Name(s) of Reviewer(s)		Date	

NOTE: All questions that address requirements contain the citation for the source of the requirement (statute, regulation, NOFA, or grant agreement). If the requirement is not met, HUD must make a finding of noncompliance. All other questions (questions that do not contain the citation for the requirement) do not address requirements, but are included to assist the reviewer in understanding the grantee's program more fully and/or to identify issues that, if not properly addressed, could result in deficient performance. Negative conclusions to these questions may result in a "concern" being raised, but not a "**finding.**"

Instructions: This Exhibit is designed to review the quality of the housing, including habitability standards, client supervision, due process for terminations, and client rent calculations. Follow the sampling guidance in Section 12-3 of the introduction to this Chapter.
