## 44 Access to Health Care - Printable Version - Edit Content

### Increase the percentage of people who have access to basic healthcare.

In 2007, 84% of Multnomah County residents surveyed reported having some kind of health insurance. This represents a decline of 3 percentage point decrease in the past five years since the county-level survey data became available in 2002. Health insurance coverage has returned to pre-Oregon Health Plan levels -- which stood at 84% in 1994 -- the year of the Plan's inception.
