel of land or other property assessed for the improvement of any street or streets or part or parts thereof or the laying of any sewer, whose application to pay the cost of such improvement or sewer by installments has been filed as herein provided, five per cent of the cost of such improvement or sewer assessed against the property of such owner as appears by the bond lien docket, together with the amount of six months' interest at the same rate per annum on unpaid assessments or installments as the interest rate expressed in the bond issued for such improvement or sewer. The first payment aforesaid shall be due and payable at the expiration of six months from the date of said assessment in the original lien docket and subsequent payments at the expiration of each six months thereafter. Should such owner or owners neglect or refuse to pay such sum or sums aforesaid as the same shall become due and payable for a period of twenty (20) days, then the whole amount of said installments remaining unpaid shall immediately become delinquent and shall be collected in the same manner and with the same penalties as delinquent street or sewer assessments are collected; provided, that at any time before the property is sold as herein provided, the owner or owners may pay a delinquent installment or installments with interest thereon as herein provided, together with the cost of advertisement or advertisements, and a penalty of five per cent on the entire unpaid assessment from the date of the earliest delinquent assessment to the date of payment, whereupon the remaining installments under said assessment shall be payable as though no delinquency had occurred. It shall be the duty of the Auditor to make and deliver to the Treasurer of the City a copy of the bond lien docket, and the Treasurer shall thereupon make the proper extensions of installments and interest on said bond lien docket and notify the owner or owners of property that the installments aforesaid and /or interest are due and payable, but a failure of such owner or owners to receive such notice shall not be taken nor held to prevent the collection of installments and/or interest as herein provided.

The Treasurer shall issue a receipt for such installments and interest and shall file duplicates of said receipts with the Auditor daily and shall make proper entries of the same showing the amount of each payment and the date thereof; provided, however, that at any time after issuance of such bond or bonds any owner at the time of any such lot, part of lot, parcel of land of other property against which such assessment is made and docketed may pay into the City Treasury the whole amount of such assessment for which such lien is docketed, together with the full amount of interest and costs accrued thereon to the date of payment, and upon producing to the Auditor the receipt of the Treasurer (which receipt shall not only state the amount of such payment, but also a description of the lot, part of lot, parcel of land or other property upon which such payment is made), he shall enter in such lien docket opposite the entry of the lien therein the amount of such payment and the date thereof.

The Treasurer shall keep an account of funds paid upon bonded improvements separate and apart from other funds of the City and the amount of such funds paid on account of installments and interest upon unpaid installments shall be placed to the credit of funds to be known and designated as "Improvement Bond Sinking Fund" and "Improvement Bond Interest Fund," respectively, which funds shall be a continuation of the present funds of the same name and shall be applied respectively to the payment of improvement bonds heretofore issued and interest thereon, in accordance with the terms of such bonds, and thereafter to the payment of bonds and interest issued hereunder, and any moneys received under the law heretofore existing on account of installments and

interest due thereon shall be applied to the redemption of bonds under this act and the payment of interest thereon; provided, that whenever there is an excess in the Improvement Bond Interest Fund such excess may be transferred to said fund by the general fund to provide for the repayment of money previously advanced to said fund by the general fund. The amount placed to the credit of the improvement Bond Sinking Fund shall from time to time, under the direction of the Council, be deposited in a bank, subject to the provisions of Section 293 of the Charter of 1903, retained as an ordinance, or by investment in or used for the purchase of improvement bonds of the City at par. In the purchase of improvement bonds, accrued interest thereon shall be paid out of the Improvement Bond Interest Fund and all interest received by the Treasurer on account of coupons shall be placed to the credit of the Improvement Bond Interest Fund and interest due on improvement bonds shall be paid out of the Improvement Bond Interest Fund.

All bonds purchased by the City shall be held by the Treasurer as a sinking fund and shall be sold by direction of the Council when required for the redemption of bonds previously issued as they shall become due and payable.

Entries of payments of installments, interest and costs made under the provisions of this act shall operate as a discharge of such lien to the amount of such payment and from the date thereof.

No obligation incurred by the City by virtue of this section of the Charter shall be deemed or taken to be within or any part of the limitations by law as to indebtedness.

At any time after the bonds which may be issued hereunder shall become payable, if not sooner taken up and cancelled as hereinbefore provided, the City may redeem such bonds and to that end shall redeem the same consecutively by number, commencing with the lowest outstanding number of such bonds, and shall give notice of the readiness of the City to redeem by publication in the City Official Newspaper once each week for two successive weeks, giving therein the number of the bonds which will be redeemed and the time at which such redemption will be made, and after such time so fixed for redemption no interest shall accrue or become payable on such bonds so notified for redemption.

Section 3. That the method provided by Section 2 of this act for the issuance and sale of bonds for the improvement of streets and laying of sewers and the payment of the cost of such improvements and sewers by installments, shall be the only method employed by said City from and after the first day of July, 1915, and all laws and parts of laws in conflict with this act are hereby repealed; provided, however, that this act shall in no way affect the provisions of said Charter for the issuance and sale of bonds for the changing, laying out or establishing of streets as provided for by Sections 256 to 264, both inclusive, of the Charter as codified and arranged by Ordinance No. 29350 passed by the Council August 19, 1914.

[Amendment of June 7, 1915.]

§ 278½. REBONDING ASSESSMENTS:

It shall be lawful, the Council of the City of Portland first approving by a four-fifths vote, for the owner of any property which has been assessed for a local improvement prior to July 1, 1915, in cases where such assessment has been bonded and entered in the Bond Lien Docket and the same has not been fully paid, to file with the Auditor on or before June 1, 1923, an application for rebonding in an amount not exceeding one-half (½) of the original assessment and the Auditor shall have authority to accept such application in cases where the amount to be rebonded is \$10.00 or more upon each such lot, tract or parcel of land or other property; provided, the owner shall tender and pay with such application all amounts in excess of the amount hereby allowed to be rebonded, including accrued interest and penalties, and provided that the applicant shall produce evidence satisfactory to the Auditor showing that all general taxes have been paid. The amount of the assessment, to be rebonded shall constitute a new principal and shall be paid in five equal annual installments with interest thereon at the rate expressed in the

bonds issued on account of such assessments. All such applications shall be preserved by the Auditor as original bonding applications and shall be of the same form, and the Auditor shall enter such amounts for which such rebonding applications may have been made in the Bond Lien Docket. The Council shall have power and authority, from time to time, to issue and sell improvement bonds of the City of Portland on such applications in an amount not exceeding the total amount thereof. The proceeds from the sale of said bonds shall be applied as follows: (a) The amount herein provided to be rebonded shall be placed to the credit of the Improvement Bond Sinking Fund and (b) the balance of the proceeds of such sale shall be placed to the credit of the Improvement Bond Interest Fund.

The amounts of money herein provided to be paid in excess of the amount to be rebonded shall be paid in reduction of the original assessment and shall be placed to the credit of the Improvement Bond Sinking Fund and the penalties and interest thereof shall be placed to the credit of the Improvement Bond Interest Fund.

The bonds herein provided for shall not be counted as a part of the debt limit of the city. A penalty of one per cent. per month on the whole amount shall be charged in case of any delinquency of any installment to be paid by the property owner as herein provided; provided that such penalty shall not exceed six per cent.

Except as herein otherwise provided, Section 278 of the charter shall apply to such applications, to the form, issuance and sale of improvement bonds thereon, to the matter of paying the amount entered in such Bond Lien Docket and to the redemption of such improvement bonds. The Council shall have authority by ordinance to provide such regulations and rules as may be needed for accepting bonding applications, issuing bonds and otherwise carrying out the provisions of this section.

[Amendment of November 7, 1922.]

§ 279. DISTRIBUTION OF ASSESSMENTS BONDED:

In case a tract or parcel of land is bonded for any public improvement, the Council is authorized upon a written application when such tract is afterwards subdivided to apportion the lien of indebtedness standing against the whole tract, upon the different lots, and is authorized to release a lot or lots, upon the payment or rebonding, from all liens except the amount thus apportioned against such lot or lots.

[Am. May 3, 1913, §108.]

§ 280. GENERAL PARK ACT NOT TO APPLY:

The act of the Legislative Assembly of the State of Oregon entitled "An Act to Provide for Park Commissioners and the acquisition of land for parks and the management thereof, approved February 17, 1899," shall not nor shall any of its provisions apply to the City of Portland incorporated under this act.

[Ch. 1903, §424.]

§ 281. NO LIABILITY FOR DEFECTIVE CONDITION OF SIDEWALKS, ETC.:

No recourse shall be had against the city for damage or loss to person or property suffered or sustained by reason of the defective condition of any sidewalk, street, avenue, lane, alley, court or place, or by reason of the defective condition of any sewer, or by reason of any defective drainage, whether any of said defects originally existed, or whether they were occasioned by construction, excavation or embankment; nor shall there be any recourse against the city for want of repair of any sidewalk, street, avenue, lane, alley, court or place, or by want of repair of any sewer; nor shall there be any recourse against the city for damage to person or property suffered or sustained by reason of accident on sidewalk, street, avenue, lane, alley, court or place, or by falling from any embankment thereon or into any excavation therein; but in such case the person or persons on whom the law may have imposed the obligation to repair such defect in the sidewalk, street or public highway, or in the sewer, and also the officer or officers through

whose official negligence such defect remains unrepaired shall be jointly and severally liable to the party injured for the damage sustained.

