

YOU'RE INVITED...

...to join the City of Portland at a community meeting about the Resource Access Center (RAC).

Set to open in the summer of 2011, the RAC will provide vital community resources and services to people experiencing homelessness.

In addition to a day center and a 90-bed men's shelter managed by Transition Projects, the Housing Authority of Portland (HAP) will manage 130 apartments for our most vulnerable residents.
