

## ORDINANCE No. 183955

\* Authorize the City to fund regional CivicApps contest prize awards and related expenditures (Ordinance)

The City of Portland ordains:

Section 1. The Council Finds:

1. On September 30, 2009, City Council adopted Resolution No. 36735 Regional Technology Community Mobilization and Expansion, which, among other things, authorized the creation of a regional software application design contest and open data initiative.
2. The resulting contest, called CivicApps for Greater Portland (the "Contest") consists of two phases: an Ideas Challenge phase and Apps Challenge phase, the latter of which involves two separate rounds of software application development.
- 3.. The Contest and related Open Data Initiative are collaborative efforts involving the City of Portland, TriMet, Metro, Multnomah County, Portland Public Schools, Portland State University, and Clackamas and Washington Counties;
4. Contest goals include promoting collaboration, improving transparency and efficiency in local government, and raising the visibility of talented software companies and developers in the Portland region;
5. The impact of previous applications contests on local economies is estimated to be in the millions of dollars, based on published accounts of Washington DC's "Apps For Democracy" and New York City's "Big Apps" contests;
6. Pursuant to the published rules of the Contest, available at <http://www.civicapps.org/about/official-rules>, the City of Portland has the right to use applications developed for the Contest at no cost to the City;
7. The City's published prize awards for the CivicApps Contest total \$25,900 as determined by event organizers from the City and Community Planning Committee;
8. The total value of published prize awards for the Civic Apps Contest is within a range of prize totals awarded for applications contests held in other cities, such as Washington, D.C. (\$50,000) and New York City (\$20,000);
9. Sponsorship funding supports all Contest prize cash awards and related activities such as collaborative coding events and public award ceremonies.
10. To date, committed sponsors of the Contest consist of a variety of private, public, and non-profit organizations that have agreed to contribute cash and/or in-kind services; sponsors include: Microsoft Corporation, Capybara Ventures, the Software Association of Oregon, Oregon Entrepreneurs Network, Portland Development Commission, TriMet, NedSpace, Portland Ten, Swider Medeiros, Haver, LLP;
11. The need to augment any single cash donation from a sponsor that does not fully cover published prize award target amounts.
12. The need to ensure published prize awards on the CivicApps.org website are fully honored with winning participants.

NOW, THEREFORE, The Council Directs:

a. The City CTO, Bureau of Technology Services, is hereby authorized to cover any remaining costs associated with prize awards or related event expenditures resulting from the CivicApps Contest.

Section 2. The Council declares that an emergency exists in order to avoid any delays in payments to award winners; therefore, this Ordinance shall be in full force and effect from and after its passage by Council.