[Ch. 1903, §8.]

§ 282. CLAIMS FOR DAMAGES:

Every claim for damages against the City must be presented to the Council and filed with the Auditor within six months from the taking effect of this Charter or within six months after the time when such claim for damages accrues; otherwise there shall be no recovery on any such claim. No ordinance shall be passed allowing any such claim, or any part thereof, or appropriating money or other property to pay or satisfy the same, or any part thereof, until such claim has been referred to the proper department, nor until such department has made its report to the Council thereon pursuant to such reference, unless judgment has been rendered on such claim. No action shall be maintained against the City for any claim for damages until the same has been presented to the Council and filed with the Auditor as above set out and sixty days have elapsed after such presentation.

[Ch. 1903, §9.]

§ 283. RETAINING CHARTER PROVISIONS AS ORDINANCES:

That so much of Sections 167 to 268 and 287 to 305, both inclusive, and of Sections 328 to 345, both inclusive (Charter of 1903), as is not inconsistent with the provisions of this Charter shall remain in effect as ordinances only subject to repeal or amendment by the Council in like manner and with like effect as other ordinances passed by the Council.

[Am. May 3, 1913, §96.]

§ 284. LOCAL IMPROVEMENT CODE:

That so much of Sections 346 and 347, 348, 349 and 350 as heretofore amended, and of Sections 362 to 421, both inclusive, of the Charter of 1903, as is not inconsistent with the provisions of this Charter shall remain in full force and effect as ordinances only subject to repeal and amendment and to the enactment of new legislation by the Council in the manner and subject to the restrictions in this Section provided upon the subject of improvements of whatever nature to be paid for by local assessment. Such Sections shall be known as the Local Improvement Code. No repeal of any portion thereof, amendment thereto nor new legislation upon the subject shall be made by the Council except by ordinance which shall be published in full and in its final form in the City Official Newspaper at least thirty days before its final passage. Notice shall be given in the City Official Newspaper and by publishing conspicuous advertisements in one or more daily papers published in the City of Portland having a circulation of not less than 1500 not less than five times, the last of such notices to be published not less than ten days before the final adoption of any such amendment, repeal or new legislation. Upon the adoption of any amendment to or the repeal of any part of such Local Improvement Code or the adoption of any new legislation upon the subject, the whole Local Improvement Code shall be printed in pamphlet form and the Auditor shall be furnished with a sufficient number of copies thereof for distribution to all persons inquiring for the same. The Council, in the exercise of its general legislative powers, may provide in its discretion for the performance of any public work by or on behalf of the City and for the method of payment thereof, but said Local Improvement Code must provide for the giving of not less than ten days' notice by publication, or by mailing to persons interested, (a) of the intention to make any improvement, and (b) of any proposed assessment against property owners for the same, and the right shall be preserved to the owners of sixty per centum in extent of the property affected by any assessment for a local improvement except for street opening or sewers to defeat the same by remonstrance.

[Am. May 3, 1913.]

§ 284-a. COLLECTION OF DELINQUENT ASSESSMENTS:

For the purpose of providing an additional method for the collection of delinquent assessments, the Council is authorized from time to time to issue and dispose of bonds to be known as "Assessment Collection Bonds." The amount of such bonds shall not exceed one million five hundred thousand (\$1,500,000) dollars. Such bonds shall be signed by the Mayor and Auditor of the City, shall have the City seal affixed thereto, shall be of such denominations as the purchaser may desire of not less than five hundred dollars (\$500.00), shall be general obligations of the City, and shall have attached thereto interest coupons bearing a facsimile of the signatures of the Mayor and Auditor.

The Council, before selling such bonds, shall provide for advertising for not less than two weeks and selling the same to the best bidder, reserving the right to reject any or all bids. The rate of interest of such bonds shall not exceed six (6) per cent per annum and the life of such bonds shall not exceed twenty (20) years.

The money realized from the sale of such bonds, after paying thereout the cost of advertising and selling the same shall be deposited in a special fund to be known as the "Assessment Collection Fund," which shall be used under the direction of the Council for purchasing property by and in the name of the City at City Treasurer's sale to satisfy delinquent assessments and/or at sheriff's sale on foreclosure of delinquent taxes, and protecting the interest and rights of the City in and to such property. All moneys derived by sale of any such property so purchased shall be credited to the Assessment Collection Fund.

No certificate of sale or deed to the City shall be held void or insufficient because of any omission, error, defect or objection, jurisdictional or otherwise, in the assessment or other proceedings, provided that in some stage of the proceedings before such assessment was made notice shall have been given, and the description of the property in the certificate or deed be sufficient to reasonably identify the same, it being intended hereby to provide a curative provision as fully as it is within the power of the people to enact with respect to any and all matters in and way affecting the validity of such certificate or deed, and every such certificate of sale and deed shall be presumptive evidence of the regularity and sufficiency of all things pertaining to the validity thereof, and in any and all cases where this curative provision may be found insufficient, the money realized from the attempted sale shall not be deemed to have been applied in payment of the attempted assessment, or in any manner discharging the obligations of the owner or such property to bear his or its fair and just portion of the cost of the local improvement for which such attempted assessment was made, but the money realized upon such attempted sale shall be refunded to said "Assessment Collection Fund," and the Council may make a re-assessment against such property.

The Council shall have power (a) to renew said Assessment Collection Fund from time to time by selling additional bonds, subject to the restrictions and conditions in this section provided, providing the outstanding bonds, together with those to be issued, shall not exceed one million five hundred thousand (\$1,500,000) dollars; (b) to provide for the sale and assignment of such certificates of sale, and assignment or conveyance of the rights of the City in and to all such property, whether before or after receiving deed from City Treasurer, or from the Sheriff of Multnomah County; (c) to pay all necessary real estate commissions, court costs, legal and clerical services and all other necessary expenses in connection with the purchase, clearing the title to and the sale of all property acquired by the City at City Treasurer's and/or Sheriff's sale and to purchase or redeem any City Treasurer's Certificates of sale outstanding against any such property; (d) to transfer money from said Assessment Collection Fund to the General Fund, provided that adequate provision shall be made for the redeeming of all outstanding Assessment Collection Bonds; (e) to transfer money from the Improvement Bond Interest Fund to the General Fund to reimburse the General Fund for advances that have been or may be made to said Interest Fund, but no such transfers shall be made without leaving in said Interest Fund an amount sufficient to pay all interest maturing on Improve-

ment Bonds within the next two (2) months; (f) to provide for waiving the penalty in case redemption be made within the first six months after sale, and also to provide that in case of redemption be made thereafter and within the next six months, the penalty in excess of five (5) per cent be remitted, but no further remission shall be made; (g) to pay any bonded and/or open liens outstanding against any property acquired by the City under authority of this section or to cancel such assessments at the discretion of the Council; and (h) to enact such ordinances as may be needed to give full effect to this section.

[Amendment of November 4, 1924.]

§ 284-b. COST OF IMPROVEMENT—ITEMS THEREOF:

The contract price based upon the estimate of the City Engineer, the costs of rights of way and expenses of condemning land, and the sum of six per cent of the contract price as the cost of engineering and superintendence, which sum shall not be used for any other purpose, shall be deemed to be the cost of every sewer and street improvement; provided, that the City Treasurer shall apply the first money received on account of any street or sewer improvement toward the payment of the warrants held by the City drawn for the payment of said engineering and superintendence.

Said bonds shall be signed by the Mayor and countersigned by the Auditor of said City and each of said coupons shall have the signatures of the Mayor and of the Auditor of said City engraved thereon whereby the City of Portland shall be held and considered in substance and effect to undertake and promise, in consideration of the premises, to pay to the bearer of each of said bonds at maturity thereof the sum named therein in gold coin of the United States of America, together with interest thereon in like coin at a rate to be determined upon by said Commission, but not to exceed five per cent per annum, which interest shall be payable half-yearly as provided in said coupons. The Commission may prescribe the length of time for which said bonds shall run, provided that the final date of payment of any bonds issued under the authority hereby granted shall not exceed thirty (30) years from the date of such bonds. A prescribed portion of said bonds shall be redeemed each year beginning with the third year from the date thereof; provided, that bonds, the par value of which shall not exceed the sum of one hundred fifty thousand (\$150,000.00) dollars may be made payable in any one year. Said bonds shall be known as "Municipal Grain Elevator Bonds of the City of Portland." Said bonds shall be advertised and sold to the highest responsible bidder, but the Commission may reject any and all bids tendered for the same and proceed to readvertise when bids are not satisfactory.

The Treasurer of the City of Portland shall have the care and custody of all moneys received from the sale of said bonds and shall pay out the same on warrants of the Chairman of the Commission countersigned by its Secretary and not otherwise.

