

**ORDINANCE NO. 184243**

Authorize a contract and provide payment for construction of the Westside Header Relocation Phase 2 Project (Ordinance)

The City of Portland ordains:

Section 1. The Council finds:

1. The Water Bureau requires the construction of the Westside Header Relocation Phase 2 Project in order to improve system reliability, increase redundancy, and decrease system vulnerability.
2. This project is a continuation of the work begun under a previous project (Westside Header Relocation Phase 1) to relocate an existing 24" Transmission Main in SW Moody Ave and replace it with a 36" welded steel pipe. The existing pipe is located close to the river, in liquefiable soils and is not fully restrained. By relocating this significant facility farther away from the river and by replacing it with fully restrained welded steel pipe, the Water Bureau will greatly reduce the likelihood of failure in the event of seismic activity. This facility connects the downtown river crossings, providing flexibility to reroute water should one of the river crossings be out of service for any reason.
3. The engineer's estimate for this project is \$6,224,000 with a High Confidence Rating.
4. Funding for a portion of this project is included in the Bureau's FY 2010-11 Budget and additional funding will be requested in the FY 2011-12 and 2012-13 Budgets.

NOW, THEREFORE, the Council directs:

- a. Upon the Council's acceptance of the Chief Procurement Officer's report recommending the lowest responsible bidder, the Chief Procurement Officer is authorized to negotiate and execute a contract, provided the contract has been approved as to form by the City Attorney's office.
- b. The Mayor and Auditor are hereby authorized to draw and deliver checks chargeable to the Water Fund Account 563300 when demand is presented and approved by the proper authorities.

Passed by the Council, NOV 17 2010

Commissioner Leonard  
G. Scott Bryan  
October 18, 2010