"The proceeds from the sale of said bonds may be expended by the Commission, (1) for the payment of the expenses of the issuance and sale of said bonds, (2) for the acquisition, if necessary, of land inside or outside of the city limits for the purposes herein set forth, either by the direct purchase thereof or in pursuance of condemnation proceedings as provided by law, (3) for the construction, equipment, maintenance and operation of all necessary buildings and structures, elevators, galleries, conveyors, machinery and equipment, warehouses, tracks, spur tracks, docks, wharves, piers, slips and all machinery and equipment necessary for handling and storing grain and other articles of commerce, (4) for the extension and addition of the facilities herein authorized, (5) for doing all dredging and filling that may be necessary for carrying out the purposes of this act, and (6) for the payment of interest on the bonds hereby authorized for such length of time as may be deemed advisable by the Commission of Public Docks. Said bonds may contain such provision for their redemption as the Commission may prescribe, subject to the provisions of this act. All money received by the Commission on account of said facilities shall be paid to the City Treasurer. Disbursements shall be made by him on warrants of the Chairman and Secretary of the Commission in pursuance of the authority of the Commission. Whenever improvement bonds which may have been issued upon bonded assessments may be redeemable and it appears to the Council to be of advantage to the City to redeem the same but the money available in the improvement bond sinking fund is insufficient, the Council may transfer money from any other sinking fund as a temporary loan to the improvement bond sinking fund to be returned from said improvement bond sinking fund with interest at the rate of six per cent per annum, and the Council may authorize and provide for the issuance and sale of new bonds upon such bonded assessments for the purpose of redeeming such old bonds. Such new bonds shall be limited in amount to the amount of bonds to be taken up thereby and shall bear interest, be sold and be redeemable in the manner provided by Section 278 of the City Charter as amended June 7, 1915. In case of any temporary loan as above provided and a failure of property owners to pay into the improvement bond sinking fund a sufficient amount to return such temporary loan when needed, the Council shall make provision for the return thereof by the sale of bonds as above provided. The provisions of this section shall be in force and effect from and after July 1, 1918.

Before any such fire stops shall be constructed an estimate shall be made of the probable cost and of the probable saving in fire risks and insurance expenses. Where any such fire stop or fire stops are to be constructed at the expense of property benefited and to be assessed therefor, the Council shall take proceedings similar to those required for constructing sewers and the method of making assessments and collecting the same shall be the same as is or may be provided in the Local Improvement Code, relative to sewers. § 321. STREET DEFINED:

As used herein or in any proceeding based hereon the term "street" shall be understood to mean any alley, street, way, court, avenue, boulevard and any place to be used for foot and vehicle traffic, or either thereof.

§ 322. REPORT FROM CITY ENGINEER—CONTENTS OF REPORT:

Whenever the Council shall deem it expedient to lay out, establish and open any new street or streets, or to change any existing street or streets by extending, widening or altering the same, it shall by resolution direct the City Engineer to make a survey and plat of such proposed street or streets, or change thereof and a written report. The City Engineer shall make such survey, plat and report and file such plat and report with the Auditor within sixty days from the date of such resolution, unless the Council shall grant an extension of time. Such report shall contain a full description of such proposed street or streets, or change of an existing street or streets, a description of each lot, tract or parcel of land, or portion thereof, to be appropriated, the amount of damages which, in his judgment, should be awarded for such appropriation, with the name of the owner or owners and other persons whom he may find to have any interest in or lien upon said property, a description of the boundaries of the district benefited and to be assessed for such improvement, and a description of each lot, tract, or parcel of land (other than land taken) in such district with a just assessment of benefits thereto. The City Engineer shall include in such report a summary showing the excess of benefits and excess of damages relative to lots, tracts or parcels of land a part of which is embraced within such proposed street or streets or change, which damages and benefits may be offset pro tante. The Engineer's report shall be deemed a proposed award of damages and assessment of benefits.

§323. NOTICE OF REPORT, HEARING THEREON, OBJECTIONS AND CLAIMS OF OWNERS:

Within thirty days after the filing of such report the Auditor shall cause a notice to be published for a period of ten successive publications in the city official newspaper stating that such report is on file in his office subject to examination, giving the date when the same was filed, the probable cost of such proposed street or streets or change, a statement of the district embracing the property proposed to be assessed therefor and notifying all persons interested to present in writing their objections to said report, if any they have, and that said objections, if any there be, **together** with said report, will be heard by the Council on a date specified in such notice, not less than ten (10) days after the date of the first publication of said notice. It shall also be the duty of the Auditor forthwith to send by mail postpaid to each of those designated in the Engineer's report a notice stating the probable total cost of such street or streets, or change, a brief description of the property in which such person is interested, a statement of the amount proposed to be assessed against such property, the time within which written objections may be filed against such proposed appropriation and assessment, and the date when the Council will hear such report and objections, and, if such person be named as owner or party interested in land to be taken, the amount of damages proposed to be awarded for such property. If the address of any such person be unknown to the Auditor and if such person have an agent whose name and address is known to the Auditor, he shall mail such notice to such agent; otherwise he shall mail it to the owner addressed at Portland, Oregon.

§ 324. POWER OF COUNCIL TO ACT UPON HEARING:

If the Council, after hearing the objections, if any there be, find such report to be reasonable and just, it may adopt the same by ordinance, embodying such report. If it appear to the Council that the damages allowed or benefits assessed are unreasonable, unjust or improper in any respect, it shall make what it may deem to be a reasonable, just and proper award of damages and assessments of benefits and for that purpose it may require a supplementary or further report from such City Engineer. When the Council, after such hearing, shall have ascertained what it deems to be a fair, just and proper award of damages and assessment of benefits, it may pass an ordinance specifying in detail such award and assessment, which ordinance may be passed at any time after the hearing hereinbefore specified. But if the Council deem it just and proper to reduce the amount of any award embraced in the Engineer's report or increase the amount of any proposed assessment against any parcel of land embraced in said Engineer's report, it shall fix a time for a further hearing and shall cause the Auditor to mail a notice to the owner of each parcel of land so affected, stating what is proposed in the way of an award of damages or an assessment with respect to the property in which such person is interested, the time within which objections may be filed in writing with the Auditor and the time when such objections will be heard by the Council. After holding such hearing the Council may pass an ordinance making an award of damages and assessment of benefits. No findings or conclusions need be entered relative to objections.

§ 325. RIGHT OF OWNERS TO APPEAL:

The owner or owners of any lot, tract or parcel of land, all or part of which is to be appropriated for a street, streets or change, the owner of the improvements thereon, any person having an interest in such land or improvements, and any person against whom an assessment of benefits is made by such ordinance, shall have a right of appeal, within the same time, in the same manner and with the same force and effect as is provided by Sections 401 and 402 of the 1903 charter of the City of Portland, which sections are contained on pages 163 and 164 of the special laws of Oregon for the year 1903.

§ 326. POWER OF COUNCIL TO DISCONTINUE OR PROCEED.

The Council, after the expiration of the time limited for an appeal to the Circuit Court, if no appeal be taken, or after the filing of a certified copy of a final judgment on appeal if an appeal be taken shall, if it deem it advisable to lay out, establish, open or change such street or streets, adopt a resolution directing the Auditor to enter in the docket of city liens a statement of the respective amounts of benefits assessed upon each particular lot or parcel of land and the names of the owners, in like manner as assessments for street improvements are entered in said lien docket. In cases where a part of a lot or tract of land is taken for such street, streets or change and an award made for the part taken and an assessment made against the residue, credit shall be made so that, if the award exceed the assessment, the assessment shall be cancelled and the balance of the award paid to the owner and, if the assessment exceed the award, the amount of the award shall be applied on the assessment and the balance of the assessment entered upon the lien docket. Upon such entry in the lien docket, the amounts so entered shall be a lien and charge upon the respective lots, tracts and parcels of land against which the same are placed. Such liens shall have the same force and effect as other liens entered in such docket. Notice of such entry shall be given and such liens enforced and collected in the same manner as is or may be provided for assessments for street improvements and sewers, except that if any property be not sold when offered for sale to collect such assessment the sale shall be continued from week to week or month to month, in the discretion of the treasurer, not exceeding six months until such sale be made or or assessment paid. The provisions which are or may be applicable to bonding assessments for sewer and street improvements shall be applicable to assessments for laying out and establishing or changing any street or streets. All moneys arising from such assessment of benefits shall be kept in a separate fund and be applicable to a satisfaction of the amount to be paid for damages including the amount due for advertising, court costs and other expenses.

§ 327. CONDEMNATION COMPLETED:

Whenever the full amount assessed as entered in the docket of city liens shall have been paid into the city treasury, the designated property shall be deemed to be appropriated for the purpose of such street or streets or change, and thereupon the Auditor shall notify the persons who are supposed to be entitled to or interested in any portion of such fund that such fund has been provided and is ready for distribution and that a warrant will, upon demand, be drawn in favor of each person entitled thereto. Before drawing any such warrant the Auditor shall inquire into the matter of city liens, and other liens, incumbrances and claims with reference to such property to the end that the title be cleared before or upon the payment of the award, and, in case he be in doubt or uncertain as to the right of any person, he shall lay the matter before the Council which shall inquire into and determine the same, subject to the right of appeal to the Circuit Court of the State of Oregon for Multnomah County as from an appeal from a judgment in the District Court, and for the purpose of such inquiry, the Council may summon parties and subpoena witnesses and grant a hearing and the Council's determination shall be final if not reversed on appeal, or the Council may direct that a suit of interpleader or other proceeding be instituted.

§ 328. FAILURE OF PROCEEDINGS IF FUND FOR DAMAGES NOT COLLECTED:

If such fund for the payment of damages be not collected and ready for the drawing of warrants within nine (9) months from the termination of the time limited for appeal, if no appeal be taken, or within nine (9) months from the date of the rendition of final judgment on appeal, if an appeal be taken, all acts and proceedings for the laying out, establishing, opening or changing of such street or

streets shall be null and void. But in case of two or more appeals being taken the time shall start to run from the date of the final judgment which is last.

The amount of interest collected by the City from those assessed shall be apportioned and allowed to those to whom damages are paid.

§ 329. STREET TO BE DECLARED OPEN, WHEN:

When the property required for laying out, establishing or changing such street or streets, has been appropriated as above provided, the Council shall, by resolution, declare such street or streets to be opened, laid out, established, or changed, and within ninety (90) days after the adoption of such resolution the City Engineer shall file for record with the County Clerk of Multnomah County, a copy of said resolution and an accurate plat of such street or streets and of the property so appropriated for public use.

§ 330. DEFICIT ASSESSMENT:

If, upon the determination of an appeal, it be found that the amount assessed is insufficient to defray the damages awarded and the cost of advertising, court proceedings and other expenses and that the amount charged upon the property assessed therefor is less than the benefits accruing thereto, the Council may by resolution declare such deficit and direct the City Engineer to prepare a proposed deficit assessment. The Engineer shall thereupon prepare and file with the Auditor a proposed deficit assessment, and the Auditor shall give notice thereof and of the hearing of objections thereto as above prescribed with reference to the Engineer's report, except that the period of publication shall be five days, and the Council upon such hearing shall make a just and equitable deficit assessment. Such deficit assessment shall be made before the entry of the assessment in the lien docket and shall be consolidated therewith.

§ 331. REFUNDING SURPLUS:

If upon the determination of any appeal, it be found that the assessment is more than sufficient to discharge the damages and cost of advertising, court proceedings and other expenses, the Council shall by resolution declare such surplus and make suitable provision for refunding the same.

§ 332. ADDITIONAL POWERS OF COUNCIL:

The Council, in its discretion, may provide in the preliminary resolution that two or more streets or proposed streets or disconnected portions of one street be embraced in one proceeding. In cases where it may be proposed to widen or extend street area which has previously been donated or dedicated and it appears just and proper that account be taken of such donation or dedication and suitable credit or allowance made in favor of the person making the same, or his successors, such credit or allowance may be made. In case any city lien or liens exist against property, a part of which is taken or to be taken for street purposes, the Council may provide for segregating the same so that the portion against the land taken may be paid.

§ 333. PROCEEDINGS MAY BE ABANDONED, WHEN:

The Council shall have full power and authority to abandon and rescind proceedings for establishing or changing streets at any time prior to the drawing of warrants for property taken or the final consummation of such proceedings.

§ 334. CURATIVE PROVISIONS:

No such assessment shall be held invalid by reason of a failure to give, in the

Engineer's report, in the proposed assessment and proposed award of damages, in the ordinance making the assessment and award, in the lien docket or elsewhere in the proceedings, the name of the owner of any lot, tract or parcel of land or the name of any person having a lien upon or interest therein, or by a mistake in the name of any such person or the entry of a name other than the name of such owner or other person having a lien upon or interest in such property, or by reason of any error, mistake, delay, omission, irregularity or other act, jurisdictional or otherwise, in any of the proceedings or steps hereinbefore specified, unless it appear that reasonable notice has not been given of the hearing upon the proposed award of damages and assessment and that the award of damages or assessment as made, in so far as it affects the person complaining, is unfair and unjust, and the Council shall have power and authority to remedy and correct all such matters by suitable action and proceedings.

§ 335. SLOPE EASEMENTS, ETC.:

This amendment shall supersede all existing provisions relative to the matter contained herein except the provisions known as the Additional Method of opening streets, but the city council shall have power to proceed according to the general statutes of the state for condemning property for street purposes including the right to slope or fill on adjacent property or to use the same for other purposes connected with the streets or their improvement. The provisions of the foregoing sections may also be applied to the acquisition of rights to slope by trimming off banks or cuts, the right to fill by constructing sloping embankments, and other easements for street purposes upon adjacent property. Nothing contained herein shall affect or impair any proceeding which may now be pending for any street opening, extension or change, but all pending proceedings may be continued to completion in accordance with the law in effect at the time of the commencement thereof, to all intents and purposes the same as if this amendment had not been adopted.

At the time of providing for the issuance of such bonds, the Council shall, subject to the provisions hereof, fix the rate of interest to be paid (which rate shall not exceed five per cent per annum), the dates for redemption of said bonds (which dates shall not be less than three years nor more than thirty years from the date of such bonds), and the portion of said bonds which shall be redeemed each year beginning with the third year from the date thereof, but the bonds designated for redemption in any one year shall not exceed ten per centum of all of the bonds authorized by this act based upon the par value thereof. The Council shall have the right to reject any and all bids and proceed to readvertise when bids are not satisfactory. The proceeds from the sale of such bonds shall be expended by the Council in paying the expense of advertising, issuing and selling the same and in paying seventy-five per cent of the cost of widening, opening, extending and/or altering of streets and/or the cost of lands, rights of way, easements and/or other rights necessary for the purpose of widening, opening, extending and/or altering the following streets:

Seventy-five per cent of the cost of said widening, opening, extending and/or altering of the above named streets shall be paid from the proceeds of the sale of the bonds herein authorized, and twenty-five per cent of such cost shall be paid from the proceeds of special assessments for benefits in the manner and as provided by the charter for the widening, opening, extending and/or altering of streets. In calculating the cost, and as a part of the cost, of acquiring such property, easements and/or rights necessary for such widening, opening, extending or altering of said streets, an amount for engineering, surveying, appraisals, preparation of engineer's reports, advertising and all other necessary and incidental expenses in connection therewith in the proceedings of the City Engineer and the Council, equal to three per cent of the total damages as finally ascertained and determined by the Council shall be authorized to be paid from the proceeds of said bonds. Appeals shall be allowed to the Circuit Court of the State of Oregon for Multnomah County and/or to the Supreme Court of the State of Oregon, as provided by the charter and/or Chapter 294, General Laws of Oregon 1925, by any owner, lessee, mortgagee or other person having an interest in or lien upon the property intended to be appropriated or assessed for such purpose. If upon the determination of such appeals judgments are entered by the court against the City, increasing the cost of acquiring such property, rights of way, easements and/or other rights over the amount allowed by the City Engineer or Council, or decreasing the assessment of benefits against any property assessed for benefits in such proceedings as fixed by the City Engineer or the Council, then the Council is hereby granted further authority to issue and sell additional bonds in the manner and form as above provided up to but not exceeding an amount sufficient to cover such deficit cost as may result from such appeals, and such deficit shall include all costs and expenses taxed on appeals, including the City's expenses for witnesses and other expenses incurred in connection with said appeals. The amount of all of the bonds authorized by this act shall not be counted in calculating the limited indebtedness otherwise applicable to the City of Portland fixed by the charter or the constitution, but shall be excluded from said limitation.

[Amendment of May 21, 1926.]

§ 340. FIRE BOAT AND STATION BONDS:

The Council of the City of Portland is hereby authorized, in the name and under the corporate seal of the city, to issue and sell bonds of the City of Portland, Oregon, in an amount not exceeding Seven Hundred Thirty-five Thousand Dollars (\$735,000.00) of such denomination as the Council may determine and in such form as the Council shall select, with interest coupons attached thereto. A prescribed portion of said bonds, to be designated by the Council, shall be redeemed each year beginning with the third year from the date thereof, but the bonds designated for redemption in any one year shall not exceed 20 per cent of all of the bonds authorized by this section, based upon the par value thereof. Said bonds shall be designated "Fire Boat and Fire Stations, and General Fire Bureau Equipment Bonds of the City of Portland, Oregon, authorized 1926," and shall be advertised for not less than two weeks and sold to the highest responsible bidder but not for less than par and accrued interest. The Council may reject any and all bids tendered for same and proceed to re-advertise when bids are not satisfactory. The proceeds from the sale of the bonds herein provided for shall be expended by the Council in the payment of the cost of constructing and equipping three fire boats and in providing a berth for the same; in the acquisition of land in the City of Portland for and the establishment thereon of a building for a central fire alarm station and the cost of the establishment and equipment of a new fire alarm system and the general extension of the present fire alarm system; the purchase and installation of five hundred fire alarm boxes; the acquisition of land in the City of Portland and the construction thereon of eight buildings for fire stations and the cost of equipping and furnishing of the said fire stations, and the purchase of additional fire equipment, and in the payment of expenses incurred in connection with the purchase, condemnation or development of such real property.

The amount of all of the bonds authorized by this act shall not be counted in calculating the limited indebtedness otherwise applicable to the City of Portland fixed by the charter or the constitution of the State of Oregon, but shall be excluded from said limitations.

[Amendment of November 2, 1926]

The Council shall have power and authority to determine the grade and width of all sidewalks, the material to be used and the specifications for the construction thereof upon any street or part thereof or within any district in said City. If the owner of any lot or part thereof, or parcel of land, shall suffer any sidewalk along the same to become out of repair, it shall be the duty of the City Engineer to post a notice on the adjacent property, headed "Notice to Repair Sidewalk," in letters not less than one inch in length, and said notice shall in legible characters direct the owner, agent or occupant of said property immediately to repair the same in a good and substantial manner, and the City Engineer shall file with the Auditor an affidavit of the posting of such notice, stating the date when and the place where the same was posted. The Auditor shall upon receiving the affidavits of the City Engineer send by mail a notice to repair said sidewalk to the owner (if known) of such property, or to the agent (if known) of the owner, and directed to the postoffice address of such owner or agent, where such postoffice address is known to the Auditor, and if such postoffice address be unknown to the Auditor, such notice shall be directed to such owner or agent at Portland, Oregon. A mistake in the name of the owner or agent, or a name other than that of the true owner or agent of such property shall not render void said notice, but in such case the posted notice shall be sufficient.

[§ 384, 1903 charter.]

§ 113. PERMIT FOR SIDEWALK REPAIRS:

The owner, agent or occupant before making said repairs shall obtain from the City Engineer a permit so to do, which shall prescribe the kind of repair to be made, the material to be used and specifications therefor, and the owner, agent or occupant shall make said repairs within twenty days from the date of posting said notice. If the owner, agent or occupant of any such lot or part thereof or parcel of land shall fail, neglect or refuse to make the sidewalk repairs within the time designated, the City Engineer shall make the same, and keep an accurate account of the cost of the labor and materials in making the repairs in front of each lot or parcel of land, and shall report monthly to the Council the cost of such repairs, and a description of the lot or part thereof or parcel of land fronting on the sidewalk upon which such repairs are made.

[§ 385, 1903 Charter.]

§ 114. COUNCIL AUTHORITY OVER SIDEWALKS; ASSESSMENT FOR SIDEWALK REPAIRS:

The Council shall exercise the same general authority and supervision over sidewalk repairs that it shall have in the matter of street improvements; it shall inspect the reports of sidewalk repairs and the cost thereof made by the City Engineer, and if it deems the same to be reasonable it shall approve the same. The Council shall at least once each year by ordinance assess upon each of the lots or parts thereof or parcels of land fronting upon sidewalks which have been so repaired the cost of making such repairs as approved by the Council and ten per cent additional to defray the cost of notice, engineering and advertising. In each case all such assessments may be combined in one assessment roll and the same shall be entered on the Docket of City Liens and collected in the same manner as is provided for special assessments for street improvements.

[§ 386, 1903 Charter.]

§ 115. ADVANCES FROM GENERAL FUND:

Moneys to repair sidewalks when the repair shall be made by the City Engineer under the charter may, at the discretion of the Council, be advanced from the Gen-

eral Fund to be reimbursed by the special assessment when collected.
[§387, 1903 Charter.]

§ 116. DAMAGES FOR NEGLIGENCE:

It is not only the duty of all owners of land within the City to keep in repairs all sidewalks, constructed or existing in front of, along or abutting upon their respective lots or parts thereof and parcels of land, but such owners are hereby declared to be liable for all damages to whomsoever resulting, arising from their fault or negligence in failing to put any such sidewalk in repair, after the owner or agent thereof has been notified as provided in the charter so to do; and no action shall be maintained against the City of Portland by any person injured through or by means of any defect in any sidewalk.

Whenever the Council shall deem it expedient or necessary to construct or relay any sewer or drain, it shall require from the City Engineer plans and specifications for an appropriate sewer or drain with all necessary catch basins, manholes, lamp-holes and branches; and pursuant thereto, the City Engineer shall prepare two or more sets of plans and specifications for an appropriate sewer or drain, each set of which shall specify a separate and distinct class or kind of sewer pipe, and estimates of the work to be done and the probable total cost of each style of construction and the City Engineer shall file such plans, specifications and estimates in the office of the Auditor; provided, however, that if there shall be specified in any portion of said sewer or drain a type of construction other than sewer pipe, the City Engineer may prepare only one or more sets of plans and specification and estimates of separate and distinct styles of construction for such portion of said sewer or drain. If the Council shall find said sets of specifications, plans and estimates to be satisfactory, it shall approve the same and shall determine the boundaries of the district benefited and to be assessed for such sewer or drain and the action of the Council in the creation of such assessment district shall be final and conclusive. The Council shall, by resolution, declare its purpose to construct said sewer or drain, describe the location thereof and include therein the City Engineer's estimate of the probable cost thereof according to each of said plans and specifications, and define the boundaries of the assessment district to be benefited and assessed therefor. Upon the passage of said ordinance, the Council without delay, shall give notice by publication of not less than five successive days in the City Official Newspaper, inviting proposals for the construction, repair or relaying of said sewer in accordance with the City Engineer's sets of specifications, plans and estimates. The Council shall have power and authority to specify the kind or class of sewer to be constructed and shall exercise the same power, authority and supervision in the advertising for bids, awarding of contracts, and the supervision and accepting of the work as is delegated to said Council in the matter of street improvements so far as consistent with the provisions of this article.

The provisions of this article shall not apply to proceedings for the laying of any sewer commenced prior to the adoption of this amendment, and all such proceedings shall be completed in accordance with the provisions of the Charter in force at the time of their commencement, and for such purpose all provisions of the Charter of the City of Portland repealed by this article shall be in force and effect.

§ 130. IMPROVEMENT BY PERMIT.

§ 131. KINDS OF IMPROVEMENTS CLASSIFIED; STREET REPAIRS.

§ 132. COUNCIL'S POWER; STREET SURFACES.

§ 122. DEFINITION OF TERMS "IMPROVE" AND "IMPROVEMENT."

The terms "improve" and "improvement" as used in the Local Improvement Code in reference to streets shall be construed to include all grading or regrading, paving or repaving, planking or replanking, macadamizing or remacadamizing, graveling or regrading, and all manner of bridge work and roadway improvement or repair and all manner of constructing sidewalks, crosswalks, gutters and curbs within any of the streets in the City of Portland, or any part of any such street.

[§373, 1903 Charter.]

§ 123. PROCEDURE FOR IMPROVEMENTS:

The Council, whenever it may deem it expedient is hereby authorized and empowered to order the whole or any part of the streets of the City to be improved, to determine the character, kind and extent of such improvement, to levy and collect an assessment upon all lots and parcels of land specially benefited by such improvements, to defray the whole or any portion of the cost and expense thereof and to determine what lands are specially benefited by such improvement and the amount to which each parcel or tract of land is benefited.

In the improvement of a street or streets with gravel or macadam, suitable tiling shall be laid for drainage and the said gravel or macadam shall be laid in such a manner that the surface of the street shall be not to exceed three (3) inches below the established grade so as to admit of a hard surface covering.

The Council, in improving any street or streets or any part or parts thereof, within a district that includes paving, shall require from the City Engineer plans, specifications and estimates for two or more kinds of appropriate improvements, at least one of which must be of a non-patentable kind, and the probable total cost of each class of improvement, and the City Engineer shall file such plans, specifications and estimates in the office of the Auditor of the City of Portland. If the Council shall find such plans, specifications and estimates to be satisfactory, it shall approve the same and shall determine the boundaries of the district benefited and to be assessed for such improvement and the action of the Council in the creation of such assessment district shall be final and conclusive. The Council shall by reso-

The action of the Council in declaring its intention to improve any street or streets or any part or parts thereof, approving and adopting the plans, specifications and estimates of the City Engineer, and determining the district benefited and to be assessed thereby, may all be done at one and the same meeting of the Council.

Upon the passage of said resolution by the Council, the Auditor shall without delay give notice by publication for not less than five successive days in the City Official Newspaper, inviting bids for making said improvement; each bid submitted must be accompanied by a certified check equal in amount to ten per cent (10%) of the amount of the bid. When such bids are received and the amount of the lowest responsible bid for each kind or class of improvement has been ascertained, the Council shall, by resolution, determine the character of the improvement to be laid and the lowest responsible bid, and direct the Auditor to publish a notice declaring its intention of making such improvement, describing the same, defining the boundaries of the district to be benefited and assessed therefor and the amount of the lowest responsible bid submitted for such improvement. Upon the passage of said resolution, the Auditor of the City of Portland is hereby authorized to return to the respective bidders the checks submitted with their bids, except the check accompanying the bid submitted for the improvement selected, which shall be held until such time as a remonstrance is filed, sufficient to defeat said improvement, a contract and bond executed, as provided by law, or ordered returned by the Council.

Within twenty days from the date of the publication of the notice of the determination of the Council of the character of the improvement and the lowest responsible bidder, the owners of three-fifths or more in area of the property within such assessment district may make and file with the Auditor a written objection to or remonstrance against said proposed improvement, and said objection or remonstrance shall be a bar to any further proceedings in the making of such improvement for a period of six months unless the owners of one-half or more of the property affected as aforesaid shall subsequently petition therefor: Provided, that if any such objection, monstration or petition the written authority for such agent or attorney to sign any owner, there shall be filed with the Auditor within the time provided for such remonstrance or petition the written authority for such agent or attorney to sign any such remonstrance, or petition, otherwise the signature shall be disregarded.

If no such objection or remonstrance be made and filed with the Auditor within the time designated, or if any remonstrance filed is not legally signed by the owners of three-fifths of the property affected, the Council shall be deemed to have acquired jurisdiction to order the improvement to be made, and the Council may thereafter and within three months from the date of the final publication of its previous resolution by ordinance provide for making said improvement, which shall conform in all particulars to the plans and specifications previously adopted.

When the Council shall, by ordinance, provide for making an improvement, the City shall be deemed to have appropriated and acquired ownership of all earth above grade and within the street lines for said improvement and no private ownership shall thereafter be claimed in said earth.

Upon the passage of said ordinance the Council shall without delay enter into a contract with the aforesaid lowest bidder, as determined by said Council. The Council shall have the power to impose such conditions upon bidders with regard to bonds and securities, and guarantees of the good faith and responsibility of bidders, for insuring the faithful completion of the work in strict accordance with the specifications therefor, and to make all rules and regulations in the letting of contracts that may be considered by the said Council as advantageous to the City. It shall be the duty of the Council to fix the time in which every such improvement shall be completed and it may extend such time should the circumstances warrant, and the said Council shall have the power and authority to make all written contracts, to provide for the proper inspection and supervision of all work done under the pro-

visions of this article and to do any other act to secure the faithful carrying out of all contracts, and the making of improvements in strict compliance with the ordinances and specifications thereof.

The Council shall have the power and authority in providing for any street improvement to provide for placing in the street, where said improvement is to be made, all necessary service pipes for water, gas, heat, power, sewerage, or any other purpose, and all conduits for electric wires or other purposes, that are or may thereafter be necessary.

The Council shall also have the power and authority to provide that no opening of any street surface shall be made without first obtaining a permit therefor. The Council shall have the power to prescribe and enforce all rules regulating the opening of street surfaces in all streets of the City, which it may deem necessary to secure the replacing of the street in good condition.

The provisions of this article shall not apply to street improvement proceedings commenced prior to the adoption of this amendment, and all such proceedings shall be completed in accordance with the provisions of the Charter in force at the time of their commencement, and for such purpose all provisions of the Charter of the City of Portland repealed by this Section shall be in force and effect.

[§376, 1903 Charter.]

§ 126. REMONSTRANCES:

Within twenty days from the date of the first publication of the notice required to be published in the preceding section, the owners of sixty per centum or more in area of the property within such assessment district may make and file with the Auditor a written objection to or remonstrance against said proposed improvement, and said objection or remonstrance shall be a bar to any further proceedings in the making of such improvement for a period of six months unless the owners of one-half or more of the property affected as aforesaid shall subsequently petition therefor; provided, that if any such objection, remonstrance or petition shall be signed by the agent or attorney of any property owner, there shall be filed with the Auditor within the time provided for such remonstrance or petition the written authority for such agent or attorney to sign any such remonstrance or petition, otherwise the signature shall be disregarded.

Such contract or contracts shall be let to the lowest responsible bidder for either the whole of said improvement or such part thereof as will not materially conflict with the completion of the remainder thereof, but the Council shall have the right to reject any or all proposals received. Whenever any street improvement, or the construction, reconstruction, or repair of any sewer, any part of the cost of which is to be assessed upon the property benefited thereby, is completed in whole, or in such part that the cost of the whole can be determined, the City Engineer shall certify to the Auditor the accuracy of the original estimate of the work to be done, or if, in progress of the work it has been found necessary to make any alteration in said estimated work for any cause whatsoever, the City Engineer shall file a corrected estimate in detail of such work, and the Auditor shall apportion the cost thereof (except the share to be paid in case of street improvement by railroad or street railway companies, by reason of their use of the streets) upon the lots, parts of lots, and parcels of land benefited thereby and within the assessment district. The contract price based upon the esti-

mate of the City Engineer, the costs of rights of way and expenses of condemning land, and a sum not to exceed five per cent of the contract price as the cost of advertising, engineering, and superintendence, shall be deemed to be the cost of every sewer or street improvement. When the Auditor has ascertained what he may deem a just apportionment of said cost, in accordance with the special and peculiar benefits derived by each lot, or part thereof, and parcel of land, the same shall be a proposed assessment, and the Auditor shall give notice of the same by publication for five consecutive insertions in the City Official Newspaper, therein specifying the improvement or sewer for which said proposed assessment is apportioned, the whole cost of such improvement or sewer, the boundaries of the district to be assessed therefor, that said proposed assessment has been apportioned and is on file in the office of the Auditor and subject to examination, and also that any objection to such apportionment that may be made in writing to the Council and filed with the Auditor within ten days from the first publication of such notice will be heard and determined by the Council before the passage of any ordinance assessing the cost of said improvement or sewer. It shall also be the duty of the Auditor forthwith to send by mail, postpaid, a notice of the share so apportioned to each lot or part thereof, or parcel of land, stating the time within which objections to such apportionment may be made in writing to the Council and filed with the Auditor, to the owner (if known) of each lot, or part thereof, or parcel of land, or to the agent of such owner, directed to the postoffice address of such owner or agent, when such postoffice address is known to him, and if such postoffice address be unknown to him, then such notice shall be directed to such owner or agent at Portland, Oregon.

[§394, 1903 Charter as Amended June 5, 1905.]

§ 134. ASSESSMENT OF BENEFITS:

After the time specified in said notice has elapsed, the Council shall consider said proposed assessment and all objections made thereto, and shall have the power, at its discretion and without any further notice, to consider, ascertain, and determine the amount of the special and peculiar benefits accruing to each lot, or part thereof, or parcel of land so assessed, by reason of the construction, reconstruction, or repair of said sewer, or of the improvement of said street or part thereof, and if the amount apportioned by the Auditor to any lot or part thereof, or parcel of land shall not be in just proportion to such benefits, the assessment against such lot, or part thereof, or parcel of land shall be so reduced or increased by the Council that it shall be in just proportion to such benefits; but in no case shall any such assessment exceed such benefits. The assessment roll shall then be numbered and the Council shall declare said assessment by ordinance, which shall designate the improvement or sewer for which the assessment is levied, the number of the assessment roll, and the whole cost of said improvement or sewer, but such assessment need not be set out at large in said ordinance.

[§395, 1903 Charter as Amended June 5, 1905.]

§ 135. ASSESSMENTS CONFIRMED:

Each lot or part thereof or parcel of land shall be deemed to be benefited by the sewer construction, reconstruction or repair or street improvement, as the case may be, to the full amount of the assessment levied thereon.

[§396, 1903 Charter.]

§ 136. MISTAKES IN PROCEEDINGS:

No such assessment shall be held invalid by reason of failure to enter the name of the owner of any lot or part of a lot or parcel of land so assessed or by a mistake in the name of the owner, or the entry of a name other than the name of the owner, in said assessment, or in any acts or proceedings connected therewith, and no delays, mistakes, errors, or irregularities in any act or proceeding in the improvement of a street or the construction of a sewer or drain shall prejudice or invalidate any final

assessment, but the same may be remedied by subsequent and amended acts or proceedings.

[§397, 1903 Charter.]

§ 137. DOCKETING AND PUBLICATION OF ASSESSMENT:

When an assessment has been declared by ordinance it shall be the duty of the Auditor to enter a statement of said assessment in the Docket of City Liens, to furnish a copy of said assessment to the City Treasurer, and to give notice of said assessment by publishing for five consecutive insertions in the City Official Newspaper, a notice which shall specify the improvement or sewer for which said assessment is levied, the whole cost of said improvement or sewer, the boundaries of the district assessed, the number and title of the ordinance declaring the said assessment, that the same is due and payable, the time when said assessment shall bear interest, and the time when the same shall be delinquent, and to send by mail to each person whose property is assessed, or to his agent, a notice of said assessment, when the postoffice address of such person or his agent is known to the Auditor, and if such postoffice address be unknown to the Auditor, such notice shall be directed to such person or agent at Portland, Oregon.

[§405, 1903 Charter as Amended June 5, 1905.]

§ 138. DOCKET OF CITY LIENS:

The Docket of City Liens is a book in which must be entered the following matter in relation to special assessments for local improvements: The date of the entry, the number or letter of each lot assessed and the number or the letter of the block of which it is a part, and a description of each unplatted tract or parcel of land, the sum assessed upon each lot or part thereof, or tract of land, and the name of the owner, or that the owner is unknown; provided, that failing to enter the name of the owner or mistake in the name of the owner, or the entry of a name other than that of the true owner in such lien docket, shall not render void any assessment, nor in any way affect the lien of the City of Portland on the property described in such lien docket.

[§406, 1903 Charter.]

§ 139. LIEN OF ASSESSMENT; PAYMENT:

The Docket of City Liens is a public writing, and from the date of the entry therein of an assessment the sum as entered is hereby declared to be a tax levied and a lien upon such lot, part thereof, or tract of land, which liens shall have priority over all other liens and incumbrances whatsoever thereon, and the sum or sums of money assessed for any local improvement, entered upon such lien docket, shall be due and payable from the date of such entry, and if not paid, or bonded as provided by law, within ten days from the date of such entry, thereafter the same shall be delinquent and shall bear interest at the legal rate.

[§407, 1903 Charter.]

§ 140. PAYMENT BY LIEN CREDITOR:

When an assessment upon any lot or part thereof becomes delinquent, any person having a lien thereon by judgment, decree or mortgage, or having purchased the same for any delinquent tax or assessment, may at any time before the sale of such lot or part thereof, pay the same, and such payment discharges the property from the effect of the assessment, and the amount of such delinquent taxes and all accruing costs and charges, if any, when so paid, is thereafter to be deemed a part of such lien creditor's judgment, decree, mortgage or tax lien, as the case may be, and shall bear interest and may be enforced and collected as a part thereof.

If the holder of any tax lien or claim pays off such assessment he may thereafter present the receipt to the officer who shall have charge of the tax roll or docket containing the record of the tax sale at which he purchased such property, and thereupon such officer shall make a note of the amount of such assessment so

paid by such purchaser, and shall exact repayment thereof, together with interest as above prescribed, from any person making redemption from such sale, and no redemption shall discharge the property from the effect of such sale which shall not include the amount of such assessment paid by the purchaser after the purchaser shall have presented the receipt as above prescribed.

[§408, 1903 Charter.]

§ 141. OWNER—WHAT IS:

Whenever any lot or part thereof, or tract of land is sold for a delinquent assessment for a street improvement, and afterwards sold for a deficit in such assessment, as in the Charter provided, to any person other than the purchaser at the first sale, or his successor in interest, said purchaser at such first sale is to be deemed an owner within the meaning of the Charter.

[§409, 1903 Charter.]

§ 142. ASSESSMENT—WHERE PAID:

All such assessments shall be paid to the Treasurer, who shall file duplicate receipts therefor with the Auditor, and the Treasurer shall keep all money collected upon each assessment in a separate fund, and the same shall not be used for any purpose other than that for which it is levied and collected.

[§410, 1903 Charter.]

§ 143. DELINQUENTS:

If within thirty days from the date of the entry of an assessment in the Docket of City Liens, the sum assessed upon any lot or part thereof or tract of land is not wholly paid to the Treasurer, and a duplicate receipt filed therefor with the Auditor or bonded as provided by law, the Auditor shall thereafter prepare and transmit to the Treasurer a list in tabular form, made up from the Docket of City Liens, describing each assessment which is delinquent, the name of the person to whom assessed, and a particular description of the property, the amount of the assessment due, and other facts necessary to be given.

[§411, 1903 Charter.]

§ 144. SALE FOR UNPAID ASSESSMENTS:

The Treasurer shall thereupon proceed to collect the unpaid assessments named in such list by advertising and selling such lots or tracts in the manner now provided by law for the sale of real property on execution except as herein otherwise provided. Each piece or tract of land shall be sold, separately, and for a sum equal to but not exceeding the unpaid assessment thereon and the interest and cost of advertising and sale; and where there shall be more than one bid the land shall be sold to the bidder offering to take the same for the least amount of penalty and interest. Competition shall be, first, upon the penalty for the first period; second, upon the penalty for the succeeding periods; third, upon the rate of interest. A sale of real property under the provisions of the Charter conveys to the purchaser subject to redemption as herein provided, all estates, interests, liens or claims therein or thereto of any person or persons whomsoever, together with all rights and appurtenances thereunto belonging. No levy upon such lots or parcels of land shall be required except that a notice shall be posted four weeks before said sale upon every lot or parcel assessed to an unknown owner.

[§412, 1903 Charter as Amended June 3, 1907.]

§ 145. RECEIPTS OF TREASURER:

The Treasurer shall enter in columns provided for that purpose in the list transmitted to him by the Auditor the date of the sale, the name of the purchaser, the amount paid for each parcel of property sold. The Treasurer shall give a receipt to each person paying an assessment on said delinquent list prior to the sale thereof,

and such receipt must state separately the assessment, interest and costs collected, and a duplicate of said receipt shall be filed with the Auditor.

[§413, 1903 Charter.]

§ 146. PAYMENTS IN LAWFUL MONEY:

Real property when sold for, or to satisfy a delinquent assessment or tax, must be sold for lawful money of the United States, and not otherwise; and any one applying or seeking to redeem property so sold as in the Charter provided, must pay or offer to pay the sum necessary in such lawful money, and not otherwise.

[§414, 1903 Charter.]

§ 147. CERTIFICATE OF SALE:

The Treasurer shall immediately after having sold any real property upon such list, make and deliver to the purchaser a certificate of sale of the property so sold, setting forth therein the object for which the sale was made, a description of the property sold, a statement of the amount it sold for, the improvement for which the assessment was made, the year in which the tax was levied, the amount of such tax or assessment, the name of the purchaser, and that the sale is made subject to redemption within three years from the date of the certificate, and then deliver such certificate to the purchaser.

[§415, 1903 Charter.]

§ 148. TREASURER'S RETURN; UNSOLD PROPERTY:

The Treasurer shall within three days after sale return to the Auditor the said delinquent list with all collections and sales noted thereon, and the Auditor shall thereupon make proper entries thereof in the Docket of City Liens. Thereafter no transfer or assignment of any certificate of purchase of real property sold under the provisions of the Charter shall be deemed valid unless an entry of such transfer or assignment shall have been noted by the Auditor in said lien docket. In case any property shall remain unsold upon such sale, the same may be again, at the discretion of the Auditor, offered for sale in like manner, but not sooner than three months after the expiration of any sale, except that in the matter of an assessment for the opening, widening, laying out or establishing of a street, proceedings for such sale may be taken immediately.

[§416, 1903 Charter.]

§ 149. REDEMPTION:

The owner, or his legal representatives, or his successor in interest, or any person having a lien by judgment, decree or mortgage, or owner of a tax lien, on any property so sold may redeem the same upon the conditions provided as follows:

Redemption of any real property sold for a delinquent assessment under the provisions of the Charter may be made by paying to the Auditor at any time within three years from the date of the certificate of sale the purchase price and ten per cent thereof as penalty, and interest on the purchase price at the rate of ten per cent per annum, from the date of such certificate. Where redemption shall be made by the holder of a tax lien he shall have the right to have such redemption noted upon the record of his lien in like manner and with like effect as hereinafter prescribed. Provided, however, that if redemption be made within three months from the date of sale, the penalty to be paid shall be five per cent. Such redemption shall discharge the property so sold from the effect of such sale and, if made by a lien creditor, the amount paid for the redemption shall thereafter be deemed a part of his judgment, decree, mortgage or tax lien, as the case may be, and shall bear like interest, and may be enforced and collected as a part thereof.

[§417, 1903 Charter.]

§ 150. DEED; EFFECT THEREOF:

After the expiration of three years from the date of such certificate, if no redemption shall have been made, the Treasurer shall execute to the purchaser, his heirs or assigns, a deed of conveyance, containing a description of the property sold, the date of the sale, a statement of the amount bid, of the improvement for which the assessment was made, of the year in which the assessment was levied, that the assessment or tax was unpaid at the time of sale, and that no redemption has been made, and need contain no further recital of the proceedings prior to the sale. And the effect of such deed shall be to convey to the grantee therein named the legal and equitable title in fee simple to the real property in such deed described. And such deed shall be prima facie evidence of title in such grantee, and that all proceedings and acts necessary to make such deed in all respects good and valid have been had and done, and such prima facie evidence shall not be disputed, overcome or rebutted, or the effect thereof avoided, except by satisfactory proof of either—

1. Fraud in making the assessment, or in the assessment or collection of the tax.
2. Payment of the assessment or tax before sale, or redemption after sale.
3. That payment or redemption was prevented by fraud of the purchaser, or
4. That the property was sold for an assessment or tax for which neither said property nor the owner thereof, at the time of sale, was liable, and that no part of the assessment or tax was assessed or levied upon the property sold.

[§418, 1903 Charter.]

§ 151. LIMITATION OF ACTIONS THEREON; TENDER OF TAX:

Every action, suit or proceeding which may be commenced for the recovery of land which shall have been sold by the Chief of Police or by the City Treasurer of said City, or by the Chief of Police of the late City of Albina, Oregon, or by the City Marshal of the late City of East Portland, Oregon, for any assessment or tax, or to quiet the title of the former owner, or his successors in interest against such sale, or to set aside such sale, or to remove the cloud thereof, except in cases where the assessment or tax for which the land has been sold was paid before the sale, or the land redeemed as provided by law, shall be commenced within three years from the time of recording the deed executed by the Chief of Police or by the City Treasurer or Marshal, and not thereafter. And in any such action, suit or proceeding, whether before or after the issuance of the deed, the party claiming to be the owner as against the party claiming under such sale, must tender with his first pleading in such case and pay into court at the time of filing such pleading the amount of the purchase price for which the lands were sold by the Chief of Police or City Treasurer or Marshal, together with the penalties prescribed by law at the time of such sale, and of all taxes and assessments levied or made upon or against the land, or any part thereof, which shall have been paid after such sale by the purchaser at such sale, or his heirs or assigns, together with interest thereon at the rate of ten per cent per annum from the respective times of the payment of such purchase price, taxes and assessments by said purchaser, or his heirs or assigns, as the case may be, up to the time of the filing of such pleading to be paid to such purchaser, his heirs or assigns, in case the right or title of such purchaser at such sale shall fail in such action, suit or proceeding.

[§419, 1903 Charter.]

§ 152. NOTICES—FAILURE IN, NOT FATAL:

No record need be kept of the mailing of any notice in this ordinance prescribed, and the failure to mail or a mistake in the mailing of, or a mistake in, any such notice shall not be fatal when notice is posted or published as herein required.

[§420, 1903 Charter.]

153. LIABILITY OF THE CITY AND ITS OFFICERS FOR EXPENSE OF STREET WORK:

Neither the City of Portland nor any officer thereof shall be liable for any portion of the cost or expense of any street work or improvement, or the construction or repair of any sewer or drain, which is assessed upon the property benefited thereby, by reason of the inability of the City of Portland to collect assessments levied for the payment of such work, improvement, sewer or drain, but the contractors doing such work shall be required to rely solely upon the fund accruing from the property benefited, assessed and liable therefor; and the said contractor shall not require nor compel the City of Portland by any legal process or otherwise to pay the same out of any other fund, except in cases where for any reason such assessment shall be invalid.

[§421, 1903 Charter.]

§154. ASSESSMENT FOR DEFICIT:

If upon the completion of any improvement of a street or construction of a sewer, it is found that the sum assessed therefor is insufficient to defray the cost thereof and the amount charged to any lot or part thereof or tract of land is less than the benefits accruing thereon, the Council must ascertain the deficit and by ordinance reassess the land so benefited in excess of the original assessment. When the assessment for said deficit is so levied the Auditor must enter the same in the Docket of City Liens in a column reserved for that purpose in the original entry, with the date thereof, and such deficit shall thereafter be a lien upon such lot or part thereof, or parcel of land, in like manner and with like effect as in case of the sum originally assessed, and shall also be payable and may be collected in like manner and with like effect as the original assessment.

[§398, 1903 Charter.]

§ 155. SURPLUS:

If, upon the completion of any improvement of a street or construction of a sewer, it is found that the sum assessed upon any lot or part thereof, or parcel of land, is more than the amount properly chargeable thereto, the Council must ascertain and declare the surplus in like manner as in the case of a deficit; when so declared it must be entered as in case of a deficit in the Docket of City Liens. Thereafter the person who paid such surplus, or his legal representative, heirs or assigns, is entitled to repayment of the same by warrant on the City Treasury, payable out of the fund raised for such improvement.

[§399, 1903 Charter.]

§ 156. REASSESSMENT:

Whenever an assessment for the opening, altering or grading of any street, or construction, reconstruction or repair of any sewer, or for any local improvement which has been or may hereafter be made by the City, has been or shall hereafter be set aside, annulled, declared or rendered void, or its enforcement refused by any court of this state, or any federal court, having jurisdiction therein, whether directly or by virtue of any decision of such court, or when the Council shall be in doubt as to the validity of such assessment or any part thereof, the Council may, by ordinance, make a new assessment or reassessment upon the lots, blocks or parcels of land which have been benefited by such improvement to the extent of their respective and proportionate shares of the full value thereof. Such reassessment shall be based upon the special and peculiar benefit of such improvement, to the respective parcels of land assessed, at the time of its original making, but shall not exceed the amount of such original assessment. Interest thereon from the date of delinquency of the original assessment may be added at the discretion of the Council. Such reassessment shall be made in an equitable manner, as nearly as may be in accordance with the law in force at the time it is made. But the Council may

adopt a different plan of apportionment of benefits when in its judgment essential to secure an equitable assessment. The proceedings required by the Charter to be had prior to the making of the original assessment shall not be required to be taken or had within the intent of this Section. Such reassessment shall be made and shall become a charge upon the property upon which the same is laid, notwithstanding the omission, failure or neglect of any officer, body or person to comply with the provisions of the Charter connected with or relating to such improvement and assessment and notwithstanding the proceedings of the Council, or any officer, contractor or other person connected with such work may have been irregular or defective, whether such irregularity be jurisdictional or otherwise. Such reassessment shall not be made in case of a street improvement wherein a remonstrance sufficient in law to defeat the same shall have been filed. The Council shall by resolution declare the district that will be benefited by the improvement for which the reassessment is made and shall direct the Auditor or City Engineer to prepare a preliminary assessment upon the property included therein within a time to be fixed by said resolution. Upon the passage of such resolution the Auditor shall, as soon thereafter as such reassessment is prepared, give notice by ten successive publications in the City Official Newspaper that such assessment is on file in his office, giving the date of the passage of the resolution directing the making of the same and the time at which the Council will hear and consider objections to said assessment by parties aggrieved thereby, and warning such persons not to depart until such reassessment has been completed. The Auditor shall forthwith mail to the owner of each lot or part thereof or tract of land affected by such assessment, or to his agent, if the postoffice address of either be known to the Auditor, a notice of such assessment; and if such postoffice address be unknown, then such notice shall be directed to such owners or agent at Portland, Oregon. The owner or owners of any property which is assessed on such assessment, or any person having an interest therein, may within ten days from the last publication herein provided, file with the Auditor their objections in writing to such assessment. At the time appointed in such notice the Council shall hear and determine all objections which have been filed by any party interested. The Council shall have power to adjourn such hearing from time to time and shall have the power, in its discretion, to revise and correct, or to set aside and order the remaking of such assessment, and shall pass an ordinance approving and confirming such reassessment as corrected and remade by it, and such decision shall be a final determination of the regularity, validity and correctness of the reassessment, except as herein otherwise provided. When said reassessment is completed and confirmed it shall be entered in the Docket of City Liens and shall be enforced and collected in the same manner that other assessments for local improvements are enforced and collected under the Charter and the laws governing the City. All sums paid upon the former assessment shall be credited to the property on account of which the same were paid, as of the date of such payment. And when it has been attempted to sell property for any assessment and such sale is found or declared void, upon the making of the reassessment the property shall be resold and the proceeds of such sale shall be paid to the purchaser at the former void sale or his assigns. But no proceedings shall be instituted for such reassessment unless within ten years of the passage of the resolution of intention for the making of the original work, improvement or repair.

[§400, 1903 Charter.]

§ 157. APPEAL THEREFROM:

Any person who has filed objections to such new assessment or reassessment which have not been satisfied by the amendments made by the Council may appeal to the Circuit Court of the State of Oregon for the County of Multnomah from the assessment against any property owned by him, or in which he has an interest. An appeal shall be taken by serving notice of appeal within twenty days from the passage of the ordinance adopting the assessment as amended, upon the Mayor, Auditor or City Attorney, and filing the same, with the proof of service, together with an

undertaking with one or more sureties, who shall have the qualifications of sureties on appeal from the Circuit Court to the Supreme Court, and if excepted to shall justify in like manner, conditioned that such appellant will pay all costs and disbursements that may be awarded against him an appeal, not exceeding five hundred dollars. Such bond and notice of appeal shall be filed within twenty days from the service of such notice in the office of the Clerk of said Circuit Court, together with a copy of the reassessment, so far as the same affects the property of the appellant. Any number of persons may join in such appeal, and the only question to be determined therein shall be the amount of special benefits equitably to be assessed against the property of each person joining in said appeal. The jury shall view the property assessed, and its verdict shall be a final and conclusive determination of the question. On such appeal the fact that one called as a juror is a taxpayer of the City of Portland shall not disqualify him from acting as such juror. The City shall be considered the plaintiff and such appeal shall be conducted and be heard and determined as far as practicable in the same manner as an action at law.

[§401, 1903 Charter.]

§ 158. JUDGMENT; COST AND FEES:

If the amount assessed by the jury against any appellant be not less than that fixed in the assessment appealed from, the judgment, in addition to declaring the assessment found, shall be entered against such appellant and his sureties for his proportion of the costs of such appeal. The same fees and costs shall be taxed and paid upon such appeal as are allowed in other actions.

[§402, 1903 Charter.]

§ 159. PROCEEDINGS UNDER PREVIOUS CURATIVE CLAUSE:

No actions, suits or proceedings pending at the time of the enactment of the Charter, brought or depending upon Section 156 of "An Act to Incorporate the City of Portland and to Provide a Charter Therefor and to Repeal all Acts or Parts of Acts in Conflict Therewith," filed in the office of the Secretary of State, October 17, 1898, shall be in any wise affected by the repeal of said Section, or its omission from the Charter, but said Section shall be deemed still in effect as to such actions, suits or proceedings so pending until the final determination thereof.

[§403, 1903 Charter.]

§ 160. PROCEEDINGS PRESUMED REGULAR:

In any action, suit or proceeding in any court concerning any assessment of property or levy of taxes authorized by the Charter, or the collection of such tax or proceeding consequent thereon, such assessment, levy, consequent proceeding, and all proceedings connected therewith shall be presumed to be regular and to have been duly done or taken until the contrary is shown.

[§404, 1903 Charter.]

§ 161. BONDED ASSESSMENTS ON TRACTS OF LAND; SUBDIVISION OF ASSESSMENTS:

In case a tract or parcel of land is bonded for any public improvement, the Council is authorized upon a written application when such tract is afterwards subdivided to apportion the lien of indebtedness standing against the whole tract, upon the different lots and is authorized to release a lot or lots upon the payment or rebonding from all liens except the amount thus apportioned against such lot or lots.

[§383B, 1903 Charter.]
